

ACCOUNTING FOR CORPORATIONS

CORPORATION FORMATION

ENBPV

CORPORATION

Is an artificial being created by operation of law having the right of succession, and the powers attributes and properties expressly authorized by law or incident to its existence (**Section 2 of Revised Corporation Code, R.A. 11232**)

- Generally composed of of 5 or more owners, but a corporation can now be incorporated with one owner (**One Person Corporation**)

CHARACTERISTICS:

1. SEPARATE LEGAL EXISTENCE

- A corporation has a "juridical personality of its own separate and distinct from the shareholders. It can act on its own name wherein it can enter into contracts, sue and be sued , have its own assets and liabilities under its own name.

"An entity that is created by law and granted with rights and responsibilities.

2. CREATED BY OPERATION OF LAW

- A corporation is created by law (Revised Corporation Code or R.A. 11232) which authorizes and regulates its existence. It is not created by mere agreement by the parties who want to organize a corporation. In order for a corporation to be established, the rules and regulations in the RA 11232 must be strictly followed.

3. RIGHT OF SUCCESSION/ PERPETUAL LIFE

- A corporation can exist continuously regardless there is a death, withdrawal or incapacity of shareholders and regardless of the transfer or sale of shareholder of its shares. **Based of the Revised Corporation code the life of a corporation is perpetual, meaning it can exist continuously without any limitations unless base on their articles of incorporation otherwise.** Before, based on the Old Corporation code, the corporate life of a corporation is for a period not exceeding 50 years at a time from the date of incorporation, however this may be extended, by amending the articles of incorporation for periods not exceeding 50 years.

4. Powers, attributes and properties expressly authorized by law or incident to its existence.

A corporation is granted by the Revised Corporation Code the powers which are:

a.) **Express powers** – powers granted by the laws (R.A. 11232/ Special laws) or enumerated in the articles of incorporation.

Example of express power is the power to extend or shorten corporate term of a private corporation when approved by a majority vote of the board of directors and ratified by at least 2/3 of the outstanding shareholders indicated in the articles of incorporation.

b.) **Incidental powers** – powers which are necessary for corporate existence and which can be exercised.

Social Accounting For Corporations Priva:

Social Accounting for Corporations Charles Edward Lindblom, 1984 **National Income and Social Accounting** Ronald Cooper, Profesor Harold C Edey, Harold C. Edey, Professor Sir Alan T Peacock, Alan T. Peacock, 2013-04-15 A very useful introduction to the techniques of social accounting Bankers Magazine Remarkable feat of compression and exposition it will surely remain for a long time the best summary of macro accounting techniques Accounting Research This volume covers developments both in the scope and content of official economic statistics of national income and expenditure and in their use for short term and long term economic planning **Social Accounting for Corporations** Tony Tinker, 1984 **Social Accounting Systems** Louis Filler, 2017-07-05 Social accounting grew up as a result of the desire to bring together in a meaningful and comprehensive manner all the available observed facts on the economic and financial activity of a nation Three social accounting systems of flow have been developed during the last three decades Each of these systems has been constructed separately and independently The framework of each system is constructed to tackle specific aspects of the national economy It is also designed in a manner which helps in framing policies for future activity The aim of this book is mainly to describe the anatomy of these three social accounting systems and compare their structures Some attention is also given to a comparison of the systems in actual use by some industrially developed countries including the centralized economies The problem of integrating the three systems is also cursorily treated The student of economics and the economist in the service of industry private or public will obtain from this book a picture of the concepts and definitions used in social accounting the book also describes how each system is constructed and which economic study or analysis it can best serve Another valuable feature is the comparison the author makes of the national accounts system with the Russian National ny Dokhod In this far reaching and complex work the author has brought together the fruits of his very extensive studies into the social accounting methods of many nations and he goes beyond the analysis of existing systems to suggest ways of tackling the problems of integrating the three main systems into one Dr Yanovsky is at present senior economist in the State Comptroller s Office in Israel He studied economics in the Universities of Chicago and Manchester where he obtained his doctorate at the Department of Economics and Social Studies in 1963 It was from a thesis he wrote while in Manchester that he drew the inspiration and much of the material for **Social Accounting Systems** M. Yanovsky, Social accounting grew up as a result of the desire to bring together in a meaningful and comprehensive manner all the available observed facts on the economic and financial activity of a nation Three social accounting systems of flow have been developed during the last three decades Each of these systems has been constructed separately and independently The framework of each system is constructed to tackle specific aspects of the national economy It is also designed in a manner which helps in framing policies for future activity The aim of this book is mainly to describe the anatomy of these three social accounting systems and compare their structures Some attention is also given to a comparison of the systems in actual use

by some industrially developed countries including the centralized economies The problem of integrating the three systems is also cursorily treated The student of economics and the economist in the service of industry private or public will obtain from this book a picture of the concepts and definitions used in social accounting the book also describes how each system is constructed and which economic study or analysis it can best serve Another valuable feature is the comparison the author makes of the national accounts system with the Russian National ny Dokhod In this far reaching and complex work the author has brought together the fruits of his very extensive studies into the social accounting methods of many nations and he goes beyond the analysis of existing systems to suggest ways of tackling the problems of integrating the three main systems into one Dr Yanovsky is at present senior economist in the State Comptroller s Office in Israel He studied economics in the Universities of Chicago and Manchester where he obtained his doctorate at the Department of Economics and Social Studies in 1963 It was from a thesis he wrote while in Manchester that he drew the inspiration and much of the material for this book

Social Accounting Matrix for India Basanta K Pradhan, M R Saluja, Shalabh K Singh, 2006-04-17 A new social accounting matrix SAM for the Indian economy is presented in this book It addresses the need for an up to date and detailed SAM for India which classifies household incomes by sources of income from different occupations It distinguishes 60 sectors of production and six categories of occupational households separately for rural and urban areas

Accounting and Financial Reporting Challenges for Government, Non-Profits, and the Private Sector Albuquerque, Fábio, dos Santos, Paula Gomes, 2023-05-18 To follow the macroeconomic scenario in which the entities are inserted financial reporting is constantly evolving In addition to the topics that need to be considered there is also an evolution in how the report itself is produced and analyzed where technological developments exert a permanent influence on the process Several of the trending topics do not fall within the jurisdiction of the competent authorities The needs of the users of the report also influence the form and content of the report as an element that also changes over time Accounting and Financial Reporting Challenges for Government Non Profits and the Private Sector addresses the latest accounting topics and their practical and educational relations with local and international regulations standards and practices It deals with new challenges and trends in accounting and reporting for organizations from different institutional sectors including private public and non profit ones Covering topics such as creative accounting financial reporting and stakeholder participation this premier reference source is an excellent resource for accountants government officials business leaders managers policymakers students and educators of higher education librarians researchers and academicians

Accounting and

Emancipation Dr Sonja Gallhofer, Sonja Gallhofer, Professor Jim Haslam, Jim Haslam, 2002-12-19 Accounting is a social practice it should be evaluated in terms of its contribution to a notion of social well being In order to do this this book elaborates a critique of contemporary accounting The authors encourage those with a close interest in accounting to make the search for a more emancipatory and enabling accounting a core area of their research **Preface to Social Economics** John Clark, 2017-07-12 Economics both describes the way economic forces work and studies the efficiency or inefficiency that results These two aspects of economics have probably never been wholly separated and it is debatable how far it is possible or desirable to separate them The question will ultimately be answered by evaluating these different theoretical methods in terms of the results they deliver The theory of economic efficiency uniquely incorporates problem of ideals of good conduct and welfare in short of morals and ethics Preface to Social Economics presents thumbnail sketches describing the growth of our awareness of social problems over the past century Beginning in the nineteenth century the sciences both natural and social made us aware of many factors governing our behavior With the discovery of controllable external social causes the responsibility for problems and change shifted from the individual to the group Studies of industrial accidents are an example When it was learned that the number of injuries per hour increases with the length of the working day and with the absence of mechanical safeguards it led to a demand for shorter hours safety laws and compulsory accident insurance Similarly as we begin to understand the connection between the rate of interest with booms in building unemployment ceases to be a matter of individual responsibility and becomes a problem for business and society This classic book initially published in 1936 illumines a growing knowledge of controllable causes of social evils John Maurice Clark was a long time professor of economics at Columbia University The editors of this volume Moses Abramovitz and Eli Ginzberg were both students of Clark and prepared this volume under his direct supervision *Social Accounting and Public Management* Stephen P. Osborne, Amanda Ball, 2010-10-18 Social accounting as a discipline has challenged the methodology and focus of the larger field of accounting over the last 50 years More recently it has taken on greater significance for other subjects as well addressing issues for public policy and management more broadly These include the issues of the nature of accountability in the contemporary plural state environmental and societal sustainability the ethical management and governance of public services and resources and the creation and sustenance of social capital as an essential element of the modern plural state Social Accounting and Public Management brings together for the first time researchers from a range of disciplines including accounting political science management sociology and policy studies to discuss and develop our knowledge and theory of the nature of accountability in contemporary global society and the challenges it may pose for public policy and management This book addresses this nexus of all of these issues and disciplines and through this makes a contribution to the development of the disciplines of both social accounting and public policy and management Contemporary Issues in Social Accounting Audrey Paterson, Akira Yonekura, William (Bill) Jackson, 2017-12-31 This important and timely new text

introduces and explains the key ideas of accounting for society the historical development of corporate social responsibility accountability and ethics and their importance to everyday life

First regionalized social accounting matrix for Egypt: A 2015 nexus project social accounting matrix Randriamamonjy, Josée, Raouf, Mariam, Thurlow, James, 2019-09-07 The Central Agency for Public Mobilization and Statistics CAPMAS is pleased to present the first regionalized social accounting matrix SAM for Egypt This SAM marks a major milestone in localizing development research and policy in Egypt and is expected to be most valuable for the development implementation and assessment of Egypt's national and local development plans like Egypt's Sustainable Development Strategy 2030 In addition to standard SAMs which combine many national datasets from institutions such as Central Banks Ministries of Finance and Agriculture and Statistical Bureaus this regionalized SAM makes extensive use of sub national level information such as the Economic Survey and Household Income and Expenditure Survey HIECS produced by CAPMAS regional GDP estimates by the Ministry of Planning Monitoring and Administrative Reform and the Agricultural Bulletins with information at the Governorate level produced by the Ministry of Agriculture and Land Reclamation With this data it becomes possible to provide a detailed socioeconomic status update for different regions within Egypt As such the disaggregated SAM allows for analyzing developmental issues at regional level and to better understand the potential impacts of policy changes at the local level

Regionalized Social Accounting Matrix for Yemen: A 2014 Nexus project SAM Raouf, Mariam, Randriamamonjy, Josée, Engelke, Wilfried, Kebsi, Tarek Al, Tandon, Sharad A., Wiebelt, Manfred, Breisinger, Clemens, A Social Accounting Matrix SAM is a representation of an economy that shows the circular flow of all transfers and real transactions between sectors and institutions The SAM which is a square matrix describes the flows of incomes from activities taking the form of factor remunerations that are consequently received by the households for consumption on goods and services The accounts in the SAM are the production activities commodities institutions and factors of production According to data availability the production activities can be further disaggregated to include more detailed information on sub sectoral or regional production Similarly the factors of production could be differentiated by the level of skills or the location of employment Households can be disaggregated by income quintiles or by rural and urban residence

A post-separation Social Accounting Matrix for the Sudan Siddig, Khalid, Elagra, Samir, Grethe, Harald, Mubarak, Amel, 2018-02-24 The 2012 Social Accounting Matrix SAM for the Sudan with a special focus on agriculture water and energy is built using data from domestic sources in the Sudan including the Central Bureau of Statistics the Ministry of Agriculture the Ministry of Finance and Economic Planning and the Central Bank of Sudan besides other external sources Major data sets used include the 2012 National Accounts and Trade Statistics of the CBS the 53rd Annual Report of the Central Bank of the Sudan the 2011 Labor Force Survey the 2009 Household Income and Expenditure Survey the 2009 2012 Agricultural Production Cost Survey and the 2005 Industrial Survey Data from external sources are used to complement national sources These sources include IMF studies on government finances FAO reports and data on

agriculture and ILO reports on labor The SAM distinguishes between agricultural activities based on modes of irrigation energy based on its major source and water based on modes of production and types of uses Land is divided into irrigated and non irrigated while natural water resources are added in a separate account Households are categorized by state location rural and urban and income quintiles Labor accounts are differentiated based on location rural and urban skill level and gender

New Social Accounting Matrix for Jordan: A 2015 Nexus project Social Accounting Matrix Raouf, Mariam,Randriamamonjy, Josée,Elsabbagh, Dalia,Wiebelt, Manfred,2021-02-06 This new Social Accounting Matrix SAM for Jordan is a snapshot representation of the Jordanian economy in which productive activities factors of production and economic transactions between the main agents including households government and the rest of the world are illustrated in a circular flow It has been constructed using IFPRI s Nexus format which uses common data standards procedures and classification systems for constructing and updating national SAMs This new SAM for Jordan is expected to be an important dataset for the Arab Agricultural Investment for Development Analyzer AIDA which is tool based on computable general equilibrium CGE model analyses AIDA was developed to inform national and regional development strategies by providing evidence on the impact of agricultural investments on economic development

Corporate Social Responsibility, Accountability and Governance Istemi Demirag,2018-10-08

The business case for corporate social responsibility which suggests that socially and environmentally aware companies can expect to reap financial rewards is seemingly gaining widespread acceptance within the business community. This is particularly apparent in the ever increasing number of prominent companies parading their social ethical and environmental credentials by producing paper or web based social and environmental or sustainability reports. In so doing reporting companies claim they are demonstrating a clear commitment to transparency and accountability to their key stakeholder groups. However in the prevailing voluntaristic business case centred climate within which such initiatives are taking place little thought appears to have gone into the question of how stakeholders other than the capital provider group can actually use corporate disclosures offered in order to hold management accountable for the social and environmental consequences of their actions. While much corporate rhetoric abounds concerning notions of stakeholder dialogue and engagement rigorous analysis of the governance implications of their claimed commitment to the principles of corporate social responsibility is largely conspicuous by its absence. Corporate Social Responsibility Accountability and Governance seeks to explore this missing link between CSR and associated reporting initiatives and governance mechanisms that are capable of embracing true stakeholder accountability. A wide range of case studies drawing on experiences of both public and private sector initiatives in Europe the United States Canada South America and Asia offer insightful analysis of the complex relationships between the state the market and civil society in the development of CSR accountability and sustainable development. The book employs a multidisciplinary perspective in order to analyse the political social economic technological legal and organisational shaping of CSR. The complexities underpinning the concept are thereby clearly drawn out and the gross oversimplifications inherent in the prevailing consultancy driven business case literature painfully exposed. Above all the book offers a sound practically and theoretically informed contribution to public policy debate and reflects and builds on urgent calls from public and private sector policy makers as well as academics to develop better governance and accountability frameworks for business to deal with the imperatives of social responsibility sustainable development and ethics. This book is divided into five parts. In Part 1 the complex concepts of responsibility accountability and governance are discussed and in particular the presumed relationships between the state the market and civil society in improving accountability and governance are explored and critiqued. Part 2 consists of chapters relating to corporate social responsibility and stakeholder theory. Part 3 is concerned with empirical studies covering governance structures networking and corporate social responsibility. Part 4 deals with corporate governance and its implications for regulators and civil society. Part 5 discusses multinational companies and how they impact on national governance regimes. Finally a summary is provided with emerging international patterns of accountability and governance structures. Corporate Social Responsibility Accountability and Governance will be essential reading for public and private policy makers and practitioners and academics interested in how CSR can become more than a soundbite and rather a substantial force for better global

corporate governance and accountability

Recognizing the way ways to acquire this ebook **Social Accounting For Corporations Priva** is additionally useful. You have remained in right site to begin getting this info. get the Social Accounting For Corporations Priva colleague that we present here and check out the link.
