The Figure Of Arthur:

The Figure of Arthur Charles Williams, 1952 *The Figure of Arthur* Richard W. Barber, 1972 *Figure of Arthur* Richard W. Barber, 1991-03-01 *Arthurian Torso* Charles Williams, Clive Staples Lewis, 1948 **Historic Figures of the Arthurian Era** Frank D. Reno, 2015-07-11 The author has determined in an earlier McFarland book *The Historic King Arthur* 1996 paperback 2007 that there was not a historic King Arthur during the sixth century However as listed in *The Historia Brittonum* there was a great king of all the kings of Britain named Ambrosius Aurelianus who was conflated with a heroic Arthur of the second century and hence with the legendary King Arthur To further authenticate the Celtic Romano King Arthur that is Ambrosius the author here examines seven major historical figures of the period A D 383 500 based upon the Genealogical Preface of *The Anglo Saxon Chronicle* and the emendation of dates in that chronicle Those seven allies and adversaries are Vortigern Vortimer Vitalinus Cunedda Cerdic Octha and Mordred Through an extensive analysis of Arthur's 12 battles listed in the *Historia Brittonum* this work explores both the influences of the High King's allies and the shifting allegiances of his enemies A battle list provides possible geographic locations for each of the battles including a new site for Arthur's fateful battle at Camlann *King Arthur in Legend and History* Richard White, 1998 Presenting selections from medieval Latin Welsh English French and German literature Richard White traces the Arthurian legend from the earliest mentions of Arthur in Latin chronicles to Thomas Malory's *Le Morte d'Arthur* Many of these selections are translated here for the time into English Bringing together an extensive range of diverse material which reveals the development of the figure of Arthur this anthology enables the reader to understand how the Arthurian legend developed over a period of more than five hundred years *King Arthur in Legend and History* also includes a chronology of key Arthurian texts an appendix of the Arthurian Courts a list of sources suggestions for further reading and bibliography Also includes five maps **The Figure of Arthur from the Beginnings to 1485** Mary Carol Watters, 1969 **Arthurian Torso** C. L. Williams, 1969 **King Arthur's Wars** Jim Storr, 2016-06-20 The story of an era shrouded in mystery and the gradual changing of a nation's cultural identity We speak English today because the Anglo Saxons took over most of post Roman Britain How did that happen There is little evidence not much archaeology and even less written history There is however a huge amount of speculation *King Arthur's Wars* brings an entirely new approach to the subject the answers are out there in the British countryside waiting to be found Months of field work and map study allow us to understand for the first time how the Anglo Saxons conquered England county by county and decade by decade *King Arthur's Wars* exposes what the landscape and the place names tell us As a result we can now know far more about this Dark Age What is so special about Essex Why is Buckinghamshire an odd shape Why is the legend of King Arthur so special to us Why don't Cumbrian farmers use English numbers when they count sheep Why don't we know where Camelot was Why did the Romano British stop eating oysters This book provides a new level of understanding of the centuries preceding the Norman Conquest **Arthur's Kingdom of Adventure** Muriel

Whitaker, 1984 The setting of medieval Arthurian romance as typified by Malory's *Morte Darthur* plays an important part in the creation of the atmosphere of the stories and in intensifying the drama of the action Professor Whitaker looks at the Arthurian world which Malory inherited from his sources and to which he added his own details and examines its different aspects: castles and forests, kingdoms and empires, showing how these diverge from reality to meet the particular requirements of romance, how new political and temporal relationships are set up for the same reason and how it was shaped by the presence of the Otherworld in the Celtic stories from which many episodes were drawn.
