Social Conflicts In The Roman Republic

Nathan Rosenstein, Robert Morstein-Marx

Social Conflicts In The Roman Republic:

Social Conflicts in the Roman Republic P. A. Brunt, 1971 **Social Conflicts in the Roman Republic [sound Recording]** Brunt, P. A., 1993 *The Crowd in Rome in the Late Republic* Fergus Millar, 1998 A major work on the power of the crowd **Global Justice and Social Conflict** Tarik Kochi, 2019-09-30 Global Justice and Social Conflict offers a groundbreaking historical and theoretical reappraisal of the ideas that underpin and sustain the global liberal order international law and neoliberal rationality Across the 20th and 21st centuries liberalism and increasingly neoliberalism have dominated the construction and shape of the global political order the global economy and international law For some this development has been directed by a vision of global justice Yet for many the world has been marked by a history and continued experience of injustice inequality indignity insecurity poverty and war a reality in which attempts to realise an idea of justice cannot be detached from acts of violence and widespread social conflict In this book Tarik Kochi argues that to think seriously about global justice we need to understand how both liberalism and neoliberalism have pushed aside rival ideas of social and economic justice in the name of private property individualistic rights state security and capitalist free markets Ranging from ancient concepts of natural law and republican constitutionalism to early modern ideas of natural rights and political economy and to contemporary discourses of human rights humanitarian war and global constitutionalism Kochi shows how the key foundational elements of a now globalised political economic and juridical tradition are constituted and continually beset by struggles over what counts as justice and over how to realise it Engaging with a wide range of thinkers and reaching provocatively across a breadth of subject areas Kochi investigates the roots of many globalised struggles over justice human rights democracy and equality and offers an alternative constitutional understanding of the future of emancipatory politics and international law Global Justice and Social Conflict will be essential reading for scholars and students with an interest in international law international relations international political economy intellectual history and critical and political theory

Restraint, Conflict, and the Fall of the Roman Republic Paul Belonick, 2023 Restraint Conflict and the Fall of the Roman Republic proposes a new explanation for the collapse of the Roman Republic arguing that the collapse was due not to lost morals but instead to disintegration of consensus around how to apply them **Rome, the Greek World, and the East** Fergus Millar, 2002 Rome the Greek World and the East Volume 1 The Roman Republic and the Augustan Revolution

Plebs and Politics in the Late Roman Republic Henrik Mouritsen, 2001-06-07 Plebs and Politics in the Late Roman Republic analyses the political role of the masses in a profoundly aristocratic society Constitutionally the *populus Romanus* wielded almost unlimited powers controlling legislation and the election of officials a fact which has inspired democratic readings of the Roman republic In this book a distinction is drawn between the formal powers of the Roman people and the practical realization of these powers The question is approached from a quantitative as well as a qualitative perspective asking how large these crowds were and how their size affected their social composition Building on those investigations the

different types of meetings and assemblies are analysed The result is a picture of the place of the masses in the running of the Roman state which challenges the democratic interpretation and presents a society riven by social conflicts and a widening gap between rich and poor

A People's History of the World: From the Stone Age to the New Millennium Chris Harman, 2008 No Marketing Blurb

Rome and her Empire David Shotter, 2014-10-13 The name of Rome excites a picture of power and organisation as do the widely spread ruins that Roman civilization left behind Yet Rome grew out of a collection of small villages and major developments such as the growth of Empire were unplanned and completely unprepared for Influenced by a small number of self interested aristocrats who lacked a broader vision Rome was often threatened by their intrigues Brought to the ground on a number of occasions its leaders were able to snatch victory from the jaws of defeat How did Rome survive for nearly 1000 years ruling over millions of people with few instances of internal rebellion David Shotter argues that the key was the way Rome managed to adapt to new circumstances without at the same time discarding too many of its cherished traditions

The Social History of Rome (Routledge Revivals) Dr Geza Alföldy, 2014-10-14 This study first published in German in 1975 addresses the need for a comprehensive account of Roman social history in a single volume Specifically Alföldy attempts to answer three questions What is the meaning of Roman social history What is entailed in Roman social history How is it to be conceived as history Alföldy's approach brings social structure much closer to political development following the changes in social institutions in parallel with the broader political milieu He deals with specific problems in seven periods Archaic Rome the Republic down to the Second Punic War the structural change of the second century BC the end of the Republic the Early Empire the crisis of the third century AD and the Late Empire Excellent bibliographical notes specify the most important works on each subject making it useful to the graduate student and scholar as well as to the advanced and well informed undergraduate

The Assassination of Julius Caesar Michael Parenti, 2004-09-03 A provocative history of intrigue and class struggle in Ancient Rome an important alternative to the usual views of Caesar and the Roman Empire Publishers Weekly Most historians both ancient and modern have viewed the Late Republic of Rome through the eyes of its rich nobility the 1 percent of the population who controlled 99 percent of the empire's wealth In The Assassination of Julius Caesar Michael Parenti recounts this period spanning the years 100 to 33 BC from the perspective of the Roman people In doing so he presents a provocative trenchantly researched narrative of popular resistance against a powerful elite As Parenti carefully weighs the evidence concerning the murder of Caesar he adds essential context to the crime with fascinating details about Roman society as a whole In these pages we find reflections on the democratic struggle waged by Roman commoners religious augury as an instrument of social control the patriarchal oppression of women and the political use of homophobic attacks The Assassination of Julius Caesar offers a whole new perspective on an era thought to be well known A highly accessible and entertaining addition to history Book Marks

Servilia and her Family Susan Treggiari, 2019-01-03 Servilia is often cited as one of the most influential women of the

late Roman Republic Though she was a high born patrician her grandfather died disgraced and her controversial father was killed before he could stand for the consulship she herself married twice but both husbands were mediocre Nevertheless her position in the ruling class still afforded her significant social and political power and it is likely that she masterminded the distinguished marriages of her one son Brutus and her three daughters During her second marriage she began an affair with Iulius Caesar which probably lasted for the rest of his life and is further indicative of the force of her charm and her exceptional intelligence The patchiness of the sources means that a full biography is impossible though in suggesting connections between the available evidence and the speculative possibilities open to women of Servilia s status this volume aims to offer an insightful reconstruction of her life and position both as a member of the senatorial nobility and within her extended and nuclear family The best attested period of Servilia s life for which the chief source is Cicero s letters follows the murder of Caesar by her son and her son in law Cassius who were leaders among the crowd of conspirators in the Senate House on the Ides of March in 44 BC We find her energetically working to protect the assassins interests also defending her grandchildren by the Caesarian Lepidus when he was declared a public enemy and his property threatened with confiscation Exploring the role she played during these turbulent years of the late Republic reveals much about the ways in which Romans of both sexes exerted influence and sought to control outcomes as well as about the place of women in high society allowing us to conclude that Servilia wielded her social and political power effectively though with discretion and within conventional limits

For Good and Evil Charles Adams,1993 This book is an account of taxation as a cataclysm of history from ancient Egypt through the end of the twentieth century The author explores how taxes have powerfully influenced and sometimes directly caused many of history s most famous events It also examines current tax woes and provides ideas for curing an ailing system

How Republics Die Frederik Juliaan Vervaet,David Rafferty,Christopher J. Dart,2025-05-19 Authoritarianism is everywhere on the advance democracies seem fragile and threatened We console ourselves that where rule by the people has long established itself it has never collapsed from internal causes Except it did once in Rome This book gathers together Roman historians with political scientists and scholars of other periods of authoritarian takeover to explore how open and democratic political systems have historically fallen prey to autocrats The Late Roman Republic is the main focus with a mix of large scale thematic and analytical chapters paired with more detailed case studies from some of the leading scholars in the field Other chapters widen the scope analysing comparable cases from ancient Athens to Napoleon to Hitler s Germany and Franco s Spain The book as a whole draws on contemporary political science scholarship on democratic decay and competitive authoritarianism It shows that these concepts are not only applicable to modern states but that we can properly use them to study past democratic collapses as well This provides the tools for a more historically informed understanding of how republics die as part of a renewed conversation between historians and political scientists

A Companion to the Roman Republic Nathan Rosenstein,Robert Morstein-Marx,2011-09-07 This Companion provides an

authoritative and up to date overview of Roman Republican history as it is currently practiced Highlights recent developments including archaeological discoveries fresh approaches to textual sources and the opening up of new areas of historical study Retains the drama of the Republic s rise and fall Emphasizes not just the evidence of texts and physical remains but also the models and assumptions that scholars bring to these artefacts Looks at the role played by the physical geography and environment of Italy Offers a compact but detailed narrative of military and political developments from the birth of the Roman Republic through to the death of Julius Caesar Discusses current controversies in the field

Problematics of Military Power Michael S. Drake,2013-10-18 This book traces the relations between the organization of violence and social and political order from ancient Rome to early modern Europe Following the work of Michel Foucault the author studies the ways authority obedience and forms of self conduct were produced by the micro techniques used to govern the bodies of violence deployed in different forms of warfare

Roman Italy Timothy W. Potter,1987 A survey of Italy during the time of ancient Rome that brings together evidence from literary sources inscriptions and findings from archaeological excavations

Edinburgh Companion to Ancient Greece and Rome Edward Bispham,2006-07-24 The Edinburgh Companion newly available in paperback is a gateway to the fascinating worlds of ancient Greece and Rome Wide ranging in its approach it demonstrates the multifaceted nature of classical civilisation and enables readers to gain guidance in drawing together the perspectives and methods of different disciplines from philosophy to history from poetry to archaeology from art history to numismatics and many more

The Romans Karl Christ,1984 **Routledge Revivals: Pre-Capitalist Modes of Production (1975)** (Roys Paul Q Hirst Dec'D),Barry Hindess,2017-11-22 First published in 1975 this book investigates the various pre capitalist modes of production briefly indicated in the works of Marx and Engels and gives an examination of the conditions of the transition from one mode of production to another The fundamental concepts used in these investigations including those of mode of production of necessary labour and surpass labour of politics and state are derived from Capital and from other works of Marxist theory The primary aim of the analysis is to raise the conceptualisation of pre capitalist modes of production and of transition to a more rigorous level This book will appear controversial to both Marxists and non Marxists alike

Decoding **Social Conflicts In The Roman Republic**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
