Suicide The Will To Live Vs The Will To Die:

Suicide Norman Linzer,1984 *Death, Contemplation and Schopenhauer* R. Raj Singh,2007-01-01 The connections between death contemplation and the contemplative life have been a recurrent theme in the canons of both western and eastern philosophical thought This book examines the classical sources of this philosophical literature in particular Plato s *Phaedo* and the *Katha Upanishad* and then proceeds to a sustained analysis and critical assessment of the sources and standpoints of a single thinker Arthur Schopenhauer whose work comprehensively pursues this problem The book traces the pivotal issue of death through the whole range of Schopenhauer s writings uncovering the deeper connotations of his crucial notion of the will to live **Perspectives on a Young Woman's Suicide** John F. Gunn III,David Lester,2021-12-21

Perspectives on a Young Woman s Suicide is a unique and updated analysis of a diary left behind by Katie a young woman who took her own life By drawing on clinicians researchers survivors of suicide loss and those closest to Katie this book delves into common beliefs about why people die by suicide and into the internal worlds of those who do as well as ethical and moral questions surrounding those deaths Several contributors discuss Katie s suicide from the perspective of recent theories of suicide including Joiner s interpersonal theory and Klonsky s three step theory Two contributors who have lost a child to suicide look at Katie s diary from their perspective one of whom discusses whether it is truly possible to prevent suicide Finally Katie s sister reveals her reactions to this project and her ex boyfriend shares his account of her death This book is a vital addition to the library of any researcher academic or professional interested in suicide and suicide prevention

Facing Death F. David Martin,2006 If we do not at some point in our life face death thinking hard and straight about it we turn away from our authenticity If that facing rejects irrational faith dogmas mystifications and personal immortality is there yet a path free of despair *What If We Don't Die?* Peter Hulsroj,2015-09-09 This book deals with the very real possibility of earthly immortality and the human and societal implications of such immortality including whether it is desirable It looks at what makes immortality appear so attractive and at the possibility that we would be better served with longer lives and the freedom to terminate our lives at the time when life has given us all the joy inspiration and personal development it possibly could What If We Don t Die Presents major moral dilemmas associated with human immortality something which seems imminent due to rapidly progressing biomedical research Touches on big questions is it acceptable that the immortal generation will be the last How much life do you want What is the purpose of life if life never ends Will trigger your imagination by putting a new spin on free will current concepts of time and eternity the possibility of multiple universes and multiple yous What If We Don t Die draws extensively on philosophical and religious thought on the purpose of life and introduces novel perspectives on existence personality and immortality based for instance on quantum mechanics and multiverse theory *THE EVERLASTING GOSPEL* Olumba Olumba Obu,2020-08-22 The Everlasting Gospels are the Holy Words spoken directly from God s mouth The voice of The Heavenly Father transcends from His High throne to all
