Bayou Kevin Henderson,2021-03-20 Volume II Sweeping in scale SONG OF THE BAYOU presents a murder investigation and creates unforgettable characters risking their lives to track down killers The body of a young woman is found bound within the Spanish moss and cypress trees in the Louisiana bayou by a small town sheriff haunted by multiple tours of duty in Afghanistan and the violent accidental death of his only son A global crime syndicate profiting off the bodies of girls and young women hides in plain sight within the tight knit community of fishermen and hunters church goers and apple pie makers Their captors use the intricate miles of Louisiana waterways to move their human cargo from town to town to their final location to be sold to the highest bidder Told with the skill and power of a veteran novelist Kevin Henderson brings readers deep within the bayous of Louisiana the homes and kitchens of its residents and the halls of government power to create an important work of fiction confronting one of the most horrendous crimes taking place in every corner of the world

Kitts,2012-12-20 Finding Fogerty Interdisciplinary Readings of John Fogerty and Creedence Clearwater Revival edited by Thomas M Kitts begins to correct the scholarly neglect of John Fogerty one of America s great songwriters one of the rock era s great vocalists and one of its underrated guitarists and producers This essential collection pulls together scholars from a wide range of disciplines and

approaches to assess Fogerty's fifty year career and to argue for his musical and cultural significance The composer of American classics like Proud Mary, Fortunate Son, Green River, Who'll Stop the Rain, and Centerfield Fogerty first achieved commercial success with the release of Creedence Clearwater Revival in 1968 As the band's songwriter, lead singer, lead guitarist, and producer Fogerty led CCR in a blistering output of 10 top ten singles and seven gold albums before disbanding CCR in 1972 Divided into four sections: Born on the Bayou, Run Through the Jungle, Centerfield, and Keep on Chooglin' Finding Fogerty investigates Fogerty's songs, life, and legacy and stands as a tribute to one of America's most treasured musical legends *Merchant Vessels of the United States*, 1978 Antagonistic Cooperation Robert G. O'Meally, 2022-03-15 Winner 2023 Columbia University Press Distinguished Book Award Finalist 2023 Pauli Murray Book Prize in Black Intellectual History African American Intellectual History Society Shortlisted Historical Nonfiction Legacy Award Hurston Wright Foundation Ralph Ellison famously characterized ensemble jazz improvisation as antagonistic cooperation Both collaborative and competitive musicians play with and against one another to create art and community In *Antagonistic Cooperation* Robert G. O'Meally shows how this idea runs throughout twentieth century African American culture to provide a new history of Black creativity and aesthetics From the collages of Romare Bearden and paintings of Jean Michel Basquiat to the fiction of Ralph Ellison and Toni Morrison to the music of Louis Armstrong and Duke Ellington O'Meally explores how the worlds of African American jazz, art, and literature have informed one another He argues that these artists drew on the improvisatory nature of jazz and the techniques of collage not as a way to depict a fractured or broken sense of Blackness but rather to see the Black self as beautifully layered and complex They developed a shared set of methods and motives driven by the belief that art must involve a sense of community O'Meally's readings of these artists and their work emphasize how they have not only contributed to understanding of Black history and culture but also provided hope for fulfilling the broken promises of American democracy The Fisk University News, 1922 *Merchant Vessels of the United States...* United States Coast Guard, 1965 **Listen to Classic Rock!** Melissa Ursula Dawn Goldsmith, 2019-11-22 Listen to Classic Rock Exploring a Musical Genre provides an overview of this diverse and complex musical genre for scholars of classic rock and curious novices alike with a focus on 50 must hear musicians, songwriters, bands, and albums Listen to Classic Rock Exploring a Musical Genre explores in detail the genesis, evolution, and proliferation of classic rock It begins with a background on the development of classic rock and its subgenres Next an A to Z listing of artists, musicians, songwriters, and bands, albums, important concerts, and songs a chapter on classic rock's impact on popular culture a chapter on classic rock's legacy, and a bibliography This organization gives readers the choice of starting from the beginning to learn how classic rock and each of its subgenres emerged after rock and roll or skip ahead to a specific artist, recording, or song in the Must Hear Music section This volume stands out from other resources on classic rock for its listening centered approach Most books on classic rock focus on trivia, history, terminology, or criticism It also explores the sound of the music of important artists and offers musical
