Suicide Opposing Viewpoints:

Suicide Tamara L. Roleff,1998 Provides differing viewpoints on issues of suicide *Suicide* Michael D. Biskup,1992 Presents opposing viewpoints on various aspects of suicide including individual rights physician assisted suicide and prevention *Suicide* Michael D. Biskup,Carol Wekesser,1992 Presents opposing viewpoints on various aspects of suicide including individual rights physician assisted suicide and prevention **Euthanasia** James D. Torr,2000 In 1997 the Supreme Court ruled that states may legalize physician assisted suicide and this form of euthanasia is now legal in Oregon The authors in this anthology which replaces Greenhaven s 1995 edition examine mercy killing and assisted suicide

Suicide Roman Espejo,2003 Suicide takes the lives of more than 30 000 Americans every year and is the third leading cause of death for those between the ages of fifteen and twenty four In this all new anthology authors debate the causes and possible solutions to this problem in the following chapters Is Suicide Ever Acceptable What are the Causes of Teen Suicide Should Assisted Suicide Be Legalized How Can Suicide Be Prevented **Suicide** David L. Bender,1998 **Problems of Death** David L. Bender,1974 Presents opposing viewpoints on euthanasia abortion suicide and funeral homes through essays by a variety of authors Includes discussion activities Opposing Viewpoints Sources Bruno Leone,David L. Bender,1984

The Right to Die Anne Wallace Sharp,Robert Taylor,2009-04-03 Doctor assisted suicide is legal in Oregon Washington Colorado California Washington D C and Vermont As of January 2016 991 patients have died by taking legally backed drugs under supervision in Oregon according to CNN This timely edition examines issues surrounding the right to die The book takes a critical look at topics such as euthanasia assisted suicide the refusal of medical treatment and life sustaining treatment *The Center for Bioethics and Human Dignity Presents Dignity and Dying* John Frederic Kilner,Arlene B. Miller,Edmund D. Pellegrino,1996 This book offers a more well founded perspective for considering some of the significant ethical issues in the field of medicine and health care **Problems of Death** James D. Torr,2000 The most divisive and emotionally charged issues of the day abortion the death penalty and euthanasia all have one thing in common They are matters of life and death Authors debate these perpetually contentious issues in the following chapters Is Abortion Moral Is Capital Punishment Just Should Society Condone Physician Assisted Suicide How Should Individuals View Death Straight Answers to 35 Tough Questions Gordon Kainer,2017-07-18 Many years ago Bob Dylan wrote The answer my friend is blowin in the wind but we ve learned that really important answers don t come that easily Asking questions is a sign of a healthy growing faith a faith that drives us deeper into God s Word That s the reason God s first question in the Old Testament is Where are you while the first question the wise men ask in the New Testament is Where is He It s been observed that God answers just enough questions to get us through the day while leaving us with enough unanswered questions so we can look forward to learning more tomorrow This book is designed to deal with some of our most difficult questions or troubling issues from a biblical perspective At times it may appear that some questions have no answer or maybe have more than one or

perhaps have answers that contradict each other That s one reason we re not only to confront knotty questions but willingly accept God s unraveling answers Suicide Jacqueline Langwith,2008 From Booklist Each volume in the Opposing Viewpoints Series could serve as a model not only providing access to a wide diversity of opinions but also stimulating readers to do further research for group discussion and individual interest Both shrill and moderate the selections by experts policy makers and concerned citizens include complete articles and speeches long book excerpts and occasional cartoons and boxed quotations all up to date and fully documented The editing is intelligent and unobtrusive organizing the material around substantive issues within the general debate Brief introductions to each section and to each reading focus the questions raised and offer no slick answers **Abortion-- Murder Or Mercy?** François B. Gérard,2001 This book is meant to provide an overview of and gather the literature on abortion one of the most divisive issues of our times Honest women and men the world over must deal with this issue in their hearts and minds whether or not they ever face the issue personally It is hard to conceive of a single thinking person who doesn t have an opinion on abortion usually strongly held The arguments are cogent on both sides of the issue We hope that this collection will bring to the attention of readers the publications which shed light on the fundamental issues involved Psychotherapy with Suicidal People Antoon A. Leenaars,2004-05-14 Almost a million people die by suicide every year WHO estimate The sheer numbers have made suicide prevention a major health target but effective prevention is not straightforward Suicide is a complex event more complex than most of us imagine calling for an equally complex response Psychotherapy with Suicidal People provides a multi component approach with rich clinical data including many case histories to guide the reader Based on decades of research from across the globe Antoon A Leenaars takes the reader into the mind of the suicidal person from the young to the elderly from the anonymous to the famous There is no better way to know and thus to treat a person A plethora of special features makes this volume an international classic and includes Reflections of many suicidologists such as Heraclitus Plato Sigmund Freud Emile Durkheim and Edwin Shneidman A unique window on the clinical mind of the author Empirically supported definition with applications across age gender historical time as well as culture The report of the International Working Group on Ethical and Legal Issues in Suicidology Psychotherapy with Suicidal People A Person centred Approach is essential reading for clinical psychologists psychiatrists and their trainees and all clinicians who work with suicidal people The Right to Die Alan Meisel,Kathy L. Cerminara,Thaddeus M. Pope,2004-01-01 The Right to Die Third Edition analyzes the statutory and case law Surgical Palliative Care Anne C. Mosenthal,Geoffrey P. Dunn,2019-10-18 Palliative care has become increasingly important across the spectrum of healthcare and with it the need for education and training of a broad range of medical practitioners not previously associated with this field of care Part of the Integrating Palliative Care series this volume on surgical palliative care guides readers through the core palliative skills and knowledge needed to deliver high value care for patients with life limiting critical and terminal illness under surgical care Chapters explore the historical

philosophical and spiritual principles of surgical palliative care and follow the progression of the seriously ill surgical patient's journey from the pre operative encounter to the invasive procedure to the post operative setting and on to survivorship An overview of the future of surgical palliative care education and research rounds out the text Surgical Palliative Care is an ideal resource for surgeons surgical nurses intensivists and other practitioners who wish to learn more about integrating palliative care into the surgical field *Christianity & Bioethics* Mark Wesley Foreman,1999 It's difficult to see a family member suffer yet is it right to take actions to relieve that suffering which might hasten their death Is human cloning something we should allow to happen Should doctors be allowed to assist patients who choose to die rather than continue to live in pain or with a disease As medical technology improves the challenges to your ethical and religious convictions will certainly increase Sooner or later you will find yourself making medical choices that have faith implications This book will help you begin the process of determining what you believe God would want you to do in the face of these challenging situations This is a must read book *The Dying Experience* Samuel H. LiPuma,Joseph P. DeMarco,2019-03-27 This vitally important book attempts to move beyond the current death denying culture The use of euphemistic and defiant phrases when dealing with terminal disease such as She lost her battle with cancer was more appropriate when medical doctors could do little to prolong life But treatments and technologies have significantly changed Now life prolonging interventions have outpaced our willingness to use medical intervention to secure patient control over death and dying We now face a new question When is it morally appropriate for medical intervention to hasten the dying process LiPuma and DeMarco answer by endorsing expanded options for dying patients Unwanted aggressive treatment regimens and protocols which reject hastening death should be replaced by a patient's moral right in carefully defined circumstances to hasten death by means of medical intervention Expanded options range from patient directed continuous sedation without hydration to physician assisted suicide for those with progressive degenerative disorders such as Alzheimer's The authors overriding goal is to humanize the dying process by expanding patient centered autonomous control *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70
