Programs University of Michigan. School of Music, Theatre & Dance,2007 **The American Organist** ,2008

Alexander Tcherepnin Liudmila Zinov'evna Korabel'nikova,2008 Ludmila Korabelnikova recounts the life and times of Alexander Tcherepnin a prolific and often emulated composer who produced four operas 13 ballets four symphonies numerous orchestral and chamber works and more than 200 piano pieces He was born in Russia in 1899 to a family of musicians and artists However Aaron Copland referred to him as an honorary American composer and Toru Takemitsu called him a father figure of Japanese music Korabelnikova focuses not only on the biographical elements of Tcherepnin s story but also on his music and its technical innovations She includes extended quotations by the composer himself and selective analytical commentary based on primary sources and contemporaneous accounts **The Sonata** Thomas Schmidt-Beste,2011-03-10 What is a sonata Literally translated it simply means instrumental piece It is the epitome of instrumental music and is certainly the oldest and most enduring form of pure and independent instrumental composition beginning around 1600 and lasting to the present day Schmidt Beste analyses key aspects of the genre including form scoring and its social context who composed played and listened to sonatas In giving a comprehensive overview of all forms of music which were called sonatas at some point in musical history this book is more about change than about consistency an ensemble sonata by Gabrieli appears to share little with a Beethoven sonata or a trio sonata by Corelli with one of Boulez s piano sonatas apart from the generic designation However common features do emerge and the look across the centuries never before addressed in a single volume survey opens up new and significant perspectives *The Chamber Music Society of Lincoln Center: 1989-1999* Chamber Music Society of Lincoln Center,2001 The Harvard Concise Dictionary of Music and Musicians Don Michael Randel,1999-11-29 Entries are arranged alphabetically and encompass terms musical forms and styles individual works and instruments as well as composers performers and theorists Booklist Music Since 1900 Laura Diane Kuhn,2001 This 6th edition brings music of the 20th century to a close with coverage of years not included in the 5th

edition 1992 2000 Entries on roughly 1 000 more composers performers musicologists critics and opera directors offer critical commentary notable premieres and debuts deaths of significant figures as well as important festivals and concerts around the world Pan Pipes ,2002 *International Who's who in Music and Musicians' Directory* David M. Cummings,2000 First published in 2000 Routledge is an imprint of Taylor Francis an informa company *Organ Literature* Corliss Richard Arnold,1984 The inspiration and need for an organized comprehensive introduction to the vast literature for the organ and its development a field which has often been ignored by general music historians grew from a course on organ literature taught at Michigan State University The purpose of this book is to provide such an introduction The text discusses organ composition styles and their development in a general non detailed fashion according to various geographical areas and periods Charts give a view of the entire school of composers and show how important relationships such as those of teacher student and contemporaries occurred during the same period The historical background pages provide a few key items to establish an historical setting for each chapter Several maps help to clarify geographical relationships within schools The bibliographies to each chapter as well as a general one at the end of the book and the Appendix devoted to Bach should prove helpful in guiding serious organists students teachers and performers to sources for more detailed study In the Biographical Catalog of Organ Literature the reader will be able to find a brief biographical sketch and ready references to published organ music under the composer s name Page iv *Index to CD and Record Reviews, 1987-1997* ,1998 *The Forty-eight Trio Sonatas: Twelve sonate da chiesa, op. III ; Twelve sonate da camera, op. IV* Arcangelo Corelli,1968 *Organ Music in Print* Thomas R. Nardone,Walter A. Frankel,1984 **Schwann Opus** ,2001 BBC Music Library Catalogues: Piano and organ catalogue. [pt.] 1. Composers, A-K ; [pt.] 2. Composers, L-Z British Broadcasting Corporation. Music Library,1965 **A Directory of Composers for Organ** John Henderson,1999 A dictionary of composers of organ music with over 10 000 entries The repertoire encompasses a period of more than 500 years and extends across the borders of dozens of countries Each entry includes a succinct biography birth and death dates a comprehensive list of the composer s organ works with dates of publication and occasionally bibliographical references to books and articles for further study Organ Music in Print ,1997
