Snow Image And Uncollected Tales:

The Snow-image and Uncollected Tales Nathaniel Hawthorne, 1974 The Snow-image and Uncollected Tales Nathaniel Hawthorne, 1974 **The Snow-image**, 1974 **London and the Making of Provincial Literature** Joseph Rezek, 2015-07-10 In the early nineteenth century London publishers dominated the transatlantic book trade No one felt this more keenly than authors from Ireland Scotland and the United States who struggled to establish their own national literary traditions while publishing in the English metropolis Authors such as Maria Edgeworth Sydney Owenson Walter Scott Washington Irving and James Fenimore Cooper devised a range of strategies to transcend the national rivalries of the literary field By writing prefaces and footnotes addressed to a foreign audience revising texts specifically for London markets and celebrating national particularity provincial authors appealed to English readers with idealistic stories of cross cultural communion From within the messy and uneven marketplace for books Joseph Rezek argues provincial authors sought to exalt and purify literary exchange In so doing they helped shape the Romantic era belief that literature inhabits an autonomous sphere in society London and the Making of Provincial Literature tells an ambitious story about the mutual entanglement of the history of books and the history of aesthetics in the first three decades of the nineteenth century Situated between local literary scenes and a distant cultural capital enterprising provincial authors and publishers worked to maximize success in London and to burnish their reputations and build their industry at home Examining the production of books and the circulation of material texts between London and the provincial centers of Dublin Edinburgh and Philadelphia Rezek claims that the publishing vortex of London inspired a dynamic array of economic and aesthetic practices that shaped an era in literary history **A Companion to the American Novel** Alfred Bendixen, 2014-11-17 Featuring 37 essays by distinguished literary scholars A Companion to the American Novel provides a comprehensive single volume treatment of the development of the novel in the United States from the late 18th century to the present day Represents the most comprehensive single volume introduction to this popular literary form currently available Features 37 contributions from a wide range of distinguished literary scholars Includes essays on topics and genres historical overviews and key individual works including The Scarlet Letter Moby Dick The Great Gatsby Beloved and many more Thoughts Painfully Intense James Mancall, 2013-12-16 First Published in 2002 This work reads Hawthorne's fiction in the context of nineteenth century medical and pseudomedical discourse that linked men of letters to debilitated invalids a stereotype against which Hawthorne struggled throughout his career **Peak Experiences** Ian Marshall, 2003 In Peak Experiences Marshall sets out on a far more personal and far reaching journey to discover how our modern estrangement from the natural world has affected our mental well being **American Romanticism** David Morse, 1987-06-18 **New England's Crises and Cultural Memory** John McWilliams, 2004-07-22 In this magisterial study John McWilliams traces the development of New England's influential cultural identity Through written responses to

historical crises from early New England through the pre Civil War period McWilliams argues that the meaning of New England despite claims for its consistency was continuously reformulated The significance of past crises was forever being reinterpreted for the purpose of meeting succeeding crises The crises he examines include starvation the Indian wars the Salem witch trials the revolution of 1775 76 and slavery Integrating history literature politics and religion this is one of the most comprehensive studies of the meaning of New England to appear in print McWilliams considers a range of writing including George Bancroft s History of the United States the political essays of Samuel Adams the fiction of Nathaniel Hawthorne and the poetry of Robert Lowell This compelling book is essential reading for historians and literary critics of New England The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art

Young Goodman Brown and Other Tales Nathaniel Hawthorne, 1998 The first paperback edition to include full annotations of these twenty Hawthorne tales written between the 1830s and 50s this volume contains the classic pieces Young Goodman Brown The Maypole of Merry Mount The Birthmark The Celestial Railroad and Earth s Holocaust as well as tales such as My Kinsman Major Molineux which represent Hawthorne s interest in the spiritual history of New England

The Scarlet Letter - Second Edition Nathaniel Hawthorne, 2004-10-28 Hawthorne s story of the disgraced Hester Prynne who must wear a scarlet A as the mark of her adultery of her illegitimate child Pearl and of the righteous minister Arthur Dimmesdale continues to resonate with modern readers Set in mid seventeenth century Boston this powerful tale of passion Puritanism and revenge is one of the foremost classics of American literature This Broadview edition contains a selection of historical documents that include Hawthorne s writings on Puritanism the historical sources of the story and contemporary reviews of the novel New to the second edition are an updated critical introduction and bibliography and in the appendices additional writings by Margaret Fuller Elizabeth Cady Stanton Henry James and William Dean Howells **The**

Corporeal Self Sharon Cameron, 1991 The Corporeal Self argues that questions about identity conceived in bodily terms are not only relevant for Melville and Hawthorne the two nineteenth century authors whose works are positioned at opposite extremes of the consideration of human identity but lie at the heart of the American literary tradition and have in that tradition their own revisionary status *Realist Fantasy* Paul Coates, 1983-12-15 *The American Historical Romance*

George Dekker, 1990-05-03 This book traces the tradition of American historical fiction from its origins in the early nineteenth century to the eve of World War II It examines the historical novel s connections with Enlightenment and Romantic theories of history with the rise of literary regionalism with the ambitions of Romantic writers to revive the epic and romance with changing conceptions of gender roles and with the authors troubled responses to the great revolutionary and imperialistic conflicts of the modern era However though inevitably much concerned with the theory of genre and with the specific contents of the genre of historical romance Professor Dekker devotes most of his book to new readings of major

texts by James Fenimore Cooper Nathaniel Hawthorne Herman Melville Mark Twain Allen Tate Edith Wharton Willa Cather and William Faulkner as well as to the Briton whose name was synonymous with the genre for most of the nineteenth century Sir Walter Scott The American Historical Romance is the richest most fully meditated and most rewarding yet written by this author It is the most important book on the relations of British and American fiction to come out for many years No devotee of the American novel will ignore it The Times Literary Supplement

Romantic Cyborgs Klaus Benesch, 2009 Explores the relationship between authorship and technology in nineteenth century America

The Saint John's Bible and Its Tradition Jack Baker, Jeffrey Bilbro, Daniel Train, 2018-10-08 In an age of e books and screens it may seem antiquated to create a handwritten illuminated Bible The Benedictine monks at Saint John s Abbey and University however determined to produce such a Bible for the twenty first century a Bible that would use traditional methods and materials while engaging contemporary questions and concerns In an age that largely overlooks the physical form of books The Saint John s Bible foregrounds the importance of a book s tactile and visual qualities This collection considers how The Saint John s Bible fits within the history of the Bible as a book and how its haptic qualities may be particularly important in a digital age Contributors David Lyle Jeffrey Matthew Moser Jonathan Juilfs Sue Sorensen Paul Anderson Gretchen Batcheller Jane Kelley Rodeheffer

Telling Stories / Geschichten erzählen Carsten Gansel, Dirk Vanderbeke, 2012-02-22 The essays collected in this volume highlight the narrative as a phenomenon inherent in human nature They examine the likely purpose of artistic and literary expression and its contribution to survival in an early human environment They also consider the developing interest in shaping experience through the narrative and investigate the consequent significance of traits acquired throughout the ages for the production and reception of texts In doing so the book provides a highly diverse overview of the latest research and debates in this innovative field of research

Hawthorne Melville and the American Character John McWilliams, 1986-02-28 This book considers the portrayal of the American national character in the writings of Nathaniel Hawthorne and Herman Melville It examines Hawthorne s abiding concern with the development of New England from colony to province to republic and analyses Melville s changing evocation of the new American and the difficulties he faced in sustaining his heady nationalistic faith
