Somewhere Theres Music:

The Pages of My Mind Stan Sunny Isaacs,2003 Sunny Isaacs takes us there wherever there is with all the wonder of childhood the infectious grin of exuberant joy and the aching beauty of the desert or mountains We feel renewed and stronger after a trip with his words **SongCite** William D. Goodfellow,2014-02-04 First Published in 1999 This is the first supplement to the initial SongCite publication and serves as an index to recently published collections of popular songs 201 music books have been included with over 6 500 different compositions listed The vast majority of the collections is comprised entirely of vocal music although on occasion instrumental works have been included In Poets' Corner Lauchlan MacLean Watt,1910 *Catalog of Copyright Entries* ,1929 Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office Library of Congress. Copyright Office,1920 Catalog of Copyright Entries Library of Congress. Copyright Office,1920 Music Trade Indicator ,1923 The Saga of Doubtful Sound Alwyn Dow,2012-11-14 I suppose it is inevitable that a jazz musician would want to blow his own trumpet but I truly believe that this novel contains such a detailed insight into the drama that unfolds that it could not have possibly been written by someone else The story is about social politics in America and beyond during the twentieth century as seen through the lives of a family of jazz musicians Their work takes them into areas where racism and bigotry abound not only in the States but abroad too but The music goes round and around despite their misgivings Their recordings provide the pictures on an otherwise blank canvas for without them there would be only hear say Their story is taken up by two reporters who finally get to the bottom of a racist conspiracy on the other side of the world It follows that a knowledge and empathy with the past is all important in a story such as this Im an historian and retired teacher of politics as well as being a part time jazz musician and I have just concluded a radio show called Jazz Dreams Ive come across racism in many different guises and in many corners of the Globe during my lifetime and I know how insidious it can be In this story I have tried to explain how important it is that individuals take personal responsibility and confront it That takes courage and the book is about this also A recent visit to New Zealand including Milford Sound and Doubtful Sound gave me the idea for a perfect hiding place Bond meets Lord of the Rings perhaps *The Martyrology* B. P. Nichol,1987 Poetry my notion of my relationship to the sacred to some sense of goodness of the beyond otherness in that sense has all the elements of pataphysics which is to say the way I think of pataphysics is that very often you climb a fictional staircase that you know is fictional you walk up every imaginary stair you get to your imaginary window and you open your imaginary window and there is the real world bpNichol 1983

My Rival, The Sky Margo Kurtz,2014-04-29 In a compelling memoir as timely and important today as it was when it was first published 70 years ago a spirited young girl takes to the skies with the love of her life and returns to earth a worldly wise and self determined woman Margo Rogers is a poetically inclined college student from a salt of the earth Midwestern

Against Value in the Arts and Education Sam Ladkin,Robert McKay,Emile Bojesen,2016-05-18 *Against Value in the Arts and Education* proposes that it is often the staunchest defenders of art who do it the most harm by suppressing or mollifying its dissenting voice by neutralizing its painful truths and by instrumentalizing its ambivalence The result is that rather than expanding the autonomy of thought and feeling of the artist and the audience art s defenders make art self satisfied or otherwise an echo chamber for the limited and limiting self description of people s lives lived in an audit culture a culture pervaded by the direct and indirect excrescence of practices of accountability This book diagnoses the counter intuitive effects of the rhetoric of value It posits that the auditing of values pervades the fabric of people s work lives their education and increasingly their everyday experience The book uncovers figures of resentment disenchantment and alienation fostered by the dogma of value It argues instead that value judgments can behave insidiously and incorporate aesthetic ethical or ideological values fundamentally opposed to the value they purportedly name and describe The collection contains contributions from leading scholars in the UK and US with contributions from anthropology the history of art literature education musicology political science and philosophy
