Summer Cottages and Castles Patricia Corbin, 1987-09-30      **Princeton Alumni Weekly** Jesse Lynch Williams, Edwin Mark Norris, 1987      **The Eclectic Magazine** John Holmes Agnew, Walter Hilliard Bidwell, 1888      The Eclectic Magazine of Foreign Literature, Science, and Art, 1888      **Eclectic Magazine, and Monthly Edition of the Living Age** John Holmes Agnew, Walter Hilliard Bidwell, 1888      *The Canadian Magazine of Politics, Science, Art and Literature*, 1904      The Canadian Magazine, 1904      *Making Vancouver* Robert A.J. McDonald, 2011-11-01 Making Vancouver explores social relationships in Vancouver from 1863 to 1913 It considers how urbanization structured social boundaries among Burrard Inlet s increasingly large population and is premised on the belief that in studying social boundaries historians must abandon single category forms of analysis and build into their research strategies the capacity to explore complexity Robert McDonald thus traces the relationship between the two forms of identify class and status for the whole of Vancouver society The book starts with the years when settlement on Burrard Inlet centred around two lumber mills explores periods of elite dominance of city institutions and then of growing social and political conflict following the arrival of the railway examines the heightening of class tensions at the turn of the century charts economic growth during the boom years before the war and concludes with three chapters on the tripartite status hierarchy that emerged in concert with that of a class dichotomy It reveals a western city that was neither egalitarian nor closed to opportunity Vancouver up to the pre war crash of 1913 was open and dynamic The rapidity of growth easy access to resources narrow industrial base and influence of ethnicity and race softened the thrust towards class division inherent in capitalism Far more powerful in directing social relations was the quest for status creating a social structure that was no less hierarchical than that predicted by class theory but much more fluid The social boundary that separated the working class from others is revealed as a division that for much of the pre war boom period divided Vancouver society more fundamentally than the boundary separating labour from capital      **Edinburgh (Rough Guides Snapshot Scotland)** Rough Guides, 2017-05-04 The Rough Guides Snapshot Scotland Edinburgh is the ultimate travel guide to the capital of Scotland It leads you through the city with reliable information and comprehensive coverage of all the sights and attractions from Arthur s Seat to Edinburgh Castle Detailed maps and up to date listings pinpoint the best caf s restaurants hotels shops bars and nightlife plus a guide to the Edinburgh Festival ensuring you make the most of your trip whether passing through staying for the weekend or longer The Rough Guides Snapshot Scotland Edinburgh also covers the top places to visit outside the center including East Lothian Midlothian and West Lothian Also included is the Basics section from the Rough Guide to Scotland with all the practical information you need for travelling in and around Edinburgh including transport food drink accommodation outdoor activities and costs Also published as part of the Rough Guide to Scotland The Rough Guides Snapshot Scotland Edinburgh is equivalent to 86 printed pages      **Design Book Review**, 1983      **House Beautiful**, 1905      *Board of Contract Appeals Decisions* United States.
