Environment leads the way in creating classroom excellence It stresses the importance of creating a new model for teaching and practice for students and educators Social Work Practice with Individuals and Families Michael J. Holosko, Catherine N. Dulmus, Karen M. Sowers, 2012-12-27 A lifespan approach presenting evidence informed interventions for working with individuals and families Social Work Practice with Individuals and Families covers assessment of and intervention with children adolescents adults the elderly and families It offers an array of pedagogical features within each chapter as well as online resources and review questions at the conclusion of each chapter to help guide critical thinking about topics Reflecting the current state of evidence informed social work practice each chapter s contributors emphasize the incorporation of wider forms of systematically collected data such as case studies best or promising practices and consumer focused data Reading this book will not only give readers the tools to work effectively with individuals and families but also develop their skills in evidence informed practice Comprehensive and insightful Social Work Practice with Individuals and Families is a student and practitioner friendly text identifying the best assessment tools and strategies available for social workers to successfully serve individuals and families facing a broad range of challenges Social Treatment James K. Whittaker, Elizabeth M. Tracy, 1989 The book has two principal purposes To provide an introduction to interpersonal helping in the context of social work practice and to develop a conceptual framework for interpersonal helping called social treatment that will enable the social worker and members of other helping professions effectively to use all the various methods and strategies currently practiced The book offers an orderly and systematic way of proceeding through a complex and often confused area of practice in it large issues such as remediation versus prevention are explored along with concrete suggestions for intervention with individuals families and small groups Theoretical systems are considered not merely for the techniques they suggest but also for the values and views of man inherent in them The helping process itself is analyzed from the point of view of the consumer as well as the worker A conceptual framework for practice is developed that allows for systematic eclecticism in theory and technique providing a framework for evaluating and comparing different methods of social treatment The author defines social treatment as an approach to interpersonal helping which utilizes direct and indirect strategies of intervention to aid individuals families and small groups in improving social functioning and coping with social problems Beginning with a discussion of the concept of remediation within the context of the larger contemporary issues of social reform and environmental protection Professor Whittaker proceeds to consider several critical issues in present social work practice such as client advocacy service delivery systems and professionalization Subsequent chapters discuss the multiple roles that social work practitioners perform the major theoretical bases of social treatment the treatment sequence from intake to after care and the full range of helping activities that practitioners undertake indirectly on behalf of their clients The final chapter explores current trends and future directions in social treatment In the Appendix a framework for evaluating methods of interpersonal helping is developed and 21 approaches to social treatment are described and
