Colonial America and the War for Independence US Army Military History Research Collection, Joyce L. Eakin, 1976  
Special Bibliographic Series US Army Military History Research Collection, 1976      **North Carolina Library Bulletin**  
, 1927      *North Carolina Library Bulletin* North Carolina Library Commission, 1927      Military Journal of the American  
Revolution James Thacher, 1862 The narrations in this Journal are invested with peculiar interest from the fact that its author  
himself mingled in the varied scenes of the Revolution observed the different phases of military life was personally  
acquainted with the characters he presents and therefore gives us the truthful results of his own observation greatly  
heightened in beauty and interest by the attractive style which he employs and the ease and grace with which he presents  
them Preface      A Sketch of the History of France During the Revolution and the Reign of Napoleon, Comprising an  
Eventful Period of Twenty-three Years from the Suspension of the Monarchy in 1792 to Its Re-establishment in 1815, 1817  
*An Illustrated Descriptive Sketch of Bennington Battle Monument* John Spargo, 1947      **Annual Report** Boston (Mass.).

*Board of Education* Connecticut. State Board of Education, 1887      Our Paper, 1908      **Eutaw Springs** Robert M.  
Dunkerly, Irene B. Boland, 2017-05-15 An in depth analysis of one of the War for Independence s bloodiest and least  
understood conflicts The Battle of Eutaw Springs took place on September 8 1781 and was among the last in the War of  
Independence It was brutal in its combat and reprisals with Continental and Whig militia fighting British regulars and  
Loyalist regiments Although its outcome was seemingly inconclusive the battle fought near present day Eutawville South  
Carolina contained all the elements that defined the war in the South In Eutaw Springs The Final Battle of the American  
Revolution s Southern Campaign Robert M Dunkerly and Irene B Boland tell the story of this lesser known and under studied  
battle of the Revolutionary War s Southern Campaign Shrouded in myth and misconception the battle has also been  
overshadowed by the surrender of Yorktown Eutaw Springs represented lost opportunities for both armies The American  
forces were desperate for a victory in 1781 and Gen Nathanael Greene finally had the ground of his own choosing British  
forces under Col Alexander Stewart were equally determined to keep a solid grip on the territory they still held in the South  
Carolina lowcountry In one of the bloodiest battles of the war both armies sustained heavy casualties with each side losing  
nearly twenty percent of its soldiers Neither side won the hard fought battle and controversies plagued both sides in the

aftermath Dunkerly and Boland analyze the engagement and its significance within the context of the war's closing months study the area's geology and setting and recount the action using primary sources aided by recent archaeology A well put together book that is easy to read and it makes good use of graphic material Eutaw Springs is recommended The Journal of America's Military Past A long overdue study of Nathanael Greene's last main force Southern campaign engagement Drawing from a wealth of resources including new research archaeology and pension documents the authors have created an easy reading account For students of the Revolutionary War this is must reading because so much focus has been directed at Yorktown where the British abandoned an army instead of the more mobile war in the South where the war was finally won by wearing down the British Lawrence Babits George Washington Distinguished Professor of History East Carolina University A very good analysis of the political military and physical environment with some profiles of a number of interesting people most notably Nathanael Greene after Washington the most important American general of the war though he never won a battle New York Military Affairs Symposium Review *The Army and Navy of America ...* Jacob K. Neff, 1845 **The Art of Strategy** Owen E. Hughes, 2021-05-13 Strategy is best understood not as a science but as an art one of universal applications that transcend situation or historical context The principles that were successful in war and politics through history can have real and demonstrable applications in business and management Here professor of strategy Owen Hughes helps practitioners and students to draw those parallels and to develop a profound and holistic understanding of strategy that will help them plan for and achieve success Describing strategy as an intersection of five facets purpose capability will terrain and tactics Hughes draws from colourful and dramatic examples from history and clearly demonstrates how these tactics might be applied in your own life and work This book is an ideal strategy text for any practitioner lecturer or student who tires of familiar strategy frameworks with limited scope **The Saturday Review of Politics, Literature, Science and Art**, 1862 **The Biographical Cyclopædia and Portrait Gallery with an Historical Sketch of the State of Ohio ..**, 1887 Hill's Album of Biography and Art Thomas Edie Hill, 1888
