Soccer In South Asia Empire Nation Diaspora:

Special Issue Soccer in South Asia Paul Dimeo,2000 **Soccer in South Asia** Paul Dimeo,James Mills,2001 This work traces the history achievements and prospects of football in India and among global south Asian communities **The Politics of Sport in South Asia** Subhas Ranjan Chakraborty,Shantanu Chakrabarti,Kingshuk Chatterjee,2013-09-13 Behind the spectacle of entertainment sport is a subject with political issues at every level These issues range from the social with divisions created along gender and class lines to the use of sport to pursue diplomatic and statecraft goals In addition some sports are positioned and promoted as national events both in public opinion and in the media This book seeks to explore some aspects of the notion of power in sport in south Asia and among south Asians abroad The first two chapters deal with the internal societal dimensions of the politics of sport the next three relate to the politics inside the sporting world in the subcontinent and its bridge with the broader arena of the society through the media while the last five relate to the use of sports in statecraft consensus building and international politics This book was based on two special issues of the International Journal of the History of Sport *British Asians, Exclusion and the Football Industry* Daniel Kilvington,2016-02-22 This book examines the exclusion of British Asians from the football industry drawing on a wealth of empirical work with players coaches scouts managers fans anti racist organisations community officers and key stakeholders It adopts a critical race theory CRT perspective to offer a platform for excluded communities to discuss their experiences and offer their advice guidance and criticisms Notions of whiteness intersectionalities and gender are explored and filter throughout This book highlights historical and contemporary reasons for the British Asian exclusion from football critically examines a number of tried and tested inclusion strategies and offers recommendations for reform to help achieve equality and inclusion The research aims to dehomogenise British Asian football experiences offer the counter narratives of British Asian male and females to challenge master narratives comprehend the importance of intersectionalities understand identity shifts and cultural changes challenge socio cultural stereotypes and racial myths highlight contemporary manifestations of racisms in football at all levels examine the role parallel football environments have played in the exclusion cast a critical eye over inclusion initiatives promote recommendations for reform which are born out of empirical research As long as marginalized groups such as British Asians are excluded from a field of popular culture in this case football it is a topic that demands attention deserves investigation and requires solutions It is hoped that this book can be of use to students researchers and policymakers who share an active interest in football exclusion and equality **Fringe Nations in World Soccer** Kausik Bandyopadhyay,Sabyasachi Mallick,2013-09-13 Soccer is the most popular mass spectator sport in the world gaining huge media coverage and reaching all levels of society in countries all around the world More than just entertainment soccer has proved to be a reflection of national cultural community and ethnic identity as well as an indication of the development and international status of post colonial nation states For those nations still at the fringes of the modern

global game soccer represents a vision of potential commercialisation capable of generating foreign reserves and bringing in considerable economic power This book explores aspects of the development of soccer in countries which have recently been marginalised in world soccer or have only erratic success on the international stage These fringe nations include a greater part of Africa the USA Australia Israel India Nepal Bhutan Burma Indonesia Thailand Maldives and Sri Lanka and while these countries are rarely noticed by the global football media they nonetheless have great potential to excel and many have a rich soccer heritage that still holds a place of central importance in the every day life of the people This book was previously published as a special issue of Soccer and Society

A Social History of Indian Football Kausik Bandyopadhyay, Boria Majumdar, 2018-10-24 A Social History of Indian Football covers the period 1850 2004 It considers soccer as a derivative sport creatively and imaginatively adapted to suit modern Indian socio cultural needs designed to fulfil political imperatives and satisfy economic aspirations The book is concerned with the appropriation assimilation and subversion of sporting ideals in colonial and post colonial India for nationalist needs The book assesses the role of soccer in colonial Indian life to delineate the inter relationship between those who patronised promoted played and viewed the game to analyse the impact of the colonial context on the games evolution and development and shed light on the diverse nature of trysts with the sport across the country Throughout this book soccer is the lens that illuminates India s colonial and post colonial encounter This volume was previously published as a special issue of the journal Soccer and Society

Sport in the Cultures of the Ancient World Zinon Papakonstantinou, 2013-09-13 Sport has been practised in the Greco Roman world at least since the second millennium BC It was socially integrated and was practised in the context of ceremonial performances physical education and established local and international competitions including most famously the Olympic Games In recent years the continuous re assessment of old and new evidence in conjunction with the development of new methodological perspectives have created the need for a fresh examination of central aspects of ancient sport in a single volume This book fills that gap in ancient sport scholarship When did the ancient Olympics begin How is sport depicted in the work of the fifth century historian Herodotus What was the association between sport and war in fifth and fourth century BC Athens What were the social and political implications of the practice of Greek style sport in third century BC Ptolemaic Egypt How were Roman gladiatorial shows perceived and transformed in the Greek speaking east And what were the conditions of sport participation by boys and girls in ancient Rome These are some of the questions that this book written by an international cast of distinguished scholars on ancient sport attempts to answer Covering a wide chronological and geographical scope ancient Mediterranean from the early first millennium BC to fourth century AD individual articles re examine old and new evidence and offer stimulating original interpretations of key aspects of ancient sport in its political military cultural social ceremonial and ideological setting This book was previously published as a special issue of the International Journal of the History of Sport

The Rise of Stadiums in the Modern United States Mark Dyreson, Robert Trumbour, 2013-09-13 Many Americans know more

about the stadiums that loom over their cityscapes or college campuses than they do about any other aspect of the nation's geography. Stadiums serve as iconic monuments of urban and university identities. Indeed, the power of sport in modern American culture has produced sportscape landscapes literally shaped by their devotion to athletic competition. Curiously, given the importance of the secular cathedrals in American culture, historians have paid little attention to these edifices. *The Rise of Stadiums in the Modern United States: Cathedrals of Sport* seeks to remedy that oversight. This book will analyze stadiums from a variety of perspectives, paying special attention to the links between the built environment in which Americans watch and play games and the larger social environments that the nation's sporting practices inhabit. *The Rise of Stadiums in the Modern United States: Cathedrals of Sport* explores the role of stadiums in shaping urban identities, determining the economics of intercollegiate athletics, influencing local and national politics. This book was previously published as a special issue of the *International Journal of the History of Sport*. *Football and Community in the Global Context* Adam Brown, Tim Crabbe, Gavin Mellor, 2013-10-31. Football clubs across the world continue to embody many of the collective symbols, identifications, and processes of connectivity which have long been associated with the notion of community. In recent years, however, the very term community has become the focus of renewed interest within popular discourse and amongst academics, politicians, and policy makers. It has become something of a buzz word, wheeled out as both a lament to more certain times and as an appeal to a better future, a term imbued with all the richness associated with human interaction. Community has also been employed increasingly within football for instrumental reasons, concerned with policy and stadium redevelopment and in broader rhetoric about clubs, their localities, and fans. This book brings together a range of key debates around contemporary understandings of community in world football. Split into four sections, it considers political and theoretical debates around football and its connection with community, different national and ethnic football communities, instrumental uses of football to bridge gaps within and between groups, future directions in the football and community debate. This book was published as a special issue of *Soccer Society*. *Sport in South Asian Society* Boria Majumdar, J. A. Mangan, 2013-09-13. A detailed study of sports arrival, spread, and advance in colonial and post-colonial South Asia. A selection of articles addresses critical issues of nationalism, communalism, commercialism, and gender through the lens of sport. This book makes the point that the social histories of South Asian sport cannot be understood by simply looking at the history of the game in one province or region. Furthermore, it demonstrates that it would be wrong to understand sport in terms of the exigencies of the colonial state. Drawing inspiration from C. L. R. James's well-known epigram, 'What do they know of cricket who only cricket know', the findings suggest that South Asian sport makes sense only when it is placed within the broader colonial and post-colonial context. The book demonstrates that sport not only influences politics and vice versa, but that the two are inseparable. Sport is not only political; it is politics, intrigue, culture, and art. To deny this is to denigrate the position of sport in modern South Asian society. This volume was previously published as a special issue of *The International Journal of the*

History of Sport **Militarism, Hunting, Imperialism** J.A. Mangan, Callum McKenzie, 2013-10-18 The late Victorian and Edwardian officer class viewed hunting and big game hunting in particular as a sound preparation for imperial warfare For the imperial officer in the making the bloody hunting ritual was a visible hallmark of stirring martial masculinity Sir Henry Newbolt the period poet of subaltern self sacrifice typically considered hunting as essential for the creation of a masculine sporting spirit necessary for the consolidation and extension of the empire Hunting was seen as a manifestation of Darwinian masculinity that maintained a pre ordained hierarchical order of superordinate and subordinate breeds Militarism Hunting Imperialism examines these ideas under the following five sections martial imperialism the self sacrificial subaltern bloodying the middle class martial male the imperial officer hunting and war martial masculinity proclaimed and consolidated martial masculinity adapted and adjusted This book was published as a special issue of the International Journal of the History of Sport

The Balkan Games and Balkan Politics in the Interwar Years 1929 - 1939 Penelope Kissoudi, 2013-10-18 The Balkan Games resulted on the one hand from the growth of modern European sport and the unsatisfactory performances of the Balkan athletes at national and international level and on the other hand from a desire to bring the Balkan peoples together in peace and concord The Games were initiated in Athens in 1929 and increasingly became an integral part of the political cultural and social life of the area The common global reality is that when an athletic event is staged attempted friendship seldom receives priority In the 1930s however the Balkan Games provided a rare example of an international athletic event bringing antagonistic states together in friendship This consideration of the significance of the Balkan Games as an instrument of political optimism provides clear evidence of the occasional positive influence of sport in politics The work is a case study of interest to political and social scientists and to historians of Europe and sport This book was previously published as a special issue of the International Journal of the History of Sport

Sport and Social Identities John Harris, Andrew Parker, 2017-09-16 Playing and watching sport can teach us a great deal about wider social issues This book looks at how identities are constructed and reinforced in sport exploring notions of race class sexuality and nationalism With contributions from international experts this book is key reading for students of sociology and sports studies
