Suitable For The Wilds:

Suitable for the Wilds Mary Percy Jackson, 2006 The plea was advertised in the British Medical Journal in February 1929 seeking strong energetic Medical Women with post graduate experience in Midwifery for country work in western Canada A young Dr Mary Percy was intrigued After graduating with degrees in medicine and surgery from the University of Birmingham in 1927 she had been searching for the kind of opportunity which would offer both adventure and practical experience She answered the advertisement and set off for the Peace River region of Northern Alberta in June of 1929 Little did she know that her adventure in the Canadian north was to last more than seventy years Suitable for the Wilds Letters from Northern Alberta 1929 1931 is a collection of Dr Mary Percy Jackson's letters written to family and friends in the early years of her practice from 1929 1931 The letters offer a fascinating glimpse at life in northern Alberta at the beginning of the Depression when the area was being farmed and settled by new European immigrants These homesteaders along with the area's Aboriginal and Metis population were Dr Percy's patients scattered throughout a territory covering nearly 400 square miles Vigilant about vaccination nutrition and preventive medicine she quickly proved to be a talented physician who was truly ahead of her time particularly in the area of tuberculosis treatment and prevention Dr Percy's dedication good nature and unfailing sense of humour shine through in her letters This delightful and captivating collection is a tribute to her indomitable spirit **Adventures in the wilds of the United States and British American provinces** Charles

Lanman, 1856 Adventures in the Wilds of the United States and British American Provinces Charles Lanman, 1856 The Call of the Wilds and the Farm Neal Smith Whisenhunt, 1927 **Suitable for the Wilds** Mary Percy Jackson, 1995 Dr Mary Percy twenty five years old and from a comfortable Birmingham family left home in 1929 to take up a medical posting in the Peace River area of northern Alberta Her letters home collected here vividly describe her adventurous life on one of Canada's last frontiers Her district covered 900 square kilometres of wooded boggy land which she travelled on horseback by dogsled and sometimes by automobile Dr Percy faced many issues in caring for the Metis and Native people as well as for increasing numbers of immigrant families Her greatest medical challenges though were the result of poverty and isolation and she often railed against the government for what she saw as irresponsible settlement policies and lack of attention to her community Despite the strenuousness of her responsibilities as doctor dentist public health officer and coroner Dr Percy enjoyed the personal and professional challenges presented by wilderness life and her enthusiasm for this great adventure which permeates her letters is infectious Indeed by the end of 1930 she complained that the area was becoming too civilized The letters conclude in January 1931 with her marriage to farmer fur trader Frank Jackson and her subsequent move farther north to Keg River where she lives today Janice Dickin McGinnis's introduction provides a detailed discussion of Mary Percy Jackson's life and an assessment of the value of her letters in terms of the historiography of women of medicine and of the North BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **In The Wilds of**

Economics for the Wilds Edward Barbier, Timothy Swanson, 2019-09-18 Originally published in 1992 *Economics for the Wilds* argues that an economics that properly values the resources of the wilds offers the best long term security for their future Most of the world's wilds have in fact always been utilized by local societies who have managed their resources sustainably and one important guarantee for their preservation is therefore the continued participation of those communities and an adequate reward to them for their management The book looks at the complexity and global nature of the issues at the application of economics to the wilds and at the policies for their conservation and sustainable management which then result It also examines specific forms of utilization of wild species and habitats both sustainable and unsustainable and including community based development tourism the use of rainforest products poaching and the impact of conservation on wildlife use The book concludes that a comprehensive utilization strategy for wild resources is needed to ensure their continued existence and the continued flow of benefits from them

The Wild Boy of Aveyron Harlan Lane, 1976 A full account of Dr Jean Marc Itard's work in the early 1800s with Victor who had lived wild for twelve years and of the resulting educational psychological anthropological and philosophical controversies and changes
