Slobodan Milosevic and the Destruction of Yugoslavia Louis Sell, 2002-02-22 A political biography of Slobodan Milosevic by a diplomatic insider

Serbian Paramilitaries and the Breakup of Yugoslavia Iva Vukušić, 2022-09-30 This is the first book to offer a comprehensive analysis of the emergence nature and function of Serbian paramilitary units during the violent breakup of Yugoslavia The book investigates the nature and functions of paramilitary units throughout the 1990s and their ties to the state and President Slobodan Milo evi The work relies on the archives of the International Criminal Tribunal for the former Yugoslavia in The Hague which conducted dozens of trials relating to paramilitary violence and records from judicial proceedings in the region It discusses how and why certain important paramilitary units emerged how they functioned and transformed through the decade what their relationships and entanglements were with the state the Milo evi regime and organized crime The study thus investigates the interrelated ideological political and social factors and processes fueling paramilitary engagement and assesses the impact of this engagement on victims of paramilitary violence and on the state and society for which the units purportedly fought It argues that coordinated action by a number of state institutions gave rise to paramilitaries tasked with altering borders while maintaining plausible deniability for the sponsoring regime The outsourcing of violence by the state to paramilitaries led to a significant weakening of the very state these units and their sponsors swore to protect The book also analyzes differences between the units and how they attacked civilians arguing that the different forms of violence stemmed not only from the function they fulfilled for the state but also the ways in which they were set up and operated The final chapter brings the different strands of the argument together into a coherent whole suggesting avenues for further research in the former Yugoslavia and beyond This book will be of much interest to students of ethnic conflict and civil war war crimes Balkan politics and International Relations in general

Trbovich, 2008-02-05 A Legal Geography of Yugoslavia s Disintegration explains the violent break up of the former Yugoslavia in early 1990s in the context of two legal principles sovereignty and the self determination of peoples The author recounts Yugoslavia s history with a focus on the country s internal administrative divisions and aspirations of different ethnic groups in order to effectively explain the genesis of the international community s political decision to recognize the right of secession for the largest administrative units of Yugoslavia Trobovich a Serbian author writing from the perspective of a disengaged scholar tackles her subject matter with clarity and detail and offers an intriguing analysis of Kosovo s future status international recognition of secession implications of Yugoslavia s disintegration for other conflicts invoking right to self determination and international intervention in ethnic conflicts

Representing Genocide Rebecca Jinks, 2016-06-02 This book explores the diverse ways in which Holocaust representations have influenced and structured how other genocides are understood and represented in the West Rebecca Jinks focuses in particular on the canonical 20th century cases of genocide Armenia Cambodia Bosnia and Rwanda Using literature film photography and memorialisation she demonstrates that we can only understand the Holocaust's status as a benchmark for other genocides if we look at the deeper structural resonances which subtly shape many representations of genocide Representing Genocide pursues five thematic areas in turn how genocides are recognised as such by western publics the representation of the origins and perpetrators of genocide how western witnesses represent genocide representations of the aftermath of genocide and western responses to genocide Throughout the book distinguishes between mainstream and other more nuanced and engaged representations of genocide It shows how these mainstream representations the majority largely replicate the representational framework of the Holocaust including the way in which mainstream Holocaust representations resist recognising the rationality instrumentality and normality of genocide preferring instead to present it as an aberrant exceptional event in human society By contrast the more engaged representations often but not always originating from those who experienced genocide tend to revolve around precisely genocide's ordinariness and the structures and situations common to human society which contribute to and become involved in the violence

Bosnia Remade Gerard Toal, Carl T. Dahlman, 2011-02-16 Bosnia Remade is an authoritative account of ethnic cleansing and its partial undoing from the onset of the 1990s Bosnian wars up through the present Gerard Toal and Carl Dahlman combine a bird's eye view of the entire war from onset to aftermath with a micro level account of three towns that underwent ethnic cleansing and later the return of refugees There have been two major attempts to remake the ethnic geography of Bosnia since 1991 In the first instance ascendant ethno nationalist forces tried to eradicate the mixed ethnic geographies of Bosnia's towns villages and communities These forces devastated tens of thousands of homes and lives but they failed to destroy Bosnia Herzegovina as a polity In the second attempt which followed the war the international community in league with Bosnian officials endeavored to reverse the demographic and other consequences of this ethnic cleansing While progress has been uneven this latter effort has transformed the ethnic demography of Bosnia and moved the nation beyond its recent segregationist past By showing how ethnic cleansing was challenged Bosnia Remade offers more than just a comprehensive narrative of Europe's worst political crisis of the past two decades It also offers lessons for addressing an enduring global problem **Breaking the South Slav Dream** Kate Hudson, 2003-06-20 This is a revisionist history of the rise and fall of Yugoslavia Assessing the geopolitical and strategic reasons for its creation and dismemberment it is an important corrective to much contemporary theorising about the destruction of the Yugoslav state Kate Hudson draws attention to the role of foreign states whose involvement in Yugoslavia did much to destabilise the region and explains how

and why this happened Tracing the state s origins from 1918 through war and the Tito years she explains the distortion of the socialist economy resulting from Yugoslavia s unusual position between the two Cold War blocs and the economic collapse of the 1980s as part of the US s drive for a free market She also investigates the true causes and effects of the recent wars in Croatia Bosnia and Kosovo and brings the book up to date with an analysis of Milosevic s downfall and events in Macedonia and Montenegro
