Somniloquarry Dreams And Drawings:

Somniloquarry, Dreams & Drawings Kevin Millsap, 2004 As might be expected the inspiration for this introduction came to me in a dream Now finally I know the book is complete It represents a long tenacious labor of many small quiet moments collected into a form that I hope you will enjoy The text holds all the dreams that I have written down I began that recording process in the spring of 1981 at the age of 22 They span from my fourth year up to my forty fifth 1963 to 2004 These are actual nocturnal visions that were given to me in sleep I have polished on them intensely all spring and feel that they have become a worthy set of image poems The ink drawings were done while awake They are grouped to improve the flow of reading Those sections do mark the moment in time of their actual public showings Interspersing each of them into its chronological place would not do justice to the hundreds of other things that I have doodled and failed to capture In total they present the story of a life The narration and art are only mostly from the usually silent unconscious Mundane events and needs have caused large gaps in the time line This work can be seen as a true novel or as an odd autobiography Each entry is a crumb from my dreaming mind I welcome you to the feast

Squirbly Dreams Mike Rider, 2015-04-09 Introduce your child to the concept of dreaming with this visually stimulating story that includes frogs elephants penguins dogs ladybugs roadrunners bears turtles rollipolies alligators whales monkeys fish birds aliens inchworms lobsters and the list goes on Squirbly is a young frog who frequently dreams when he goes to sleep at night This story explores the wonder and joy of Squirbly's dreams This book encourages children to look forward to positive dream adventures as they fall asleep
