adventures that nearly didn't happen Ellen did not want to leave her comfortable home in Texas Content with their rural life but forced to relocate due to her husband's job she reluctantly began her move to Germany She was a foot dragging don't want to move wife Determined to make the best of a challenging situation she and her husband soon embarked on a plan to experience as much of the region surrounding the Mediterranean Sea as possible Within months Ellen and Stephen developed a passion for touring Faced with language barriers clashes of culture and cuisine they followed their plan with a vengeance visiting over 30 countries in the space of three years Their frequent trips within a short period of time gave them a unique overview of the region They could spot historical and cultural linkages between people and their respective countries They saw the crossovers and mingling of traditions and languages Soon they became the consummate travelers Many friends began asking for recommendations of their favorite locale Chronicled here are their adventures misadventures faux pas and joys as they grow from fledgling sightseers to consummate travelers Journey with them as they realized the more you discover about other people and cultures the more you ultimately learn about yourself After reading the book perhaps you too will also learn to say in French Bon Voyage in Spanish Buen Viaje and in German Gute Reiser In short Happy Travels

Irish Travel Writing John McVeagh, 1996 Covering all aspects of travel since the 12th century this guide provides a reference on Irish travel literature The book also examines the tradition and content of tourist guides to Ireland The information included ranges from diary accounts of journeys undertaken through the country and towns of Ireland written for the information of others to private writings such as the 17th century account by Mary Granville of her journey to Galway There are also excerpts from the journals and letters of historical figures such as John Wesley and Mary Wollstonecraft Furthermore the author has added to the bibliographical data for each entry wherever possible indicating the itinerary followed by the writer in question
