So You Want to Start a Brewery? Tony Magee, 2014-10-01

In 1993 Tony Magee who had foundered at every job he'd ever had decided to become the founder of a brewery. *So You Want to Start a Brewery* is the thrilling first person account of his gut wrenching challenges and unexpected successes. Based in Petaluma California the Lagunitas Brewing Company makes craft beer that is simple and flavorful and defies categorization. The same could be said for this book. Equal parts memoir narrative and business story with liberal dashes of pop culture and local color this honest yet hilarious account of a one of a kind made in America journey just happens to culminate with the success of one of the nation's most popular craft beer brands. In twenty years Lagunitas has grown from a shoestring operation to be the fifth largest and the fastest growing craft brewer in the United States. First published in a limited edition two years ago by a tiny California press *So You Want to Start a Brewery* has here been revised and updated to include Lagunitas's establishment of a new brewery in Chicago set to open in 2014. *So You Want to Start a Brewery* is unglamorous and full of entertaining digressions but it's never afraid to mess with the nuts and bolts. This is a must read for all who have considered starting their own business or have sweated blood working to get one on its feet. Told in the vibrant voice of Tony Magee the man closest to the process this blow by blow chronicle will introduce beer drinkers and entrepreneurs to the reality of starting a craft brewery from the ground up.

So You Want to Start a Nursery Tony Avent, 2003-07-11

When Avent announced that he was quitting his job to build a specialty nursery his former horticulture professor begged his student to reconsider, telling him he couldn't possibly make a profit without doing something illegal. More than ten years and 20 nursery catalogs later, Avent owns a thriving national business with nearly 30 employees. He wrote *So You Want to Start a Nursery* to debunk myths about the ornamental plants nursery business and what it takes to succeed, whether you're a backyard hobbyist or a wholesale grower. And he still has a clean arrest record. Assuming that the reader has some basic knowledge about how plants are grown, Avent

focuses on the business and planning concerns of the nursery owner While recounting humorous stories of his baptism by fire as a beginning nurseryman Avent also provides a primer on the nursery industry as a whole with discussions of the merits and disadvantages of retail wholesale mail order and liner operations to name just a few Readers of this book will obtain the tools they need to make a business plan of their own This book is a must read for horticulture students industry insiders and advanced gardeners who dream of turning their passion for plants into a job they love *So You Want to Start a Chronic Illness / Pain ministry* Lisa Copen,1998
