[A History of Football in 100 Objects](#) Gavin Mortimer, 2012-10-04 What does a turnip have in common with a pair of 500 sunglasses? They've both played a pivotal role in football history. Following on from Neil MacGregor's groundbreaking *The History of the World in 100 Objects* Gavin Mortimer provides a quirky and unique take on the beautiful game told through its defining objects. *A History of Football in 100 Objects* begins on the momentous day in October 1863 when several men in frock coats formed the Football Association. Ever since the sport has continually evolved and created new ways to thrill and infuriate its billions of followers along the way. If you've ever wanted to know when footballers started to feign injury, why an old sock helped Pel become a global legend, or how a draper's letter changed football, you'll find the answer in this fascinating history of invention, ingenuity, indiscipline, and sometimes inebriation. From the inaugural red card to a Buddhist shrine, each of the objects selected gives us an intimate glimpse of an unexpected truth behind footie mythology. [Can We Have Our Balls Back](#),

Please? Julian Norridge, 2008-11-06 Long before Drake refused to interrupt his game of bowls when the Armada was sighted the British have had a passionate relationship with sport Julian Norridge goes through the stories of fourteen major sports from cricket to boxing to football from their very beginning and throughout the British Isles whether it's Welsh inventor and tobacco enthusiast Major Walter Clopton Wingfield coming up with a game that could use those new fangled rubber balls modern tennis or the Scots inventing the golf club 500 years after the game But this is far more than a book about sport it takes a very funny very British look at our popular history mythology and most importantly the highly eccentric figures that made it It chronicles the constant battle between fair play and gambling between advances in the game and plain cheating such as turning up with a cricket bat wider than the wicket Can We Have Our Balls Back Please proves that there is an awful lot to be proud of in our history and where that strange feeling of superiority really comes from It shows why we get just so excited when we take on any other nation in any sporting event and are so disappointed when we lose **Next Time Say**

flourish her relationship didn't and before long she found herself alone yet again Irene forged ahead despite the hardships extreme isolation swelteringly hot days repeated bouts of malaria and several attacks by rebels Hand in hand with Jesus she carved out a global organisation that has left an indelible imprint on the hearts and lives of 20 000 war affected Ugandans Heart of a Lioness will take readers on Irene's journey of obedience sacrifice and unwavering faith A moving narrative filled with drama humour and deeply personal insights Irene recounts story after story of God's miracles amidst the frustrations of running a ministry as an older single white woman The book will challenge and inspire readers to find their mission in life and will reinforce the notion that no matter who you are or where you've been it's never too late to find your purpose
