## **Sultans Secret:**

*The American Short-horn Herd Book* Lewis Falley Allen, William T. Bailey, 1917      **Christianity and Islam Under the Sultans** Frederick William Hasluck, 1929 In the spring of 1913 he the author visited Konia the ancient Iconium There he became interested in the interplay of Christianity and Islam within the Turkish empire The result of his researches is this work the first comprehensive study of Turkish folk lore and its relations with Christianity Editor s note      **Spies, Scandals, and Sultans** Ibrāhīm Muwayliḥī, 2008 This is an English translation of a critical portrait of the Ottoman capital of Istanbul during the days of the Sultan Abd al Hamid      **The American Shorthorn Herd Book** , 1917      *AngloArabia* David Wearing, 2018-11-26 UK ties with Saudi Arabia and the other Gulf monarchies are under the spotlight as never before Huge controversy surrounds Britain s alliances with these deeply repressive regimes and the UK s key supporting role in the disastrous Saudi led intervention in Yemen has lent added urgency to the debate What lies behind the British government s decision to place politics before principles in the Gulf Why have Anglo Arabian relations grown even closer in recent years despite ongoing egregious human rights violations In this ground breaking analysis David Wearing argues that the Gulf Arab monarchies constitute the UK s most important and lucrative alliances in the global south They are central both to the British government s ambitions to retain its status in the world system and to its post Brexit economic strategy Exploring the complex and intertwined structures of UK Gulf relations in trade and investment arms sales and military cooperation and energy Wearing shines a light on the shocking lengths to which the British state has gone in order to support these regimes As these issues continue to make the headlines this book lifts the lid on AngloArabia and what s at stake for both sides

**American Polled Shorthorn Herd Book** , 1923      *The Sultan's Heir* Alexandra Sellers, 2011-03-21 Sheikh Najib blasted into Rosalind Lewis s life and staked a sultan s claim on her son Her denial of the boy s royal lineage was met with deaf ears and relentless kisses When danger threatened mother and child were whisked into Najib s exotic world a faraway place where protection meant marriage But with every night in the arms of her sheikh husband Rosalind s secret threatened to surface Would the truth bring a bitter end or a heartfelt vow      [The Complete Plays of Jean Racine](#) Jean Racine, 2015-10-13 This is the second volume of a projected translation into English of all twelve of Jean Racine s plays only the third time such a project has been undertaken in the three hundred years since Racine s death For this new translation Geoffrey Alan Argent has taken a fresh approach he has rendered these plays in rhymed heroic couplets While Argent s translation is faithful to Racine s text and tone his overriding intent has been to translate a work of French literature into a work of English literature substituting for Racine s rhymed alexandrines hexameters the English mode of rhymed iambic pentameters a verse form particularly well suited to the highly charged urgency of Racine s drama and the coiled strength of his verse Complementing the translation are the illuminating Discussion intended as much to provoke discussion as to provide it and the extensive Notes and Commentary which clarify obscure references explicate the occasional gnarled conceit

and offer their own fresh and thought provoking insights Bajazet Racine's seventh play first given in 1672 is based on events that had taken place in the Sultan's palace in Istanbul a mere thirty years earlier But the twilight twisting passageways of the Seraglio merely serve as a counterpart to the dim and errant moral sense of the play's four protagonists Bajazet the Sultan's brother Atalide Bajazet's secret lover Roxane the Sultanness who is madly in love with Bajazet and dangles over his head the death sentence the Sultan has ordered her to implement in his absence and Akhmet the wily well intentioned Vizier who involves them all in an imbroglio in the Seraglio with disastrous consequences Unique among Racine's plays Bajazet provides no moral framework for either protagonists or audience We watch as these benighted characters cut adrift from any moral moorings with no upright character at hand to serve as an ethical anchor and no religious or societal guidelines to serve as a lifeline flail flounder and finally drag one another down Here Racine has presented us with his four most mercilessly observed most subtly delineated and most ambiguously fascinating characters Indeed Bajazet is certainly Racine's most undeservedly neglected tragedy

*The Sultans of the Ottoman Empire* Doç. Dr. Raşit GÜNDOĞDU, 2020-03-11 The Ottomans who patronaged the muslim and non muslim nations from Indonesia to Spain from the Crimea to Yemeni always pursued justice and brought it to the lands they conquered as well as development and civilization without any language religion and race discrimination Only the Ottomans was bestowed with establishing a government ruled by 36 sultans lasted for 622 years uninterrupted in the history of the world The Sultans of the Ottoman Empire from Osman Ghazi to Vahdettin Khan who ascended the throne had done important works as much as possible to keep the state on its feet for the public welfare and content Today as the archives are opened and new documents are emerged many secrets about the sultans and their periods come out

*The Imperial Harem* Leslie P. Peirce, 1993 The unprecedented political power of the Ottoman imperial harem in the sixteenth and seventeenth centuries is widely viewed as illegitimate and corrupting This book examines the sources of royal women's power and assesses the reactions of contemporaries which ranged from loyal devotion to armed opposition By examining political action in the context of household networks Leslie Peirce demonstrates that female power was a logical indeed an intended consequence of political structures Royal women were custodians of sovereign power training their sons in its use and exercising it directly as regents when necessary Furthermore they played central roles in the public culture of sovereignty royal ceremonial monumental building and patronage of artistic production The Imperial Harem argues that the exercise of political power was tied to definitions of sexuality Within the dynasty the hierarchy of female power like the hierarchy of male power reflected the broader society's control for social control of the sexually active

*Catholics and Sultans* Charles A. Frazee, 2006-06-22 This book surveys the relations between Catholics outside and inside the Ottoman Empire from 1453 to 1923 After the fall of Constantinople the only large Latin Catholic group to be incorporated into the Sultan's domain were the Genoese who lived in Galata across the Golden Horn from the Byzantine capital Over the next few decades Turkish armies pushed into the Balkans overrunning the Catholic population of Albania

Bosnia and Hungary In the Orient the sixteenth century saw the Maronites of Lebanon the Latins of Palestine and most of the Greek islands which once held Latin Catholic communities come under Turkish rule Papal response to the loss of these communities was initially a call to the crusade but response from West European monarchs was disappointing Their concerns were closer to home French interest however lay in an alliance with the Turks against the Habsburgs As a bonus the Catholics of the Ottoman world received a protector at the Porte in the person of the French ambassador The book traces the subsequent history of the Latin Catholics and each of the Eastern Catholic churches in the Ottoman Empire until its dissolution in 1923

*In the Sultan's Salon: Learning, Religion, and Rulership at the Mamluk Court of Qāniṣawh al-Ghawrī (r. 1501–1516) (2 vols)* Christian Mauder, 2021-08-09 Christian Mauder's *In the Sultan's Salon* builds on his award winning research and constitutes the first detailed study of the Egyptian court culture of the Mamluk Sultanate 1250–1517 Based mainly on understudied Arabic manuscript sources describing the learned salons of the Mamluk Sultan al Ghawr In the *Sultan's Salon* presents the first theoretical conceptualization of the term court that can be fruitfully applied to premodern Islamic societies It uses this conceptualization to demonstrate that al Ghawr's court functioned as a transregionally interconnected center of dynamic intellectual exchange theological debate and performance of rule that triggered novel developments in Islamic scholarly religious and political culture

*Oriental Anecdotes of the Ancient Sultans of One, Two and Three Centuries Past, Related by a Turk, Mehemed Effendi*, 1873

**Arabia Without Sultans** Fred Halliday, 2013-10-04 Fred Halliday writes The Arab Middle East is probably the most misunderstood of all regions the one with the longest history of contact with the west yet it is probably the one least understood Part of the misunderstanding is due to the romantic mythology that has long appeared to shroud the deserts of the peninsula Where old myths have broken down new ones have absorbed them or taken their place Now the Sheikh of Arabia has stepped down from his camel Instead through the delusive lens of the energy crisis he is seen to be riding a Cadillac and squeezing the powerless Western consumer of oil First published in the 1970s *Arabia Without Sultans* retains its validity for the present as it analyses the Arabian peninsula and Iran within the global context of western post colonial strategy and the political economy of oil Halliday offers a thorough study of the history the politics and the economy of this region in an ambitious encompassing and entertaining manner This classic work remains indispensable for students academics and all those who wish to have a greater understanding of the Arabian peninsula A well documented work written by an author who knows the language of the area Maxime Rodinson Halliday provides an unusual view point and a well documented description of the history of these states Middle East International Anyone interested in this area will want to read this International Affairs A most valuable account of the developments which have taken place in the Arab Gulf over the last hundred years Tariq Ali

*Everyone's History* John H. Chambers, 2008-10-16 The book's structure blends history and geography A good world atlas or a world historical atlas will be helpful in the reading The historical arrangement of contents has six Parts Classical Mediaeval Early Modern

Lands Early Modern Ideas Late Eighteenth and Nineteenth Centuries Twentieth Century Although this sequence of periods and categories fits Western European history best it is also reasonably appropriate for Central Asia India and China For other regions it is more arbitrary and Classical and Mediaeval periods are merged Because the Parts overlap and involve imprecise categories in the List of Contents and Summaries no attempt is made to give dates for their beginning and end *Rebel*
