

Suicide Awareness

A Better Mental Health Fund Programme

This **half day course** will equip you to feel more confident around the topic of **Suicide**.

We look at up to date statistics and the impact it has on people's lives. We identify myths and facts around suicide with our aim being to reduce stigma.

We recognise warning signs and key indicators if someone is considering suicide.

We provide basic tools on how to hold a conversation around suicide, preferred language and how to signpost. If we all play a part, we can help to prevent many suicides.

Plener,2022-01-25 *Understanding Korean Americans' Mental Health* Sung Seek Moon,Haein Son,Anderson Sungmin Yoon,2021-07-12 The Korean American community is one of the major Asian ethnic subgroups in the United States Though considered among one of the model minority groups excelling

academically and professionally members in this community are plagued by unaddressed mental health obstacles In *Understanding Korean Americans Mental Health A Guide to Culturally Competent Practices Program Developments and Policies* the editors Anderson Sungmin Yoon Sung Seek Moon and Haein Son examine a variety of mental health issues in the Korean American community including depression suicide substance abuse and trauma and convincingly connect these challenges to cultural stigma and racial prejudice The editors argue that this population and its mental health needs are neglected by current approaches in mainstream mental health services Alarming the very cultural values that help make up the Korean American community are contributing to its members reluctance to seek care counting both familial and communal shame among the most pressing culprits This book supports these claims with statistical realities and seeks to gather the relatively scarce research that does exist on this topic to underscore the heightened prevalence of mental health issues among Korean Americans and the contributors make recommendations for more culturally competent practices program developments and policies

The Dying Experience Samuel H. LiPuma, Joseph P. DeMarco, 2019-03-27 This vitally important book attempts to move beyond the current death denying culture The use of euphemistic and defiant phrases when dealing with terminal disease such as She lost her battle with cancer was more appropriate when medical doctors could do little to prolong life But treatments and technologies have significantly changed Now life prolonging interventions have outpaced our willingness to use medical intervention to secure patient control over death and dying We now face a new question When is it morally appropriate for medical intervention to hasten the dying process LiPuma and DeMarco answer by endorsing expanded options for dying patients Unwanted aggressive treatment regimens and protocols which reject hastening death should be replaced by a patient s moral right in carefully defined circumstances to hasten death by means of medical intervention Expanded options range from patient directed continuous sedation without hydration to physician assisted suicide for those with progressive degenerative disorders such as Alzheimer s The authors overriding goal is to humanize the dying process by expanding patient centered autonomous control

Handbook of Cultural Health Psychology Shahe S. Kazarian, David R. Evans, 2001-08-24 The *Handbook of Cultural Health Psychology* discusses the influence of cultural beliefs norms and values on illness health and health care The major health problems that are confronting the global village are discussed from a cultural perspective These include heart disease cancer HIV AIDS pain and suicide The cultural beliefs and practices of several cultural groups and the unique health issues confronting them are also presented The cultural groups discussed include Latinos Aboriginal peoples people of African heritage and South Asians The handbook contributes to increased personal awareness of the role of culture in health and illness behavior and to the delivery of culturally relevant health care services Many societies are culturally diverse or becoming so the cultural approach is a unique and necessary addition to the health psychology area Satisfies the ever increasing appetite of health psychologists for cultural issues in health and women s health issues Major and global health concerns are covered including heart disease

cancer HIV AIDS pain suicide and health promotion The health beliefs and practices of Latinos people of African heritage Aboriginal peoples and South Asians are presented without stereotyping these cultural groups The handbook provides excellent information for health care researchers practitioners students and policy makers in culturally pluralistic communities References are thorough and completely up to date

Understanding Suicide's Allure Stanley Krippner, Linda Riebel, Debbie Joffe Ellis, Daryl S. Paulson, 2021-01-13 This book explains why suicide can be alluring to a person aiming to stop his or her traumatic pain whether its source is bullying sexual assault war combat or other PTSD invoking events and details approaches that can prevent suicide Suicide has been a taboo topic in Western culture The mere mention of suicide sparks reactive responses that include medical moral spiritual and religious debates As a result the authors open an important discussion here offering an honest and non judgmental examination of the many aspects involved in the nature of suicide explaining that above all people need to learn how to support those struggling with suicidal thoughts or to intercept their own suicidal thinking The book also includes an extensive review and evaluation of the many available mental health treatments Special consideration is given to military suicides U S soldier suicides exceed one per day and continue to rise in all military branches while veteran suicide rates are even higher averaging 17 per day Communities families veterans and service members are in need of tools and insights for coping with navigating and exposing the suicidal attitudes affecting many current and former members of the military
