The Screen Chills Companion, 1931-1939 Chris Fellner, 2025-05-05 This first volume of a two volume set covers every film released during the first wave of Hollywood horror 1931-1939 providing 74 chilling entries with important historical context, frightening facts, and terrifying trivia. Each entry supplies a detailed production history derived from trade publication reports, contemporary press hype, cast scenario critiques, and behind the scenes production tidbits. Postscripts detailing noteworthy events that followed a picture's theatrical run, such as sequels or award nominations, also are featured. An appendix presents a full roster of horror films that came out of New York instead of Hollywood. This complete history of the first wave of Hollywood horror is thoroughly illustrated and meticulously documented.

The Suicide Club Matt Shaw, 2021-03-12 It's a discreet club for those who have had enough of life and want to end it on their own terms but are worried about the loved ones they leave behind. An expensive club which takes the pain away for the families.

On Bohemia Cesar Grana, 2017-09-29 Bohemia has been variously defined as a mythical country, a state of mind, a tavern by the wayside on the road of life. The editors of this volume prefer a leaner definition: an attitude of dissent from the prevailing values of middle class society, one dependent on the existence of café life. But whatever definition is preferred, this rich and long overdue collective portrait of Bohemian life in a large variety of settings is certain to engage and even entrance readers of all types, from the student of culture to social researchers and literary figures in search of their ancestral roots. The work is international in scope and social scientific in conception. But because of the special nature of the Bohemian fascination, the volume is also graced by an unusually larger number of exquisite literary essays. Hence one will find in this anthology writings by Malcolm Cowley, Norman Podhoretz, Norman Mailer, Théophile Gautier, Honoré de Balzac, Mary Austin, Stefan Zweig, Nadine Gordimer, and Ernest Hemingway. Social scientists are well represented by Cesar Grana, Ephraim Mizruchi, W. I. Thomas, Florian Znaniecki, Harvey Zorbaugh, John R. Howard, and G. William Domhoff, among others. The volume is sectioned into major themes in the history of Bohemia: social and literary origins; testimony by the participants; analysis by critics of and crusaders for the Bohemian life; the ideological characteristics of the Bohemians; and the long term prospect as well as retrospect for Bohemianism as a system, culture, and ideology. The editors have provided a framework for examining some fundamental themes in social structure and social deviance: What are the levels of toleration within a society? Do artists deserve and receive special treatment by the powers that be? And what are the connections between Bohemian life styles and political protest movements? This is an anthology and not a treatise, so the reader is free to pick and choose not only what
