Timeless Devotional Poetry Elizabeth McCallum Marlow,2020-03-19 This anthology covers thirteen centuries of Christian poetry from the ancient Dream of the Rood to modern poems by T S Eliot and C S Lewis I can think of no one better qualified to assemble an anthology of Christian devotional poetry than Elizabeth Marlow She not only knows this poetry well but has taught it for many years to appreciative students Best of all she loves and serves the Lord to whom the poems in this collection direct the gaze of our souls With this anthology she has given us a tool with which to stir up the embers of our hearts that our love for the triune God might blaze all the brighter I highly recommend this collection Greg Bailey Director of Editorial Crossway Books I am chastened by comments in the preface to this book If we don't read reflect on and enjoy the great wealth of Christian poetry available to us these poetic gems will eventually be consigned to academic libraries and forgotten by the majority of the reading public Apart from reading and singing psalms and hymns I have not been an avid reader of poetry I

confess this to my shame and recently I determined to address this appalling shortcoming in my life Elizabeth Marlow's anthology of poetry is the ideal antidote I am excited to recommend this anthology of thirteen centuries of English poetry Just look at the table of contents and your appetite will be whetted So join me in learning to love God better by reading these selections Dr Joseph A Pipa President of Greenville Theological Seminary Professor of Systematic and Homiletical Theology Greenville SC

**The Sound Sense of Poetry** Peter Robinson, 2018-09-13 What real role can poetry have in the world How are its truths created by the words and sounds chosen by the poet and by the way readers respond to them Acclaimed poet Peter Robinson brings his

knowledge of poetic art to the understanding of the reader's contribution in enabling poetry to play its part in life. Emphasising the value of individual writers and readers' interactions together with such key matters as meter and rhythm, voicing and form, rhyme and syntax, Robinson shows how poems engage in speech performances such as promising, justifying, excusing and explaining, including the telling of truths. Illustrated with detailed readings of poems by among others Jonson, Marvell, Blake, Wordsworth, Coleridge, Tennyson, Christina Rossetti, Dickinson, Kipling, Basil Bunting, Frank O'Hara, Tony Harrison and Denise Riley, this book shows how important poetry is as a means to do things with words and make things happen.

Evaluations of US Poetry since 1950, Volume 2 Robert von Hallberg, Robert Faggen, 2021-12-01

Horace speaks of poetry delighting and instructing. While *Evaluations of US Poetry since 1950 Volume 1* explores the pleasures of poetry, its language forms and musicality, volume 2 focuses on the public dimensions. In this volume, von Hallberg and Faggen have gathered a diverse selection of poets to explore questions such as: How does poetry instruct a society with a highly evolved knowledge industry? Do poems bear a relation to the disciplined idioms of learning? What do poets think of as intellectual work? What is the importance of recognizable subject matter? What can honestly be said by poets concerning this nation so hungry for learning and so fixated on its own power? To these questions, the literary critics collected here find some answers in the poetry of Robert Pinsky, Susan Howe, Robert Hass, Anthony Hecht, Adrienne Rich, Sharon Olds, Ed Dorn and August Kleinzahler.

Ecstasy and Understanding Adrian Grafe, 2008-04-03

This collection of research explores the interaction of religious awareness and literary expression in English poetry in the late nineteenth and twentieth centuries. Many different types of poetics may be seen to be at work in the period 1875 to 2005.

along with various kinds of religious awareness and poetic expression Religious experience has a crucial influence on literary language and the latter is renewed by religious culture The religious dimension has been a decisive factor of modern English poetic expression of the last hundred years or so The religious and mystical dimension of poetry of the period is borne out by the focus on among other things grace and purgation the tension between time and eternity redemption and the demands of eschatology immanence and transcendence and conversion and martyrdom Chapters also explore how church practice and ritual architecture and liturgy play into the poetry of the period This volume offers a comprehensive discussion of this important but often overlooked aspect of modern English poetry

**The American Classics** Denis Donoghue, 2008-10-01

How is a classic book to be defined How much time must elapse before a work may be judged a classic And among all the works of American literature which deserve the designation In this provocative new book Denis Donoghue essays to answer these questions He presents his own short list of relative classics works whose appeal may not be universal but which nonetheless have occupied an important place in our culture for more than a century These books have survived the abuses of time neglect contempt indifference willful readings excesses of praise and hyperbole Donoghue bestows the term classic on just five American works Melville's *Moby Dick* Hawthorne's *The Scarlet Letter* Thoreau's *Walden* Whitman's *Leaves of Grass* and Twain's *Adventures of Huckleberry Finn* Examining each in a separate chapter he discusses how the writings have been received and interpreted and he offers his own contemporary readings suggesting for example that in the post 9 11 era *Moby Dick* may be rewardingly read as a revenge tragedy Donoghue extends an irresistible invitation to open the pages of these American classics again demonstrating with wit and acuity how very much they have to say to us now
