Tolstaya's Fiction** Helena Goscilo, 2016-09-16 This study of the work of Tatyana N Tolstaya initiates the reader into the paradoxes of her fictional universe a poetic realm ruled by language to which the mysteries of life imagination memory and death are subject **Short Story Index** , 1994 [The Last Years of Soviet Russian Literature](#) Deming Brown, 1993 A comprehensive survey of developments in Russian literature over the last fifteen years of the Soviet regime *A History of Women's Writing in Russia* Adele Marie Barker, Jehanne M. Gheith, 2002-07-11 A History of Women s Writing in Russia offers

a comprehensive account of the lives and works of Russia's women writers Based on original and archival research this volume forces a re-examination of many of the traditionally held assumptions about Russian literature and women's role in the tradition In setting about the process of reintegrating women writers into the history of Russian literature contributors have addressed the often surprising contexts within which women's writing has been produced Chapters reveal a flourishing literary tradition where none was thought to exist They redraw the map defining Russia's literary periods they look at how Russia's women writers articulated their own experience and they reassess their relationship to the dominant male tradition The volume is supported by extensive reference features including a bibliography and guide to writers and their works

Russian Postmodernist Fiction Mark Lipovetsky, Eliot Borenstein, 2016-09-16 This text offers a critical study of postmodernism in Russian literature It takes some of the central issues of the critical debate to develop a conception of postmodern poetics as a dialogue with chaos and places Russian literature in the context of an enriched postmodernism

Russian Women Writers Christine D. Tomei, 1999 **Pushkin's Monument and Allusion** Sidney Eric Dement, 2019-09-02 Pushkin's Monument and Allusion is the first aesthetic analysis of Russia's most famous monument to its greatest poet Alexander Pushkin Voices of Russian Literature Sally Laird, 1999-04-29 Voices of Russian Literature presents in depth interviews with ten of the most interesting figures writing in Russian today They range from established authors such as Fazil Iskander and Andrei Bitov who began their careers in the post-Stalinist Thaw to newcomers like Viktor Pelevin hailed as one of the most original writers of the present era It offers an insiders account of the fate of Russian literature over the past four decades Rather than cataloguing the opinions of dissidents or defenders of the former regime it presents the views of artists who have sought against the odds to express their unique visions of a changing world Each interview acquaints us with the author's distinctive voice and provides important insights into the genesis and interpretation of individual works Sally Laird has prefaced the interviews with biographical and critical sketches of each writer and her introductory essay sets the whole in historical context Voices of Russian Literature will be fascinating reading for anyone interested in Russia's contemporary literary experience *Russian Literature, 1988-1994* Norman N.

Shneidman, 1995-12-15 The collapse of the Soviet Union brought about radical changes in the Russian literary world With the state's relinquishment of control over literary production writers acquired freedom of expression and publication State publishing houses now self-supporting enterprises stopped printing money losing books and turned to foreign detective novels and erotic literature effecting a considerable shift in popular taste The writer no longer a producer of ideology has been recast as a struggling competitor in a free market environment Focusing on the current Russian literary scene *Russian Literature 1988-1994* examines these recent changes Beginning with a general overview of the political intellectual and social atmosphere in the country and its effect on artistic creativity Shneidman surveys the period's literature He considers the work of succeeding generations of prose fiction writers the old guard the writers of the intermediate generation and the

younger authors of perestroika whose works first appeared in print after Gorbachev's ascent to power. The writing of this last group is divided into three categories: novels written in the style of conventional Russian realism; works that combine realistic prose with modernist narrative techniques; and the body of work that constitutes Russian postmodernism. Exploring artistic and social issues in an integrated manner, the volume will be of interest not only to students of Russian literature but also to those concerned with the culture and social life of the former Soviet Union. *Perestroika at the Crossroads* Alfred J.

Rieber, Alvin Z. Rubinstein, 2016-09-16 The contributors to this volume have undertaken an assessment of the Soviet Union as it enters the last decade of the 20th century. Organized to cover each major area of policy initiative or response, the collection surveys the Gorbachev reform agenda and its successes and failures to date in various fields including culture, economics, ideology, law, politics, federalism, and the nationality problem, and foreign policy vis-à-vis the West, Eastern Europe, and the Third World. New Directions in Soviet Literature Sheelagh Duffin Graham, 1992-12-13 This is a selection of papers on

Russian literature of the Soviet period presented at the IVth World Congress for Soviet and East European Studies in 1990. The ten articles range from the experimental prose and drama of the 1920s to studies of work by younger writers of the 1980s. The articles include analyses of works by individual writers and examinations of general phenomena, for example, village prose or the way Stalin is presented in literature of the glasnost era. **Late Soviet Culture** Thomas Lahusen, Gene Kuperman, 1993 As the Soviet Union dissolved, so did the visions of past and future that informed Soviet culture. With dystopia left behind and utopia forsaken, where do the writers, artists, and critics who once inhabited them stand? In an advancing present, answers editor Thomas Lahusen. Just what that present might be in literature and film criticism and theory, philosophy and psychoanalysis, and in the politics that somehow speaks to all of these is the subject of this collection of essays. Leading scholars from the former Soviet Union and the West gather here to consider the fate of the people and institutions that constituted Soviet culture. Whether the speculative glance goes back to czarist Russia or Soviet Freudianism, to the history of aesthetics or the sociology of cinema in the 1930s, or forward to the market, Stalinism, one writer predicts, or the open text of history, another advocates a sense of immediacy or history in the making. This volume will animate social and cultural institutions now developing organically. The authors ask, or is the society faced with the prospect of even more radical reforms? Does the present rupture mark the real moment of Russia's encounter with modernity? The options explored by literary historians, film scholars, novelists, and political scientists make this book a heady tour of cultural possibilities. An expanded version of a special issue of *South Atlantic Quarterly* Spring 1991 with seven new essays, *Late Soviet Culture* will stimulate scholar and general reader alike. Contributors: Katerina Clark, Paul Debreczeny, Evgeny Dobrenko, Mikhail Epstein, Renata Galtseva, Helena Goscilo, Michael Holquist, Boris Kagarlitsky, Mikhail Kuraev, Thomas Lahusen, Valery Leibin, Sidney Monas, Valery Podoroga, Donald Raleigh, Irina Rodnyanskaya, Maya Turovskaya. **Late Soviet Culture** Thomas Lahusen, Gene Kuperman, 1993 As the Soviet Union dissolved, so did the visions of past and future that informed Soviet
