Jung,2022-05-29 For Jung the beautiful and brilliantly creative 28 year old Christiana Morgan was an inspired force whose path in self analysis paralleled his own quest for personal knowledge By teaching Morgan the trance like technique of active

imagination Jung helped her embark on a series of archetypal adventures which she depicted in paintings of great virtuosity and he candidly recounted at a seminar given to some of his closest followers Through his eloquent description of the fiery mythic visions of a woman discovering her repressed sexuality and feminine power Jung reveals how deeply this encounter challenged his understanding of feminine psychology These two volumes bring together for the first time colour reproductions of Morgan's paintings with a complete transcript of the seminar **Seeking the Centre** Roslynn D.

Haynes, 1998 The desert has a hypnotic presence in Australian culture simultaneously alluring and repellent The Centre is distant and unknown to most Australians yet has become a symbol of the country This exciting book highly illustrated in full colour reveals the singular impact that the desert both geographical and metaphorical has had on Australian culture At the heart of the book is the profound relationship that Aboriginal Australians have with the desert and the complex ways in which they have been seen by white people in this context The Sons of the Gods and the Daughters of Men Modupe

Oduyoye, 2015-09-29 Modupe Oduyoye knows the rules of biblical criticism set down by the scholars of Europe and North America and he draws upon them to good effect Yet when he chooses to read the Hebrew Bible through the eyes of African creation myth and with the tongue of the Hamitic language group the effect is extraordinary Without attempting to solve the complex riddle of all that Jerusalem of old had to do with Ethiopia and East Africa Oduyoye persuasively shows that the exquisite sensitivity of African religion to the realm of the spirit is a living witness to a biblical consciousness much richer and more pluralistic than we had realized We ignore to our impoverishment and even our peril Oduyoye believes this biblical sense of human participation in the divine vitality and of spiritual kinship among the creatures W Sibley Towner Professor of Biblical Interpretation Union Theological Seminary Modupe Oduyoye presents a fascinating study in the area of biblical interpretation in drawing upon biblical and West African languages This is a work that ought to stimulate thought and make African theologians more receptive to the call to take a fresh look at the Bible against the background of African life and thought Kwesi A Dickson Professor of Old Testament Studies Director of the Institute of African Studies University of Ghana There is much in Modupe Oduyoye's book that is explosive of our Western biblical theological ethnocentricity This book is another heralding of the West African school which will have our skills but use them according to ground rules they are working out a school that will take its place with the Mexican the Tamil and many others As the tide recedes from the West it is good to hear the surge and thunder of the African shore Noel A King Professor of History and Comparative Religion University of California at Santa Cruz Modupe Oduyoye is a Nigerian exegete and philologist He was William Paton Fellow at the Selly Oak Colleges Birmingham 1981-82 He presently serves as the Literature Secretary of the Christian Council of Nigeria and as Manager of the Daystar Press in Ibadan
