Performance: Media and technology Philip Auslander, 2003 This collection reflects not only the multidisciplinary nature of current thinking about performance but also the complex and contested nature of the concept itself *Life at the Precipice* R.F. Vincent, 2023-07-14 In 1959 an earthquake in central Vancouver Island devastated the lakeside community of Pyrite Ridge The seismic event triggered landslides that isolated the town and killed sixteen people while a geological phenomenon known as a segue caused the lake to drop an astonishing 150 metres Perched on the precipice of a yawning abyss and cut off from the world by tons of rubble Pyrite Ridge became a place of myth and lore After finding a newspaper

attached to a red balloon that supposedly came from the town Travis Sivart an Air Force officer struggling with post traumatic stress disorder sets out to investigate the legend of Pyrite Ridge After an arduous journey he stumbles upon the community now known as The Segway which is inhabited by an eclectic group of thirty people Travis spends a week in the town learning of its remarkable history and interacting with the unforgettable residents Everyone has their own compelling tale of how they came to The Segway creating an extraordinary tapestry that causes Travis to question his own sanity Is there a connection between his personal demons and the tragic events of 1959 Life at the Precipice seamlessly blends fact fiction and popular science in a unique combination of drama and humor that will have readers wondering if the mysterious town of The Segway actually exists

I Must Remember This George Thomas Youngblood,2006-08-09 It was the sober time of the Great Depression World War II and general want but it was also a time to live and enjoy life as much as possible The memories include two black men our nearest neighbors one of whom had a wife and a son The hard times drew us together My father was trying to succeed with his sawmill and store so he hired the black men to look after his farm and to look after us Mama often helped in the store and or in the church so the black man s wife was often our housekeeper cook and second mother The black couple s son was our playmate so the color line was indistinct and we lived on both sides of it Segregation had crystallized around laws customs and public opinion Some people made a science of it unwritten but widespread views about what to do under various conditions Jim Crow was harsh and we saw some horrible things making these memories all the more melancholy and all the more precious because we did some things right
