Social Assistance Dynamics In Europe:

Social assistance dynamics in Europe Saraceno, Chiara, 2002-01-30 Throughout Europe income support for the poor has become highly controversial. It is often assumed to be not the answer to but the cause of social exclusion and is increasingly believed to give rise to welfare dependency. This book contributes to a more complex understanding of welfare state regimes and welfare recipients in contemporary Europe. Describing social assistance careers in different national and urban contexts, it documents the strong interplay between personal biographies and policy patterns, a particularly useful perspective which complements the more structural top down approach of much international work in social policy. *Social assistance dynamics in Europe* is unique in comparing a range of northern and southern European countries: Sweden, Germany, France, Italy, Spain and Portugal, in its focus on the actual working of their policies, their set of actors, cultural background, implementation, etc. and in its methodological approach which combines longitudinal analysis with qualitative research. Academics and students of welfare and poverty, policy makers and social policy evaluators in the public, private and non profit sectors will find this book invaluable.

Social Assistance Dynamics in Europe Chiara Saraceno, 2002-01-30 Describing social assistance careers in different national and urban contexts, this innovative book documents the strong interplay between personal biographies and policy patterns, a particularly useful perspective which complements the more structural top down approach of much international work in social policy.

The Responsiveness of Social Policies in Europe Fenger, Menno, van der Steen, Martijn, 2013-09-18 Modern welfare states are confronted with a wide variety of social and economic developments including individualization, secularization, globalization and changing preferences and ideologies of citizens. Using in depth analysis gathered over 15 years, this book closely analyzes the consequences of these significant changes for social policies, offering theoretical and practical insights about their responsiveness. It includes a comparative analysis of recent developments in social assistance, sheltered work and labour market policies in the Netherlands, showing how policy makers are continually trying to incorporate societal transformations into social policies while being obstructed by the path dependent development of welfare state institutions. The insights from the case studies are related to developments in other European countries in the areas of social assistance, sheltered work and labour market policies and show how policy makers and politicians deal with multiple challenges, interests and perspectives on social policies. This book is essential reading for academics and students interested in the institutional development of social policies.

Ideas and Welfare State Reform in Western Europe P. Taylor-Gooby, 2005-08-02 The new welfare settlement in Europe involves a re-direction of policy in the context of a unified market and currency system and of more stringent economic competition. Realignment of the policy assumptions and goals of the key actors is central to this process. This book reviews the main policy paradigms and analyzes the processes whereby they have changed in the most salient policy areas and is based on recent interviews with more than two hundred and fifty senior policy actors in seven West European countries. *Reshaping Welfare States and Activation Regimes in*

Europe SALTSA (Program),2007 The activation based intervention paradigm is being adopted by several European countries resulting in major reforms to the social welfare system The spread of the activation paradigm has had major repercussions not only for welfare interventions aimed at combating unemployment but also for the political regulation of the social question and citizenship Citizenship is being redefined in contractual terms and greater emphasis is being placed on its economic aspects Nevertheless a wide range of policies are labelled with recourse to this interpretative framework and a pluralistic approach to implementation could serve just as well to empower as to weaken workers citizens position in society This book analyses the extent of these changes from a cross cultural perspective Institutional settings as well as prevailing work values and social representation of social exclusion activation regimes have a key role in defining the instruments to be used in national activation strategies to regulate the behaviour of job seekers In this book a discussion about the range of social welfare model reforms throughout Europe and a typology of activation regimes is proposed **Poverty and Social**

Deprivation in the Mediterranean Maria Petmesidou,Christos Papatheodoru,2013-07-04 In the growth of regional identities worldwide the Mediterranean Basin is emerging as an entity in its own right This book a unique collaboration among social scientists around the entire Mediterranean littoral covers Southern Europe Turkey the Balkans North Africa and the Near East Leading economists sociologists and social policy experts document with new and up to date empirical material the changing profiles of poverty and social deprivation The result is a thought provoking comparison of the extent severity and structural causes of poverty and social inequality and the huge diversity of public responses to the challenges they pose **Participation Income** Hiilamo, Heikki,2022-08-12 This is an open access title available under the terms of a CC BY NC ND 4 0 License It is free to read download and share on Elgaronline com This innovative book provides the first in depth analysis of participatory income and its potential role in countering endemic poverty and unemployment in high income countries Heikki Hiilamo reviews the concept of basic income and specific basic income experiments before presenting participatory income as a viable alternative in the fight against poverty *The Italian Welfare State in a*

European Perspective Ugo Ascoli,Emmanuele Pavolini,2016-06-01 There is a need to understand the Italian welfare state but as yet it has received little academic research attention The Italian Welfare State in a European Perspective is the first book to explore the evolution of Italy s welfare state in the decades since the Trente Glorieuses 1945 75 It offers a rare overview and analysis of the Italian situation based on an in depth study of the main social policy fields including education higher education and taxation policies a detailed analysis of the connection between policies and their outputs outcomes and a comparative perspective framing the Italian case within the European context This is the first English language book to take a comparative look at the Italian welfare state as a whole since the 2008 economic crisis It will be a valuable resource for academics and researchers as well as students *Handbook of Quality of Life in the Enlarged European Union* Jens Alber,Tony Fahey,Chiara Saraceno,2007-10-15 Recent enlargement to the east made the European Union a more diverse

social space and brought it into more direct contact with the social and cultural aftermath of communism. The purpose of this book is to help social scientists, policy makers and other observers cope with the unfamiliarity of this new world by bringing together a collection of informative analyses of key domains of social life in the new member states and candidate countries viewed in comparison both to each other and to the old EU 15. The focus is on social conditions such as social exclusion, poverty and living conditions, work and labour markets, family and housing. But it also offers accounts of the institutional contexts within which these conditions arise. The analyses make use of a range of data including a new data source, the European Quality of Life Survey 2003.

Combating Poverty in Local Welfare Systems Alexandru Panican, Håkan Johansson, 2016-07-12. This book analyzes national anti poverty measures at a local level via a set of unique and up to date empirical studies of minimum income support schemes and activation measures in five European cities. In examining this local welfare system approach it investigates the role that civil society organizations play and the governance arrangements that prevail in contacts between public and civil society actors in local anti poverty strategies. The current financial and economic crisis has caused increasing levels of poverty and unemployment and put national minimum income protection schemes under severe strain. *Combating Poverty in Local Welfare Systems* therefore represents a timely and important intervention in the political and scientific debates as to whether more local welfare is the solution to the challenges facing European welfare states.

The Last Safety Net Thomas Bahle, Vanessa Hubl, Michaela Pfeifer, 2011. As Europe's public realms face upheaval, this text identifies how social solidarity is being re-invented from below and redefined from above. Interdisciplinary transnational approaches provide new insights into the relationship between national and transnational social solidarity across Europe.

Handbook of European Social Policy Patricia Kennett, Noemi Lendvai-Bainton, 2017-08-25. This Handbook will comprise of 29 original pieces from key contributors to the field of European social policy. It is intended to capture the state of the art in European social policy and to generate and contribute to debates on the future of European social policy in the 21st Century. Making it personal van Berkel, Rik, Valkenburg, Ben, 2007-02-28. Public social services are increasingly being individualised in order to better meet the differentiated needs of competent and independent citizens and to promote the effectiveness of social interventions. This book addresses this development focusing on a new type of social services that has become crucial in the modernisation of welfare states: activation services. The book discusses and analyses the individualisation of activation services against the background of social policy reforms on the one hand and the introduction of new forms of public governance on the other. Critically discussing the rise of individualised social services in the light of various theoretical points of view, it analyses the way in which activation and the active subject are presented in EU discourse. It compares the introduction of individualised activation services in five EU welfare states: the UK, Germany,

Italy Finland and the Czech Republic focusing on official policies as well as policy practices The book provides original insights into the phenomenon of the individualised provision of activation services It is useful reading for policy makers as well as for students and researchers of welfare states social policies and public governance **Framing Welfare**

Rescaling Social Policies towards Multilevel Governance in Europe Yuri Kazepov, 2017-10-24 The workings of multi level governance institutional choices concerning centralisation decentralisation and subsidiarity are widely debated within European public policy but few systematic studies assessing the effects of changing divisions of power for policy making have been carried out This volume offers an assessment of the workings of multi level governance in terms of social welfare policy across different clusters of European states Nordic Southern European Central and East European This book reports on a major comparative study at the European Centre for Social Welfare policy and Research which included partners from universities in Finland France Italy Norway Sweden Poland Spain and Switzerland It reports on three particular policy areas social assistance and local policies against poverty activation and labour market policies and care for the elderly The authors describe different starting points strategies and solutions in European countries which are facing similar challenges and could thus learn from each other They explore the differences between European welfare regimes in terms of territorial responsibilities the changes that have taken place over the past few years and their effects The book is distinctive in highlighting comparative transversal and transnational issues of multi level governance in social welfare policies rather than presenting country reports

Active Social Policies in the EU van Berkel, Rik, Hornemann Møller, Iver, 2002-09-27 The general objective of this book is to contribute to the debate on as well as to the development and implementation of EU social policies and social policies in EU countries particularly the growing emphasis in these policies on activation and participation rather than income provision

Perspectives on European Social Work Walter Lorenz, 2006-06-22 The book offers explanations and clarifications for the bewildering variety of titles and job profiles in the social professions in Europe It presents them both as a product of specific national welfare arrangements and as a sign of a special kind of professional autonomy that so far helped to correct national welfare trends Now this autonomy is once more called for in the light of the complete re structuring of all European welfare states and a European model of social work could deliver impulses for real alternatives to growing exclusion and inequality

Effective Interventions for Unemployed Young People in Europe Tomáš Sirovátka, Henk Spies, 2017-07-28 Young people in Europe have been disproportionately affected by unemployment as a result of the economic crisis and a large number of the most disadvantaged are migrant youth or those of a different ethnic origin living in deprived city neighbourhoods This book examines the need for more appropriate interventions aimed at improving the inclusion of young people in the labour market bringing together theoretical reflections and empirical evidence on emerging innovative policies and practices Using case studies from across Europe it asks how effectively innovative interventions respond to the specific needs motivations aspirations and strategies of unemployed and vulnerable youth within the contextual conditions of the welfare state and locality It also provides a new theory of the effectiveness of interventions As social exclusion remains high among young people in Europe *Effective Interventions for Unemployed Young People in*

Europe is essential reading for policymakers and practitioners This book demonstrates where we can look for effective innovative interventions and how these can potentially add up to large scale social innovation It is also a crucial resource for academics and students interested in social and labour inclusion measures
