Sometimes I Dont Like School:

Why Don't Students Like School? Daniel T. Willingham, 2009-06-10 Easy to apply scientifically based approaches for engaging students in the classroom Cognitive scientist Dan Willingham focuses his acclaimed research on the biological and cognitive basis of learning His book will help teachers improve their practice by explaining how they and their students think and learn It reveals the importance of story emotion memory context and routine in building knowledge and creating lasting learning experiences Nine easy to understand principles with clear applications for the classroom Includes surprising findings such as that intelligence is malleable and that you cannot develop thinking skills without facts How an understanding of the brain s workings can help teachers hone their teaching skills Mr Willingham s answers apply just as well outside the classroom Corporate trainers marketers and not least parents anyone who cares about how we learn should find his book valuable reading Wall Street Journal

The Non-Negotiable: Educating African-American Male Students K-12 Dr. Lawrence V. Bolar, 2017-01-23 The Nonnegotiable Educating African American Male Students K 12 will highlight several salient points that were stimulated from NCLB better known as the No Child Left Behind Act The book presents several alarming problems One problem is the dropout rate Research indicates 53 percent of African American males nationwide drop out of school Research indicates African American high school students are notably falling behind their Caucasian counterparts in graduation rates dropout rates literacy rates and college preparedness rates According to the Schott 50 State Report on Public Education and Black Males African American and Hispanic twelfth grade students read at approximately the same level as Caucasian eighth grade students The National Assessment of Educational Progress reports that 88 percent of African American eighth graders read below grade level compared to 62 percent of Caucasian eighth graders The goal of the book is to afford each reader the opportunity to cultivate their educational outlook on African American males and provide their schools with effective culturally responsive reform The overarching goal for this book is to bring enlightenment to a dark cloud that hovers over the success or lack of success of the African American male student

Communicating with Kids Stephanie Davies-Arai, 2015-01-28 Confused by all the conflicting parenting advice you hear Not sure who is right or what to do Well relax and read this book Ever wondered why your child gets more upset the nicer you are Or why your child is always arguing with you doesn t listen or seems intent on doing the opposite of what you want Now you no longer have to worry Communicating with Kids has the answers This new book explains how so often children are not resisting our messages but the way we are sending them It demonstrates why some of the ways we communicate lead to exactly the opposite of the behaviour we want and provides methods to tweak your language and approach so that children are willing to help you So much of the parenting advice we hear works against a child s developing brain so this book shows you how to work with it instead which makes all the difference Once you understand the difference between what you are saying and what your child actually hears life with children becomes so much easier This book is all about communication

because apart from that there's no other advice you need the best way to bring up your child is to be yourself and do it your way Communicating with Kids is a book guaranteed to help all parents whether they veer towards the methods of Penelope Leach or Supernanny or have never read a parenting book before It is not based on any parenting ideology but on genuine experience with a wide range of children It is a plain talking book that presents communication methods that work so parents gain the confidence to be themselves

Not Much Just Chillin' Linda Perlstein, 2003-09-04 A report from the front lines of the most formative and least understood years of children's lives Suddenly they go from striving for A's to barely passing or obsessing for hours over boyfriends they've barely spoken to Former chatterboxes answer in monosyllables free thinkers mimic their peers clothes not to mention their opinions Bodies and psyches morph under the most radical changes since infancy On the surface they're just chillin' Underneath they're a stew of anxiety and ardor conformity and rebellion They are kids in the middle school years the age every adult remembers well enough to dread No one understands them not parents not teachers least of all themselves no one that is until Linda Perlstein spent a year immersed in the lives of suburban Maryland middle schoolers and emerged with this pathbreaking account The book traverses the school year following five representative kids and including the stories of many more as they study party IM each other and simply explain what they think and feel As Perlstein writes about what she saw and heard she explains what's really going on under the don't touch me facade of these critically formative years in which kids grapple with schoolwork puberty romance identity and new kinds of relationships with their parents and peers Not Much Just Chillin' offers a trail map to the baffling no man's land between child and teen the time when children don't want to grow up and so badly do

Tales of Priut Almus Robert Belenky, 2009-04-27 Thirteen year old Serogia was thrown out of his house by his drunken mother after his father died Eleven year old Anya doesn't have many friends and is always sad when she looks in the mirror she sees an ugly girl Her ten year old sister Sashinka is shy tough and fun loving Their only living relative is their drunken father These are just three of the children who were living at Priut Almus a children's shelter in St Petersburg Russia when author Robert Belenky began his visits in 1998 He returned many times during the next ten years In Tales of Priut Almus he presents his interviews with children and staff as he participates in this humane and innovative shelter unusual in that it focused on preparing children to create and live in a democracy Finally we meet Almus founding director enigmatic man of the theater Mikhail Markarievich who provided the courageous vision The fifth in a series of books focusing on raising children whose lives have not been easy Tales of Priut Almus describes how this home has become a monument to the spirited and humane ways to raise children who are in need Priut Almus is a model of what may be possible for the United States in the realm of education and child care

The Great Expectations School Dan Brown, 2011-09-01 At the age of twenty two Dan Brown came to P S 85 as an eager fresh faced teacher He was even as signed his own class 4 217 Unbeknownst to him 4 217 was the designated dumping

ground for all fourth grade problem cases and his students would prove to be more challenging than he could have ever anticipated Intent on being a caring dedicated teacher but confronted with unruly children absent parents and a failing administration Dan was pushed to the limit time and again he found himself screaming with rage punching his fist through a blackboard out of sheer frustration often just wanting to give up and walk away Yet in this seeming chaos he slowly learned from the more seasoned teachers at the school and from his own mistakes how to discipline teach and make a difference The Great Expectations School is the touching story of Class 4 217 and their teacher Mr Brown But more than that it is the revealing story of a broken educational system and all those struggling within and fighting against it *A School Bag*, 1995-05 The New Reading 360 series is designed to provide a solid literary foundation for infants and build on previous literacy knowledge for juniors Readers help to develop literacy skills and build up confidence The titles in this set are *A school bag* *Animal lore* *Children in history* *Another time another place* and *Run for it* **Invisible Children in the Society and Its Schools** Sue Books, 2015-04-24 The authors in this book use the metaphors of invisibility and visibility to explore the social and school lives of many children and young people in North America whose complexity strengths and vulnerabilities are largely unseen in the society and its schools These invisible children are socially devalued in the sense that alleviating the difficult conditions of their lives is not a priority children who are subjected to derogatory stereotypes who are educationally neglected in schools that respond inadequately if at all to their needs and who receive relatively little attention from scholars in the field of education or writers in the popular press The chapter authors some of the most passionate and insightful scholars in the field of education today detail oversights and assaults visible and invisible but also affirm the capacity of many of these young people to survive flourish and often educate others despite the painful and even desperate circumstances of their lives By sharing their voices providing basic information about them and offering thoughtful analysis of their social situation this volume combines education and advocacy in an accessible volume responsive to some of the most pressing issues of our time Although their research methodologies differ all of the contributors aim to get the facts straight and to set them in a meaningful context New in the Third Edition Chapters retained from the previous edition have been thoroughly revised and updated and five totally new chapters have been added on the topics of young people pushed into the school to prison pipeline the environmental landscape of two out of school Mexican migrant teens in the rural Midwest the perceptions and practices in and outside schools that construct African American boys as school failures negative portrayals of blackness in the context of understanding the collateral damage of continued white privilege and working class pregnant and parenting teens efforts to create positive identities for themselves Of interest to a broad range of researchers students and practitioners across the field of education this compelling book is accessible to all readers It is particularly appropriate as a text for courses that address the social context of education cultural and political change and public policy including social foundations of education sociology of education multicultural education curriculum studies and educational policy

Mixed or Single-sex School? Volume 2 R. R. Dale,2017-05-18 Originally published in 1971 This second volume in this three part set examines specific aspects of social relationships within the school and demonstrates that co educational and single sex schools are fundamentally different communities These volumes examine in detail the social and psychosocial differences between co educational and single sex schools This volume provides a wealth of evidence from pupils and ex pupils about such aspects as discipline bullying happiness anxiety and attitudes to sex **Voices of the Undocumented** Val Rosenfeld ,Flor Fortunati,2015-10-26 America is in the midst of a daily debate about the issue of undocumented workers It seems that every day there is another controversy about immigration in the news Most Americans read these articles and look upon the undocumented immigrants as an undifferentiated block of people Few seem to truly understand them as individuals how they got here and their personal stories This non fiction book Voices of the Undocumented tells the stories of nine undocumented individuals their struggles as day workers how their lives are in limbo and their hopes for a better future This is not a political book The purpose of these life stories is to give these faceless people a voice From the heartbreaking story of Salvador an illiterate Mexican farm worker who entered the U S illegally four times to Ernesto an educated Peruvian womanizer to the amazing accomplishments of Roc o a graduate of a prestigious university Voices of the Undocumented relates poignant accounts of the undocumented workers lives One must know the stories to truly know the people Keywords Undocumented Illegal immigrant Mexican Immigration Border Green card Amnesty Citizen Latino *Underneath the Tapestry* Janice M. Stockman,2015-10-13 Janice Stockman has been an educator for nineteen years and is currently a middle school principal in Prattville Alabama She loves laughing running cookie dough adventures and most of all her husband and her twin boys As the former Assistant Principal of the Year for Alabama she has served as guest and keynote speaker for numerous seminars and workshops Her inspirational anecdotes encourage audience members to appreciate the tough times to savor the good times and to constantly seek Gods purpose in all of lifes experiences A fervent list maker and a self proclaimed low maintenance girl Janice lives by the motto Faith family friends and fun This is her first publication Each of us travels a unique and personal path along lifes journey It can be marvelous and messy fantastic and frightening pleasant and

painful But what matters most is that through every twist and turn in every dark valley and on every glorious mountaintop God is there holding us up forgiving us loving us Underneath the Tapestry is a personal memoir of how Gods grace faithfulness mercy and eternal love are revealed in both the big and seemingly small occurrences of daily life Author Janice Stockman shares her most treasured and in your face Jesus moments and reveals the challenges along her journey to living a life that matters Her inspiring words remind us to hold fervently to the hand of God and trust Him to perfectly weave the beautiful tapestry of our own incredible life story Forum for Applied Research and Public Policy ,1997 **Del Otro Lado** Susan V. Meyers,2014-08-29 Meyers debunks the longstanding myth that literacy is tied to economic development arguing that a literacy contract model in which students participate in public education in exchange for access to increased earning potential better illustrates the situation in rural Mexico Meyers next explores literacy on the other side of the border traveling to Marshalltown Iowa where many former citizens of Villachuato have come to reside because of the availability of jobs for unskilled workers at the huge Swift meat packing plant there Here she discovers that Mexican origin families in the United States often consider education a desirable end in itself rather than a means to an end She argues that migration has a catalyzing effect on literacy particularly as Mexican migrant families tend to view education as a desirable form of prestige
