Bernadette, The (Sunday Night Movie), 2013 Description TV Still Movie **The ^ADream Endures** Kevin Starr, 2002-11-28 What we now call the good life first appeared in California during the 1930s Motels home trailers drive ins barbecues beach life and surfing sports from polo and tennis and golf to mountain climbing and skiing sportswear a word coined at the time and sun suits were all a part of the good life perhaps California s most distinctive influence of the 1930s In *The Dream Endures* Kevin Starr shows how the good life prospered in California in pursuits such as film fiction leisure and architecture and helped to define American culture and society then and for years to come Starr previously chronicled how Californians absorbed the thousand natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in *Endangered Dreams* the fourth volume of his classic history of California In *The Dream Endures* Starr reveals the other side of the picture examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San Francisco and Los Angeles and in newly important communities like Carmel and San Simeon the home of William Randolph Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California for the long weekend at Hearst Castle The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures Hollywood films and the society that surrounded the studios Starr offers an astute discussion of the European refugees who arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were drawn to Hollywood and Southern California in these years Igor Stravinsky Arnold Schoenberg Man Ray Bertolt Brecht Christopher Isherwood Aldous Huxley Thomas Mann and Franz Werfel Starr gives a fascinating account of how many of them attempted to recreate their European world in California and

how others like Samuel Goldwyn provided stories and dreams for their adopted nation Starr reserves his greatest attention and most memorable writing for San Francisco For Starr despite the city s beauty and commercial importance San Francisco s most important achievement was the sense of well being it conferred on its citizens It was a city that magically belonged to everyone Whether discussing photographers like Edward Weston and Ansel Adams hard boiled fiction writers or the new breed of female star Marlene Dietrich Jean Harlow Bette Davis Carole Lombard and the improbable Mae West The Dream Endures is a brilliant social and cultural history in many ways the most far reaching and important of Starr s California books

The Saint's Life and the Senses of Scripture Ann W. Astell, 2024-07-15 Through close examination of ancient medieval and modern Lives of the saints Ann W Astell demonstrates how the historical transformation of hagiography as a genre correlates with similar changes in biblical studies Christian hagiography flourished from the fourth to the fifteenth centuries illuminating the gospel through the overlapping forms of exempla and vita Originally the Lives of the saints were understood as hermeneutical extensions of the Bible God authors the saint just as God authors the divinely inspired scriptures During the medieval period a sense of dual authorship between God and the cooperating saint developed paralleling the Scholastic impulse to assign greater agency to the human writers of scripture Then in the sixteenth century powerful new anxieties about historical truth pushed hagiography aside for biography its successor Drawing on her expertise in the history of Christianity and biblical exegesis Astell convincingly shows how this radical shift in hagiography s status the loss of the literal allegorical tropological and anagogical senses of the Lives serves as a bellwether for modern biblical reception *Franz Werfel's "The Song of Bernadette"* George Seaton, 1943 **Catholics in the Movies** Colleen
