work Pauline Koner traces the course of her remarkable career from her days as a student of Michel Fokine in the 1920s through further studies with Angel Cansino and the brilliantly influential Michio Ito to a period as a dance soloist before World War II that make her reputation. After the war she entered a productive collaboration with Doris Humphrey and then began the epochal performances with Jose Limon. Her book is an instructive and charming chronicle of this remarkable career as well as a record of performances and interpretations that have gone far to mold modern dance into its present state of grace.

Sorrow and Consolation in Italian Humanism George W. McClure, 2014-07-14 George McClure offers here a far reaching analysis of the role of consolation in Italian Renaissance culture showing how the humanists' interest in despair and their effort to open up this realm in both social and personal terms signaled a shift toward a heightened secularization in European thought. Analyzing works by fourteenth and fifteenth century writers from Petrarch to Marsilio Ficino, McClure examines the treatment of such problems as bereavement, fear of death, illness, despair, and misfortune. These writers, who evinced a belief in the legitimacy of secular sadness, tried to forge a wisdom that in their view dealt more realistically with the art of living and dying than did the disputations of scholastic philosophy and theology. Arguing that consolatory concerns helped spur the revival of classical schools of psychological thought, McClure reveals that the humanists sought comfort from once neglected troves of Stoic, Peripatetic, Epicurean, Platonic, and Christian thought. He contends that the humanists' pursuit of solace and their duty as consolers provided not only a forum but perhaps also an incentive for the articulation of prominent Renaissance themes concerning immortality, the dignity of man, and the sanctity of worldly endeavor. *Ruth Crawford Seeger* Judith Tick, 2000-02-10 Ruth Crawford Seeger 1901-1953 is frequently considered the most significant American female composer in this century. Joining Aaron Copland and Henry Cowell as a key member of the 1920s musical avant-garde, she went on to study with modernist theorist and future husband Charles Seeger, writing her masterpiece *String Quartet* in 1931, not long after. But her legacy extends far beyond the cutting edge of modern music. Collaborating with poet Carl Sandburg on folk song arrangements in the twenties and with the famous folk song collectors John and Alan Lomax in the 1930s, she emerged as a central figure in the American folk music revival, issuing several important books of transcriptions and arrangements and pioneering the use of American folk songs in children's music education. Radicalized by the Depression, she spent much of the ensuing two decades working aggressively for social change with her husband and stepson, the folksinger Pete Seeger. This engrossing new biography emphasizes the choices

Crawford Seeger made in her roles as composer activist teacher wife and mother The first woman to win a Guggenheim Foundation Fellowship in music composition Crawford Seeger nearly gave up writing music as the demands of family politics and the folk song movement intervened It was only at the very end of her life with cancer sapping her strength that she returned to composing Written with unique insight and compassion this book offers the definitive treatment of a fascinating twentieth century figure
