Sunshine and Shadow John Logan Jones, 1909 *We the People. . .the Best of the Best* Susan Freire-Korn, 2009-12 We the People the Best of the Best is a book that will inspire you to take on life's challenges with determination and perseverance. It is an instrumental tool to provide information, advice, knowledge, and education to all of those who are seeking to reach their fullest potential in corporate America. Much of what is in the book cannot be found in textbooks but in the real life day to day business of working in corporate America. You will discover what it takes to be successful. Susan Freire aspired to attain a leadership role so she could help others be successful. When she was promoted into a management position, she joined a staff association within her area of expertise. After several years of being an active participant and executive officer, she became President of the KPLA Northern California Kaiser Permanente Latino Association, a position she held for two years. Her involvement in this association exposed her to cultural diversity and the statistics of minorities in corporate America. This knowledge led her to research and learn more about the huge gap between the people who lack a formal education and the leadership at the top of corporate America.
