(Engl. version). With a preface by E.A. Vizetelly* Émile Édouard C.A. Zola, 1897 **His Excellency** Émile Zola, 2006 His Excellency French Son Excellence Eugene Rougon From Zola's Rougon Macquart Series Son Excellence Eugene Rougon is the one existing French novel which gives the reader a fair general idea of what occurred in political spheres at an important period of the Empire It is a book for foreigners and particularly Englishmen to read with profit for there are yet many among them who cherish the delusion that Napoleon III was not only a good and true friend of England but also a wise and beneficent ruler of France and this although his reign began with bloodshed and trickery was prolonged by means of innumerable subterfuges and ended in woe horror and disgrace There is of course some fiction in the book but again and again page after page I have found a simple record of fact just deftly adapted to suit the requirements of the narrative The history of the Second Empire is probably as familiar to me as it is to M Zola himself for like him I grew to manhood in its midst with better opportunities too than he had of observing certain of its distinguishing features and thus I have been able to identify innumerable incidents and allusions and trace to their very source some of the most curious passages in the book And it is for this reason and by virtue of my own knowledge and experience that I claim for His Excellency the merit of reflecting things as they really were in the earlier years of the Imperial regime Ernest Alfred Vizetelly *The Greatest Works of French Literature (English Edition)* Charles Baudelaire, George Sand, Anatole France, Molière, Voltaire, Stendhal, Émile Zola, Alexandre Dumas, Alexandre Dumas fils, Jules Verne, Victor Hugo, Marcel Proust, Guy de Maupassant, Jean-Jacques Rousseau, Jean Racine, François Rabelais, Gustave Flaubert, Gaston Leroux, Pierre Corneille, Pierre Choderlos de Laclos, 2020-12-17 This unique collection of the greatest French classics books has been designed and formatted to the highest digital standards A History of French Literature François Rabelais Gargantua and Pantagruel Molière Tartuffe or the Hypocrite The Misanthrope The Miser The Imaginary Invalid The Impostures of Scapin Jean Racine Phaedra Pierre Corneille The Cid Voltaire Candide Zadig Micromégas The Huron A Philosophical

the Beginning to the Close of the 19th Century (Complete) George Saintsbury, Although I have already in two places given a somewhat precise account of the manner in which fiction in the modern sense of the term and especially prose fiction came to occupy a province in modern literature which had been so scantily and infrequently cultivated in ancient it would hardly be proper to enter upon the present subject with a mere reference to these other treatments It is matter of practically no controversy or at least of none in which it is worth while to take a part that the history of prose fiction before the Christian era is very nearly a blank and that in the fortunately still fairly abundant remains of poetic fiction the story is the least part as Dryden says in another sense or at least the telling of the story in our modern sense is so Homer in the Odyssey at any rate Herodotus in what was certainly not intentional fiction at all and Xenophon are about the only Greek writers who can tell a story for the magnificent narrative of Thucydides in such cases as those of the Plague and the Syracusan cataclysm shows all the headstrong ethos of the author in its positive refusal to assume a story character In Latin there is nothing before Livy and Ovid of whom the one falls into the same category with Herodotus and Xenophon and the other admirable raconteur as he is thinks first of his poetry Scattered tales we have mimes and other things there are some and may have been more But on the whole the schedule is not filled there are no entries for the competition In later classical literature both Greek and Latin the state of things alters considerably though even then it cannot be said that fiction proper that is to say either prose or verse in which the accomplishment of the form is distinctly subordinate to the interesting treatment of the subject constitutes a very large department or even any regular department at all If Lucius of Patrae was a real person and much before Lucian he may dispute with Petronius that first century Maupassant or Meredith or both combined the actual foundation of the novel as we have it but Lucian himself and Apuleius strangely enough handling the same subject in the two languages give securer and more solid starting places Yet nothing follows Apuleius though some time after Lucian the Greek romance of which we have still a fair number of examples spread however over a still larger number of centuries establishes itself in a fashion It does one thing indeed which in a way refounds or even founds the whole conception it establishes the heroine There are certainly feminine persons sometimes not disagreeable who play conspicuous and by no means mute or unpractical parts in both Greek and Latin versions of the Ass Legend but one can hardly call them heroines There need be no chicane about the application of that title to Chloe or to Chariclea to Leucippe or to her very remarkable rival to Anthia or to Hysmine Without the heroine you can hardly have romance the novel without her though her individuality may be put in commission is an absolute impossibility The connection between these curious performances with the much larger number of things like them which we know to have existed on the one side and the Western mediaeval romance on the other has been at various times matter of considerable controversy but it need not trouble us much here The Greek romance was to have very great influence on the French novel later on the earlier composition generally called by the same name as itself it would seem to have had next to none Until we come to Floire et Blanchefleur and perhaps Parthenopex things of a comparatively late stage obviously

post Crusade and so necessarily exposed to and pretty clearly patient of Greek Eastern influence there is nothing in Old French which shows even the same kinship to the Greek stories as the Old English Apollonius of Tyre which was probably or rather certainly in the original Greek itself The sources of French romance I must take leave to request a truce of God as to the application of that term and of epic for present purposes appear to have been two the Saint's Life and the patriotic or family saga the latter in the first place indelibly affected by the Mahometan incursions of the eighth ninth and tenth centuries The story telling instinct kindled by or at first devoted to these subjects subsequently fastened on numerous others In fact almost all was fish that came to the magic net of Romance and though two great subjects of ours the Matter of Britain the Arthurian Legend and the Matter of Rome classical story generally including the Tale of Troy came traditionally to rank themselves with the Matter of France and with the great range of hagiology which it might have been dangerous to proclaim a fourth matter even if anybody had been likely to take the view that it was so these classifications are like most of their kind more specious than satisfactory

A Century of French Fiction Benjamin Willis Wells, 1898 French Novels and the Victorians

Juliette Atkinson, 2017-07-27 Despite the warnings of critics and moral leaders French novels were widespread in Victorian culture How did Victorian readers gain access to them How were the novels supposed immorality debated and challenged And how far did the influx of French novels raise questions and anxieties about the literary and commercial value of the English novel

Counter-Modernities in Nineteenth-Century French Literature Robert St. Clair, 2025-07-31 Counter Modernities in Nineteenth Century French Literature explores a counterview of modernity in late nineteenth century French literature 1848 1891 The principal claim of this book is that what we find in the works of Baudelaire Rimbaud and Flaubert is a form of writing against the grain of history not the elegant lyricism of history's victors but a use of literature against the erasures of past injustices and for those lost futurities upon which the order of the present is founded What we find in other words is a critical literary archive of the powerless that persists in contesting the legitimacy of the powerful which persists in haunting the nineteenth century every bit as much as it does our own achingly out of joint present The story Counter Modernities seeks to tell is in other words about the meaning of loss and the significance of losers as possible figures of opposition to the dominant order in nineteenth century French literature that is also a story about modernity as an aesthetic politics What brings together the authors in this study however cannot be reduced to the biographical that is to the uneven successes financial hardships and in one case outright failure i.e. Rimbaud shared by the authors in the literary market of

their lifetime At stake in this study is not an account of the ironies of literary history wherein to gloss Walter Benjamin's take on Baudelaire a prior and benighted era sees little of interest in an artist in which a later epoch recognizes the genius of modernity Rather Constellations of Loss in Baudelaire Rimbaud and Flaubert demonstrates how each author in this critical corpus insists on tarrying with history as an experience of irrevocable loss each lingers with history as a force of negations and thereby insists on the significance of historical setbacks and political defeats that seem to affect if not more dramatically wipe out the collective hopes of entire generations Each one gives us losers as subjects who matter in the nineteenth century Baudelaire Flaubert Rimbaud narratives of historical defeat that are as negative as they are meaningful Baudelaire Flaubert or the contours of events whose meanings and narratives are themselves lost Baudelaire Rimbaud whose meanings remain in other words perhaps less absent than open ended a possible grammar for what may come next when hope seems lost and dreams dashed Indeed as this book shows it is precisely in its representation of history as a dilemma or undoing of meaningfulness a problem of legibility and not knowingness that we can most fully recognize the formal calling cards of literary modernity ironic undecidabilities and difficulties infinite interpretability and the death of the author the dissolution of previously stable cultural and historical narratives or forms of subjectivity formal breaks with semantically oriented modes of representation and so on
