Keep the Rhythm and the Bridge Won't Swing S. A. Sullivan, 2000-10-29 Noah Gordon youngest son of Scottish Earl Hugh Gordon immigrated to America in the 1800 s seeking a new life He found romance adventure and hardship and his strength of character steered the course for his family through the decades That spirit led great granddaughter Thelma and her husband H E Wyatt to leave Arkansas for Nebraska during the 1930 s Depression With five children to feed and clothe H E

worked at corn shucking and odd jobs for the farmers around Lisco Nebraska anything he could get to make a dollar F D R s election and subsequent programs for the poor lifted them from poverty and life improved The older girls grew up and moved to California finally enticing their parents to follow With H E s well paying job the Wyatts purchased their first home Life flowed along after the Second World War ended and Norma and Faye moved back to Nebraska with their husbands and children The 1949 blizzard hit the state shortly after the family s return The massive storm hammered the ranching community where 1000 s of livestock died Rural residents were stranded in their homes and the Army moved in to open roads and restore power Part 2 consists of letters from James the Wyatt s only son He journalized his Korean War experiences daily After months of heavy combat he was discharged without a scratch and nothing prepared the family for his death from leukemia several years later The epilogue sums up the family history and the dream the prefaced Thelma s death at 95

Suitable Storage Conditions for Certain Perishable Food Products ,1921 **Van Gogh's Gardens** Derek Fell,2001-04-12 Of the passions driving Vincent Van Gogh s extraordinary art one of the greatest was his abiding preoccupation with flowers gardens and the natural landscape Living in poverty however he was never able to translate the breathtaking visions on his canvas into an actual garden Now thanks to Derek Fell s marvellous images insightful writing and reverent adherence to Van Gogh s original botanical ideas Van Gogh s gardens have finally come to brilliant life Drawing inspiration from his dazzling paintings of sunflowers irises and Provencal landscapes as well as from the eloquent letters he wrote to his brother and sister about colour harmonies and planting ideas Fell has lovingly created and photographed the living embodiment of Van Gogh s singular reflections on colour and nature More than 130 original colour photographs show the roots of his ideas in the French landscape today and reveal exactly how those ideas will look in our own backyards including contemporary gardens that embrace such unconventional Van Gogh inspired pairings as geraniums with poppies and heliotrope with roses The book also showcase twenty of the master s most stunning paintings of landscapes and flowers

Non-Market and Transitional Societies Herbert A. Applebaum,1984-01-01 In industrialized cultures what we do to earn a living is usually divorced from what we do the rest of the time This contrasts with non market cultures where work is an intimate part of life People of such cultures perceive a unity between hunting and raising a family between making pots and training children between the building of houses and the practice of religion Often there is no separate word for work

because work is such an all encompassing activity Work in Non Market and Transitional Societies is an overview of the organization of work in diverse societies the division of labor the notions of time that affect work and working and the kinds of adaptations people make when transplanted from one society to another The groundbreaking study encompasses pre industrial and non market societies as well as cultures in the process of change and modernization This double focus provides an unusual and stimulating perspective for both anthropology and the social sciences This book features a broad theoretical introduction delineating the major issues and aspects of investigation in this field It then presents twenty essays that show how work is carried on by women and men in varied societies and cultures The authors provide guidelines for understanding the different value systems and discuss why each approach to work is appropriate in its specific societal structure The North American Indian. The Peyote cult. ~ Paperbound , **History of Dodge and Washington Counties, Nebraska, and Their People** ,1921
