Son Of Man The Mystical Path To Christ:

Son of Man Andrew Harvey, 1999-10-11 Galvanizing beautifully written a powerful expression of faith in the transforming power of Christ's love Publishers Weekly starred review Son of Man is Andrew Harvey's most basic statement on Christ and it has already become a treasured work to readers interested in Christian mysticism For the first time in any of his books Harvey provides spiritual exercises centuries old rites previously available only to a few that allow the reader direct experience with the mystical Christ Son of Man also includes an easily accessible section of classic readings and meditations on the nature of Christ making it the comprehensive experience in the Christ of the new millennium **The Expression**

Son of Man and the Development of Christology Mogens Mueller, 2014-10-20 Son of Man is practically the only self designation employed by Jesus himself in the gospels but is used in such a way that no hint is left of any particular theological significance Still during the first many centuries of the church the expression as it was reused was given content first literally as signifying Christ's human nature Later Son of Man was thought to be a christological title in its own right Today many scholars are inclined to think that in an original Aramaic of an historical Jesus it was little more than a rhetorical circumlocution referring to the one speaking Mogens Mueller's *The Expression Son of Man and the Development of Christology A History of Interpretation* is the first study of the Son of Man trope which traces the history of interpretation from the Apostolic Fathers to the present concluding that the various interpretations of this phrase reflect little more than the various doctrinal assumptions held by its interpreters over centuries *Christology from the Margins* Thomas

Bohache, 2008 Provides a comprehensive queer discussion of Christology concluding with the view of Christ's person and work from a queer perspective Suitable for undergraduate study *The God Who is Here* Peter Traben Haas, 2011 *Souls in the Sea* Scott Taylor, 2003-02-21 Dolphins have long been attributed with intelligence but do they have souls Self awareness Compassion Scott Taylor Director of the Cetacean Studies Institute investigates the history mythology and science surrounding these creatures and emerges with a resounding yes And not only do whales and dolphins merit our attention and respect in their own right they are an index to what our future as a species can be In this multi faceted cetology compendium Taylor surveys the portrayal of dolphins and whales in works of literature as disparate as Moby Dick and Sumerian legend examines biologist John Lilly's research on interspecies communication and explores the benefits of dolphin assisted swimming therapy for disabled children and adults Looking at the world from the perspective of one of these souls in the sea Taylor suggests that cetaceans are an ideal bridge between humanity and nature Poetically written and thoughtfully illustrated with photos and drawings *Souls in the Sea* is a comprehensive celebration of the biology history and mystique of dolphins and whales *Radical Passion* Andrew Harvey, 2012-10-23 This culmination of award winning author Andrew Harvey's life's work bridges the great divide between spiritual resignation and engaged spiritual activism A manifesto for the transformation of the world through the fusion of deep mystical peace with the clarity of radical wisdom it is a wake up call

to put love and compassion to urgent focused action According to Harvey we are in a massive global crisis reflected by a mass media addicted to violence and trivialization at a moment when what the world actually needs is profound inspiration a return to the heart centered way of the Divine Feminine the words of the mystics throughout the ages and the cultivation of the nonviolent philosophies of Gandhi Nelson Mandela Aung San Suu Kyi and the Dalai Lama Harvey s concepts of radical passion and sacred activism fly in the face of restraint of pessimism of denial of all that is inhumane fusing the mystic s passion for God with the activist s passion for justice and for healing the division between heaven and earth heart and will body and soul prayer and action Sacred activism asks that we engage deeply on a personal spiritual and political level so as to become a fully empowered fully active and contemplative humanity that can turn tragedy into grace and desolation into the opportunity to build and co create a new world Unlike many spiritual books Radical Passion does not veil the dark with artificial hope It explores the catastrophes of our current times and celebrates the ecstatic hope and divinity that is possible right now and in the future

Sixty Seconds Phil Bolsta,2008-04-15 Spiritual awakenings whether quiet and subtle or dramatic and breathtaking are deeply personal events More than half of us have undergone a spiritual transformation each unique and life changing We may only have a moment or two to act or we may have a few months to sort things out We may curse the gods or sink to our knees in gratitude Th e circumstances vary but two things are certain One our life is about to change And two it s a day we will not soon forget **Sixty Seconds** is an uplifting collection of intimate heartfelt stories from prominent people who graciously share their personal experiences with the profound Their moving life altering interviews powerfully illustrate that sacred moments of illumination and insight are available to us all

Putting Away Childish Things Margaret Cunningham,2011-08-31 Putting Away Childish Things is a collection of sermons preached over the last fifteen years in churches on the east and west coasts primarily All Saints Church in Pasadena CA and the Church of the Redeemer in Bryn Mawr PA Neither strictly orthodox nor New Age these sermons address openly and honestly biblical issues that trouble or perplex many both inside and outside the church They have been enthusiastically received

A Special Illumination Rollan McCleary,2017-07-28 Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion

The Future That Brought Her Here Deborah DeNicola,2009-04-01 A dynamic blend of history science psychology dreams and visions Deborah DeNicola s memoir is a compelling account of self discovery that is provocative and humble A poet dream analyst and college professor DeNicola writes about her struggle to live in the ordinary world of academia while

honoring the competing call of the creative and the spiritual DeNicola's memoir shows her range of intellectual pursuits and spiritual experiences as she battles an inner war between depressive cynicism and faith and shares her lifelong search to heal the trauma of her father's tragic death when she was a teenager Struggles between cynicism and faith depression and hope independence and attachment creativity and financial security in the midst of spiritual searching motherhood teaching and writing are inextricably woven into the fabric of her story Sharing the process of her awakening and how dreams and visions guide her DeNicola stirs readers to listen courageously to their own inner voices Her visionary quest takes her to the American West Israel and Southern France Along the way she weaves together references from the Bible and the Gnostic Gospels the story of Mary Magdalene medieval history the Templar Knights the Black Madonnas String Theory and quantum physics to find the repeated linkage between divinity and humanity **Cosmosophia** Theodore Richards, 2011-02-25 Richards writes skillfully and soulfully about the most pressing issues of our times and the deeper crisis out of which they have emerged Drawing from a vast trove of knowledge about the world's religious mystical and philosophical traditions he extracts the most valuable gems polishes them with the revolutionary insights of modern science and forges a radiant new cosmosophy a universal wisdom that honors the wisdom of the universe The beauty of this mythos is that it like the cosmos is not static but dynamic inviting our active participation and imaginative engagement This book succeeds in instilling reverence for a living universe and hope for a dying planet May Cosmosophia blossom and flourish in the hearts of all beings Darrin Drda author of The Four Global Truths **Astonished** Beverly Donofrio, 2013-03-07 A bestselling memoirist bravely tells the story of the night evil paid her a visit and how prayer chased evil away Beverly Donofrio had already lived two lives first as a scrappy young mother on the streets of the East Village and later as the bestselling author of Riding in Cars with Boys By the time she reached her fifties she thought she had seen it all Now even though she was living in a vibrant picturesque Mexican town where she practiced yoga drank margaritas in her backyard and took salsa lessons she felt lost and was searching for monasteries to visit The religious practice that had nourished her for several years had faded She missed God Then one night she woke to find a rapist holding a knife to her throat So begins the memoir that charts Donofrio's journey a long and twisting road through denial mourning anger vulnerability and retreat at five very different monasteries Told through Donofrio's brutally honest often ribald emotionally unsparing voice Astonished is a tender and hopeful narrative of healing and learning to love life again **JESUS IN A NEW LIGHT** Manfred Bauer, 2021-11-25 Biblical statements and beliefs that were shaped by the ancient mindset have been mindlessly repeated for way too long In the process some of these ideas were eventually dogmatized By investigating the historical origin of such dogmas the author carries out an in depth analysis of the contents of established Christian doctrines without bothering about political correctness He is outspoken but is careful not to throw the baby out with the bathwater This book is therefore especially aimed at people with an interest in theology who are no longer satisfied with the usual clichés During his research the author put expert opinions to the test and

found out quite frequently that they leave much to be desired He realized that many a Bible scholar makes his or her point on the basis of a limited and incomplete view of the world that is shaped as the case may be by his or her own faith or atheism As a result of the globalization that has occurred over the past few decades and the greater insight it has afforded us into other religions and worldviews our perspective on the nature and abilities of spiritual masters such as Jesus has broadened considerably Since such discoveries have been taken into account only rarely in biographies of Jesus it has been the author's intention to illustrate parallels between the teachings and actions of Jesus and those of spiritual masters from other religions This book also asks the questions What message does the Shroud kept in turin Cathedral convey to us Did Jesus really lie in it Does the Shroud make it possible for us to see Jesus face some 2000 years after his death With forensic meticulousness the author provides proof that not everything went by the book during the 1988 radiocarbon dating that exposed the Shroud as a medieval fake The role of the Catholic Church leadership comes thereby under intense scrutiny Hence the aim of this unconventional book is to invite the reader to accompany the author as he tries with the help of Jesus example to acquire a better understanding of the meaning and purpose of human existence and to show what consequences such a better understanding might have for the way we conduct our lives [Telling the Untold Stories](#) John Beverley Butcher,2001-01-01

Dreamcrafting Paul Levesque,Art McNeil,2003-02-16 Many people set out to achieve a dream starting a business or learning to play the piano or publishing a book but they don't succeed and the dream fizzles away In many cases these people have lots of skills and expertise such as deep knowledge of the business or career they are interested in so why don't they succeed Paul Levesque and Art McNeil have discovered that making a dream come true requires cultivating skills of a higher order macroskills that inevitably spell the difference between success and failure no matter what the specifics of a person's dreams are These are the skills Dreamcrafting outlines in detail [Picking Fights with the Gods](#) Paul Gilk,2016-08-04

The common understanding of apocalypse suggests End Times Armageddon and the end of the world But the Greek word apokalypsis means none of these things What it does mean is uncovering disclosing and revelatory That apocalypse is so widely misunderstood as predestined disaster isn't due to natural evolution in meaning To penetrate the misuse of apokalypsis is to discover mythic misrepresentation That is apocalypse doesn't generate End Times but just the opposite End Times compels apokalypsis The actual threat of End Times explicitly so with weapons of mass destruction and Anthropocene climate change forces thoughtful people into a search for fundamental causes Where do these destructive energies originate Why are we so reluctant to recognize the obvious consequences and resistant to embrace available remedies Why do we persist in denial and indifference In these essays Paul Gilk explores the underlying cultural and religious conventions both conservative and liberal that constitute our resistance and refusal To disclose and uncover those conventions to dissolve our oblivion is to awaken to apokalypsis and to realize the depth of our captivity within prevailing mythology both religious and

The Story of Jesus William H. Kautz, 2012-04-10 THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by historical or literary means Some of them had demonstrated their unusual skill by probing deeply into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical information which was then verified scientifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Testament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illuminating insights and a deep spiritual understanding of Jesus original and hidden teachings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history

Myth David Leeming, 2001-11-29 Exploring classic works such as the Song of Songs the Tao Te Ching the Rg Veda the New Testament and the Indonesian myth of Hainuwele Myth A Biography of Belief reveals the cultural energies that ancient mythmakers sought to corral in their creations David Leeming argues that myths are by definition evolving creations that live on in the work of modern day mythmakers such as W B Yeats Virginia Woolf and Albert Einstein Leeming provides an engaging new outlook on the role of myth in the works of these and other contemporary artists and scientists The similarities between modern concepts like the Big Bang and ancient myths of creation illustrate our continuing need to confront the mysteries of existence by way of metaphor and narrative Leeming suggests that myth and factual knowledge do not negate but complement each other Whether it is the American Dream alien abduction or belief in virgin birth and resurrection these living myths play a very therapeutic role in the development of a healthy society

Religion as

Metaphor David Tacey, 2015-06-01 Biblical stories are metaphorical. They may have been accepted as factual hundreds of years ago but today they cannot be taken literally. Some students in religious schools even recoil from the fairy tales of religion, believing them to be mockeries of their intelligence. David Tacey argues that biblical language should not be read as history and it was never intended as literal description. At best it is metaphorical but he does not deny these stories have spiritual meaning. Religion as Metaphor argues that despite what tradition tells us, if we believe religious language we miss religion's spiritual meaning. Tacey argues that religious language was not designed to be historical reporting but rather to resonate in the soul and direct us toward transcendent realities. Its impact was intended to be closer to poetry than theology. The book uses specific examples to make its case: Jesus, the Virgin Birth, the Kingdom of God, the Apocalypse, Satan, and the Resurrection. Tacey shows that with the aid of contemporary thought and depth psychology, we can re-read religious stories as metaphors of the spirit and the interior life. Moving beyond literal thinking will save religion from itself.
