Receiving Woman - Studies in the Psychology and Theology of the Feminine Ann Belford Ulanov, We live in a time of unparalleled opportunity for women and a time just because of that opportunity of great stress It is a time when every woman can find her own particular style to develop her skills to acknowledge her needs and failures and to claim both her satisfactions and dissatisfactions The old stereotypes are all but dead But another danger threatens of new stereotyped roles for women in the very range of choices and opportunities presented to the RECEIVING WOMAN grew out of a decade of reflections on women s experiences my own my patients and my students writes Professor Ulanov From all of them a common voice emerged speaking about each woman s struggle to receive all of herself Each was trying to find and put together different parts of herself into a whole that was personal alive and real to her and to others I know that women want to be all of themselves and want to be their own selves not examples of types They want to work out their own individual combinations of what have been called the masculine and feminine parts of themselves This book focuses on that possibility on women receiving themselves all of themselves wisely and gladly

The Feminine in Jungian Psychology and in Christian Theology Ann Belford Ulanov, 1971 The Feminine in Jungian Psychology and in Christian Theology investigates the implications for Christian theology of Jung s special insights into the feminine In it Ann Belford Ulanov gathers together in one volume what Jung and Jungians have discovered about the feminine in order to explore what Jungian thought and methods may illuminate about the place of the feminine in Christian theology Jung focuses on the human person and sees as central its mixture of masculine and feminine elements In a time when so much is asserted and written about women in society their rights roles identities needs and contributions it is especially significant that Jung asserts the existence of the feminine as a key element not only in women but in men as well No less contested are the roles and identities of Christians Ulanov brings into focus the deep and fascinating connections between theology and psychology

Jung and Feminism Demaris S. Wehr, 2015-12-14 Jung in contrast to Freud has typically been considered more sympathetic to women largely because of his emphasis on the feminine as a way of being in the world and on the anima the unconscious feminine aspect of male personality Feminists however have viewed Jung s whole notion of the feminine with suspicion seeing it as a projection of male psyche and not an authentic understanding of female humanity For Demaris Wehr both feminism and Jungian psychology have been guiding forces and in this book originally published in 1988 she mediates between feminists and classical Jungians two groups historically at odds She faces squarely the male centred assumptions of some Jungian concepts and challenges Jung s claims for the universality and purely empirical basis of his work but nevertheless maintains an appreciation for the value of Jung s understanding of human nature and the process of individuation By bringing the insights of feminist theology to bear on the seemingly unbridgeable gap between analytical psychology and feminism she succeeds in reclaiming Jungian psychology as a freeing therapy for women and reveals it as the ultimately liberating vision its founder
