Social And Political Culture

Daniela Niemeyer

Social And Political Culture:

Social Change and Political Culture Gheorghe Fulga,2005 **Culture and Politics** NA NA,2019-06-12 Political culture is one of the central but most difficult concepts in political science Culture and Politics A Reader explores this concept by compiling previously published works that focus on the core themes of political culture research Concepts and Applications Culture and Globalization Popular Culture Civil Society and Social Capital Social Movements and Collective Identity Culture and Political Change and Culture and Rationality Each section includes general and article introductions as well as a suggested reading list Culture and Politics A Reader provides a handy resource for students and teachers at both the graduate and under graduate level *Political Culture and Participation in Rural China* Yang Zhong,2013-06-17 Despite China s rapid urbanisation and industrialisation most Chinese still live in the vast countryside or have rural household registration Although there was significant economic improvement in rural areas in the 1980s the rural economy has been stagnating or deteriorating since then and the book argues that the rural urban income gap is giving rise to the potential for political instability throughout China This book based on extensive original research including interview fieldwork in rural areas examines the nature of political culture and participation in rural China discussing issues such as the support or lack of it for democratic values levels of political interest the ways in which Chinese peasants interact with village and local officials subjective factors that motivate them to vote or not to vote in village elections and rural people s views on market oriented economic reforms local and national government and the Communist Party The book argues that although hitherto peasants riots sit ins and demonstrations have been localised and uncoordinated they are frequent and have the potential to cause serious political crises for China s rulers It concludes by considering the future political development of China s vast countryside **Central Asia: Horizon of Political Culture and People Participation** ,2014-12-15 The emerging political systems of Central Asian countries have given a new impetus to the world political scientist to add and theorise new democratic developments after the collapse of Communism This book is a scholarly contribution which combines theory and practice of political culture and participation in the Central Asian political context This book focuses on the Soviet and Post Soviet development of political culture in the Central Asian region and the role of political parties other non political formations like the opposition the media civil society and ethnic minority groups who are also augmenting the process of democratisation This book has extensively used opinions of experts from authoritative Russian Central Asian and Indian scholars which were specially undertaken for the purpose of this book Students academicians researchers policy makers businessmen and diplomats would be enormously benefited by this book This book would make its humble contribution to enriching knowledge about the newly politically formed five Central Asian countries constitutional provisions and political practices for India s Central Asia connect policy *Political Culture in France and Germany (RLE: German Politics)* John Gaffney,Eva Kolinsky,2014-12-17 This book originally published in 1991 assesses how attitudes political orientations and

social values changed during the five decades after the Second World War The case studies in the book focus on key sites in political culture in France on the extreme right the cinema the impact of media personalities and changes of political discourse in Germany on the decline of regional identities the emergence of specific issues and the concern of political parties with the effectiveness of language This interdisciplinary study provides new insights into the way French and German people see themselves

The Theory of Political Culture Stephen Welch, 2013-06-13 Although the idea that politics is influenced by its cultural setting is so plausible as to be almost irresistible political culture has remained a contested and controversial concept Just what the cultural setting consists of and how its influence on politics is transmitted remain unclear and disputed This book argues that the problem is insufficient attention to basic theoretical questions Positivist political culture research based on attitude surveys and the interpretivist alternative which explores meaningful context despite their mutual antipathy share a neglect of these questions while materialist and discursivist critiques of and alternatives to political culture research end up posing the very same questions Resisting the specialization and sectarianism of much of political and social science the book tackles head on the questions of what political culture is and how it works It begins by arguing that we must explore the nature and dynamics of political culture To do this it is necessary to reach beyond political science and reopen the interdisciplinary exchange in which political culture research was founded The book reaches into the philosophy of Ludwig Wittgenstein and Michael Polanyi for foundational arguments about the nature of culture and into social cognitive and cultural psychology for findings about human motivation which are radical in their implications for political culture research and its methods It develops a dualistic theory of political culture and uses the two dimensions of practice and discourse in a new analysis of the otherwise mysterious causal dynamics of political culture It provides an explanation of what has hitherto only been asserted the role played by political culture in both political stability and political change Thus it restores a rigorously argued concept of political culture to a central place in political science and suggests an agenda for its future development

The Concept of Political Culture Stephen Welch, 2016-07-27 erudite thought provoking and well written Archie Brown Professor of Politics Oxford University The return to prominence of the concept of political culture offers an opportunity to re evaluate its contribution to the social sciences This study casts a broader net embracing not only political science with equal emphasis placed on the concept's use in communist studies but also sociology and history On this basis a distinctive theory of political culture and not merely another typology is developed Political culture instead of being a token in the sterile debate between interest and culture based explanation offers the means of transcending that debate

On Social and Political Culture J.G. Herder, 1969 **Political Culture and the Making of Modern Nation-States** Edward Weisband, Courtney I P Thomas, 2015-11-17 This book focuses on transformations of political culture from times past to future present It defines the meaning of political culture and explores the cultural values and institutions of kinship communities and dynastic intermediaries including chiefdoms and early states It systematically

examines the rise and gradual universalization of modern sovereign nation states Contemporary debates concerning nationality nationalism citizenship and hyphenated identities are engaged The authors recount the making of political culture in the American nation state and look at the processes of internal colonialism in the American experience examining how major ethnic sectarian racial and other distinctions arose and congealed into social and cultural categories The book concludes with a study of the Holocaust genocide crimes against humanity and the political cultures of violation in post colonial Rwanda and in racialized ethno political conflicts in various parts of the world Struggles over legitimacy in nation building and state building are at the heart of this new take on the important role of political culture

Political Culture, Political Science, and Identity Politics Howard J. Wiarda, 2016-04-08 Political Culture defined as the values beliefs and behavioral patterns underlying the political system has long had an uneasy relationship with political science Identity politics is the latest incarnation of this conflict Everyone agrees that culture and identity are important specifically political culture is important in understanding other countries and global regions but no one agrees how much or how precisely to measure it In this important book well known Comparativist Howard J Wiarda traces the long and controversial history of culture studies and the relations of political culture and identity politics to political science Under attack from structuralists institutionalists Marxists and dependency writers Wiarda examines and assesses the reasons for these attacks and why political culture went into decline only to have a new and transcendent renaissance and revival in the writings of Inglehart Fukuyama Putnam Huntington and many others Today political culture now updated to include identity politics stands as one of these great explanatory paradigms in political science the others being structuralism and institutionalism Rather than seeing them as diametrically exposed Howard Wiarda shows how they may be made complementary and woven together in more complex multicausal explanations This book is brief highly readable provocative and certain to stimulate discussion It will be of interest to general readers and as a text in courses in international relations comparative politics foreign policy and Third World studies

The Social and Political Thought of Ziya Gökalp Taha Parla, 1985-01-01 **Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History** James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence the outlines of America's distinctive political culture economic system social life and cultural patterns had begun to emerge Designed to complement the high school American history curriculum as well as undergraduate survey courses Colonial America An Encyclopedia of Social Political Cultural and Economic History captures it all the people institutions ideas and events of the first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic Colonial America sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the

thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America s colonial heritage vibrantly to life for today s readers It includes thematic essays on major issues and topics detailed A Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes

Liberal Rights and Political Culture Zhenghuan Zhou,2013-10-14 This book argues that the liberal concept of rights presupposes and is grounded in an individualistic culture or shared way of relating and that this particular shared way of relating emerged only in the wake of the Reformation in the modern West Religion, Globalization and Political Culture in the Third World Jeff Haynes,2016-07-27 A unique focus on the relationship between religion and political culture in the Third World using a comparative and thematic approach Specific issues of religion politics interaction in the Third World in recent times include the rise of Islamic fundamentalist groups throughout the Middle East and other parts of the Muslim world the political effects of the decline of Catholicism and the rapid growth of Protestant evangelical sects in Latin America communal conflict between Hindu nationalist groups and the politicisation of Buddhism in South East Asia The common effect of such developments is to challenge existing forms of relationship between states and societies with religion used as a political resource

Political Culture, Change, and Security Policy in Nigeria Kalu Kalu,2018-03-15 Demonstrating how political culture facilitates or distorts political preferences and political outcomes this book explores how the historical development of social conditions and the current social structures shape understandings and constrain individual and collective actions within the Nigerian political system Political Culture Change and Security Policy examines the extent to which specific norms and socialization processes within the political and civic culture abet corruption or the proclivity to engage in corrupt practices and how they help reinforce political attitudes and civic norms that have the potential to undermine the effectiveness of government It also delineates specific doctrinal models and strategic framework essential to the development and implementation of Nigeria s national security policy as well as innovative approaches to national development planning Professor Kalu N Kalu offers an exhaustive study that integrates several quantitative models in addressing a series of theoretical and empirical questions that inform historical and contemporary issues of the Nigerian project The general premise is that it is not enough to simply highlight the problems of the state and address the what question we must also address the why and how questions that drive political change policy preferences and competing political outcomes

Political Cultures in Asia and Europe Jean Blondel,Takashi Inoguchi,2006-09-27 This book is a study of the attitudes to political and social life among the citizens of eighteen countries in Western Europe East and Southeast Asia Drawing on data from the largest cross national survey on political culture for the last half a century this book assesses how political culture differs across the two regions and whether this can be drawn back to a profound

difference in basic societal values or Asian values Examining geographical religious and socio economic factors the authors discuss whether there genuinely is a common political value in the two regions or a profound difference as these countries move towards modernity This original and comprehensive study of the values norms and beliefs held by citizens of the East and West will appeal to students and scholars of political culture and comparative politics as well as Asian and European politics

Resetting the Political Culture Agenda: From Polis to International Organization Antonia Zervaki, 2014-07-08 The analysis of the formation processes and manifestations of political culture in the domain of international relations and organization lacks a concrete theoretical and methodological framework However the main theoretical and methodological deficits seem to be related to the need for a clear cut definition of the concept itself as well as to the integration of political science methodological tools into the international institutional law debate This book considers the basic theoretical and methodological requirements for the use of political culture as a conceptual tool in the field of international organization research Moreover it applies the core theoretical and methodological assumptions to three case studies namely the United Nations the Council of Europe and the European Union which are perceived as agents of distinct political cultures in the international system

The Broadview Anthology of Social and Political Thought: Essential Readings Andrew Bailey, Samantha Brennan, Will Kymlicka, Jacob T. Levy, Alex Sager, Clark Wolf, 2012-02-17 This volume features a careful selection of major works in political and social philosophy from ancient times through to the present Every reading has been painstakingly annotated and each figure is given a substantial introduction highlighting his or her major contribution to the tradition The anthology offers both depth and breadth in its selection of material by central figures while also representing other currents of political thought Thirty two authors are represented including fourteen from the 20th century The editors have made every effort to include translations that are both readable and reliable In order to ensure the highest standards of accuracy and accessibility the editors have consulted dozens of leading academics during the course of the volume s development many of whom have contributed introductory material as well as advice The result is an anthology with unparalleled pedagogical benefits The Broadview Anthology of Social and Political Thought sets the new standard for social and political philosophy instruction

Greece's Middle Class as a Social and Political Actor Panayis Panagiotopoulos, 2025-09-30 This book provides a comprehensive account and conceptualisation of the history and development of the middle class in Greece What is the history of the middle class in the West after World War II How is it related to consumerism individualism and emancipation How did it reach this now unanimously admitted existential crisis Which is the historical course of the middle class in Greece from the 1960s onwards Through which experiences was the social contract of the middle class during the Metapolitefsi drawn up How is it that the Greek family acts as the middle class natural habitat and its condemnation at the same time Is there still a middle class identity in Greece or is it scattered in rival micro communities of people who can hardly co exist today in a space of social and emotional desolation Will the pandemic

crisis validate the inequalities that govern the relationships among the members of the old middle class in Greece or will it prove to be a chance for a new social and cultural convergence

Politics East and West: A Comparison of Japanese and British Political Culture Curtis H. Martin, Bruce Stronach, 2017-10-03 This title was first published in 1992 This book compares stability and change in the political culture of the relatively new Asian democracy Japan and the much older Western democracy Britain While the democratic polity emerged incrementally and indigenously in Britain it was essentially a modern and in many ways foreign implant in Japan By analysing long term trends and recent changes in political attitudes support for government institutions participation voting behaviour and policy making in the two polities the authors seek to bring us a unique perspective on these two dynamic island political cultures on opposite ends of the Eurasian land mass This study will be useful as a supplemental text in upper level undergraduate and graduate courses in comparative political systems or political cultures particularly those focusing on industrial democracies It can also be used in courses on either British or Japanese politics

Right here, we have countless books **Social And Political Culture** and collections to check out. We additionally provide variant types and as well as type of the books to browse.
