commercial production and consumption can be aligned with artistic authenticity Reading pop texts takes place through dialogue on many levels which as Stan Hawkins argues deals with how musical events are shaped by personal alliances between the artist and the recipient The need for a critical approach to evaluating popular music lies at the heart of this book Hawkins explores the relationships that exist between music spectatorship and aesthetics through a series of case studies of pop artists from the 1980s and 1990s Madonna Morrissey Annie Lennox the Pet Shop Boys and Prince represent the diversity of cultures identities and sexualities that characterised the start of the MTV boom Through the interpretation of aspects of the compositional design and musical structures of songs by these pop artists Hawkins suggests ways in which stylistic and technical elements of the music relate to identity formation and its political motivations Settling the Pop Score examines the role of irony and empathy the question of gender race and sexuality and the relevance of textual analysis to the study of popular music Interpreting pop music within the framework of musicology Hawkins helps us to understand the pleasure so many people derive from these songs

to the early twenty first century Simon's analyses focus on economic relations such as sharecropping house contract sales debt peonage criminal surety and convict lease She demonstrates how the music reflects this exploitative economic history and how it is shaped by commodification under racialized capitalism As Simon assesses the lyrics technique and styles of a wide range of blues musicians including Bessie Smith Blind Lemon Jefferson Big Bill Broonzy Muddy Waters B B King Albert Collins and Kirk Fletcher she argues forcefully that the call for racial justice is at the heart of the blues A highly sophisticated interpretation of the blues tradition steeped in musicology social history and critical cultural hermeneutics *Debt and Redemption* not only clarifies blues as an aesthetic tradition but more importantly proves that it advances a theory of social and economic development and change [RILM Abstracts of Music Literature](#) International Repertory of Music Literature (Organization),1998 A comprehensive ongoing guide to publications on music from all over the world with abstracts written in English All scholarly works are included articles books bibliographies catalogues dissertations Festschriften films and videos iconographies critical commentaries to complete works ethnographic recordings conference proceedings electronic resources and reviews *Billboard* ,1985-12-21 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
