**Song Dynasty Lyrics Revisited** ,1996      New York Magazine ,1981-09-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      方方 ,2019 100      Just a Song Stephen Owen,2020-10-26 Song Lyric ci remains one of the most loved forms of Chinese poetry From the early eleventh century through the first quarter of the twelfth century song lyric evolved from an impromptu contribution in a performance practice to a full literary genre in which the text might be read more often than performed Young women singers either indentured or private entrepreneurs were at the heart of song practice throughout the period the authors of the lyrics were notionally mostly male A strange gender dynamic arose in which men often wrote in the voice of a woman and her imagined feelings then appropriated that sensibility for themselves As an essential part of becoming literature a history was constructed for the new genre At the same time the genre claimed a new set of aesthetic values to radically distinguish it from older Classical Poetry shi In a world that was either pragmatic or moralizing or both song lyric was a discourse of sensibility which literally gave a beautiful voice to everything that seemed increasingly to be disappearing in the new Song dynasty world of righteousness and public advancement      **Masters on Masterpieces of Song Lyrics** ,2016      **Song Si San Bai Sou** Thomas Leung,2007-01-01
