everyone who is interested in Texas writing a representative sampling of the breadth and vitality of the state's current literary production this volume features conversations with fifty of Texas's most notable established writers and emerging talents The writers included here work in a wide variety of genres novels short stories poetry plays screenplays essays nonfiction and magazine journalism In their conversations with interviewers from the Writers League of Texas and other authors organizations the writers speak of their apprenticeships literary influences working habits connections with their readers and the domestic and public events that have shaped their writing Accompanying the interviews are excerpts from the writers work as well as their photographs biographies and bibliographies Joe Holley's introductory essay an overview of Texas writing from Cabeza de Vaca's 1542 *Relaci n* to the work of today's generation of writers who are equally at home in Hollywood as in Texas provides the necessary context to appreciate such a diverse collection of literary voices A sampling from the book *This land has been my subject matter* One thing that distinguishes me from the true naturalist is that I've never been able to look at land without thinking of the people who've been on it It's fundamental to me John Graves Writing is a way to keep ourselves more in touch with everything we experience It seems the best gifts and thoughts are given to us when we pause take a deep breath look around see what's there and return to where we were revived Naomi Shihab Nye I've said this many times in print the novel is the middle age genre Very few people have written really good novels when they are young and few people have written really good novels when they are old You just tail off and lose a certain level of concentration Your imaginative energy begins to lag I feel like I'm repeating myself and most writers do repeat themselves Larry McMurtry I was a pretty poor cowhand I grew up on the Macaraw Ranch east of Crane Texas My father tried very hard to make a cowboy out of me but in my case it never seemed to work too well I had more of a literary bent I loved to read and very early on I began to write small stories short stories out of the things I liked to read Elmer Kelton

Library of Congress Magazine, 2012-11 **Unraveling Edward S. Curtis's *The North American Indian*** Herman Cohen Stuart, 2023-06-08 In the years 1900-1930 American photographer Edward S. Curtis realized his life's work the monumental twenty-volume book series *The North American Indian* 1907-1930 Over the years this work has been both praised and criticized In this comprehensive and innovative study Herman Cohen Stuart corrects a number of persistent misconceptions about the way Curtis for many the most image-defining and influential photographer of American Indians has represented the indigenous peoples of North America The author argues that Curtis was keenly aware of the major changes Native Americans faced in the early 20th century As is demonstrated by a thorough both quantitative and qualitative analysis of both Curtis's texts and photographic artwork Curtis was deeply conscious of the fact that by and even before the turn of the century Western influences had already made large inroads into Native American life This book provides a reappraisal of Curtis's position during this complicated and trying period for Native Americans
