Medieval Oral Literature Karl Reichl, 2011-11-30 Medieval literature is to a large degree shaped by orality not only with regard to performance but also to transmission and composition Although problems of orality have been much discussed by medievalists there is to date no comprehensive handbook on this topic

Medieval Oral Literature a volume in the De Gruyter Lexikon series was written by an international team of twenty five scholars and offers a thorough discussion of theoretical approaches as well as detailed presentations of individual traditions and genres In addition to chapters on the oral formulaic theory on the interplay of orality and writing in the Early Middle Ages on performance and performers on oral poetics and on ritual aspects of orality there are chapters on the Older Germanic Romance Middle High German Middle English Celtic Greek Byzantine Russian Hebrew Arabic Persian and Turkish traditions of oral literature There is a special focus on epic and lyric genres that are also discussed in separate chapters with additional chapters on the ballad and on drama

The Lyric Voice in English Theology Elizabeth S. Dodd, 2023-09-21 In this book Elizabeth S Dodd traces the contours of a lyric theology through the lens of English lyric tradition She addresses the dominance of narrative and drama in contemporary theological aesthetics by drawing on recent developments in lyric theory Informed by the work of critics such as Jonathan Culler Dodd explores the significance of lyric for theological discourse Lyric is presented here as a short musical expressive and personal form that is also fragmentary embodied socially located and performative The main chapters address key moments in English lyric tradition This selective approach aims to expand the theological gaze beyond the monochromatic features of the traditional canon It covers Anglo Saxon hymns medieval lullaby carols early modern sonnets and the prophetic poetry of Romanticism but also Grime and hip hop performance poetry social media poetry and Geoffrey Hill

A Short Media History of English Literature Ingo Berensmeyer, 2022-08-01 This book explores the history of literature as a history of changing media and modes of communication from manuscript to print from the codex to the computer and from paper to digital platforms It argues that

literature has evolved and continues to evolve in sync with material forms and formats that engage our senses in multiple ways Because literary experiences are embedded in and enabled by media the book focuses on literature as a changing combination of material and immaterial features The principal agents of this history are no longer genres authors and texts but configurations of media and technologies In telling the story of these combinations from prehistory to the present Ingo Berensmeyer distinguishes between three successive dominants of media usage that have shaped literary history performance representation and connection Using English literature as a test case for a long view of media history this book combines an unusual bird s eye view across periods with illuminating readings of key texts It will prove an invaluable resource for teaching and for independent study in English or comparative literature and media studies

Fossil Poetry Chris Jones,2018-08-09 Fossil Poetry provides the first book length overview of the place of Anglo Saxon in nineteenth century poetry in English It addresses the use and role of Anglo Saxon as a resource by Romantic and Victorian poets in their own compositions as well as the construction and invention of Anglo Saxon in and by nineteenth century poetry Fossil Poetry takes its title from a famous passage on early language in the essays of Ralph Waldo Emerson and uses the metaphor of the fossil to contextualize poetic Anglo Saxonism within the developments that had been taking place in the fields of geology palaeontology and the evolutionary life sciences since James Hutton s apprehension of deep time in his 1788 Theory of the Earth Fossil Poetry argues that two roughly consecutive phases of poetic Anglo Saxonism took place over the course of the nineteenth century firstly a phase of constant roots whereby Anglo Saxon is constructed to resemble and so to legitimize a tradition of English Romanticism conceived as essential and unchanging secondly a phase in which the strangeness of many of the extinct philological forms of early English is acknowledged and becomes concurrent with a desire to recover and recuperate the fossils of Anglo Saxon within contemporary English poetry The volume advances new readings of work by a variety of poets including Walter Scott Henry Longfellow William Wordsworth William Barnes Walt Whitman Ralph Waldo Emerson William Morris Alfred Tennyson and Gerard Hopkins *Making Nothing Happen* Gavin D'Costa,Eleanor Nesbitt,Mark Pryce,Ruth Shelton,2018-10-24 Making Nothing Happen is a conversation between five poet theologians who are broadly within the Christian tradition Nicola Slee Ruth Shelton Mark Pryce Eleanor Nesbitt and Gavin D

Costa Together they form The Diviners a group which has been meeting together for a number of years for poetry and theological and literary reflection Each poet offers an illuminating reflection on how they understand the relation between poetry and faith rooting their reflections in their own writing and illustrating discussion with a selection of their own poems The poets open up issues for deeper exploration and reflection including the nature of creativity and the distinction between divine and human creation the creative process as exploration epiphany and revelation the forging of identity through writing ways in which the arts reflect challenge and dialogue with faith and faith can inform and challenge the arts power and voice in poetry and faith and ways in which race gender and culture interact with and shape poetic and theological discourse This book will be of interest to poets and theologians to all who read poetry and are interested in the connections between literature and faith to those seeking inspiration for preaching liturgy and pastoral care and to those committed to the practice and nurturing of a contemplative attitude to life in which profound attention and respect are offered to words and to the creative Word at work The Development of Language and Language Researchers Frank S. Kessel, 2013-12-16 First published in 1988 This is a collection of essays that were presented at or generated afterwards at a meeting on language acquisition Society Development in April 1981 a symposium on The Development of Language and Language Researchers Whatever Happened to Linguistic Theory in Boston Visible Song Katherine O'Brien O'Keeffe, 1990 This book throws light on the debate about the orality or literacy of Old English verse whether it was transmitted orally or written down **A Compendious History of English Literature, and of the Language, from the Norman Conquest** George Lillie Craik, 1861
