The first guidebook to prisons and concentration camps of the Soviet Union Avraam Shifrin,1982 *The First Guidebook to Prisons and Concentration Camps of the Soviet Union* Avraam Shifrin,1982 **The first guidebook to prisons and concentration camps of the Soviet Union** Avraham Shifrin,1979 **Concentration Camps: A Very Short Introduction** Dan Stone,2019-03-28 Concentration camps are a relatively new invention a recurring feature of twentieth century warfare and one that is important to the modern global consciousness and identity Although the most famous concentration camps are those under the Nazis the use of concentration camps originated several decades before the Third Reich in the Philippines and in the Boer War and they have been used again in numerous locations not least during the genocides in Bosnia and Rwanda Over the course of the twentieth century they have become defining symbols of humankind s lowest point and basest acts In this Very Short Introduction Dan Stone gives a global history of concentration camps and shows that it is not only mad dictators who have set up camps but instead all varieties of states including liberal democracies that have made use of them Setting concentration camps against the longer history of incarceration he explains how the ability of the modern state to control populations led to the creation of this extreme institution Looking at their emergence and spread around the world Stone argues that concentration camps serve the purpose from the point of view of the state in crisis of removing a section of the population that is perceived to be threatening traitorous or diseased Drawing on contemporary accounts of camps as well as the philosophical literature surrounding them Stone considers the story camps tell us about the nature of the modern world as well as about specific regimes ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Military Intelligence* ,1985

Concentration Camps Dan Stone,2017-02-23 Concentration camps are a relatively new invention a recurring feature of twentieth century warfare and one that is important to the modern global consciousness and identity Although the most famous concentration camps are those under the Nazis the use of concentration camps originated several decades before the Third Reich in the Philippines and in the Boer War and they have been used again in numerous locations not least during the genocide in Bosnia They have become defining symbols of humankind s lowest point and basest acts In this book Dan Stone gives a global history of concentration camps and shows that it is not only mad dictators who have set up camps but instead all varieties of states including liberal democracies that have made use of them Setting concentration camps against the longer history of incarceration he explains how the ability of the modern state to control populations led to the creation of this extreme institution Looking at their emergence and spread around the world Stone argues that concentration camps serve the purpose from the point of view of the state in crisis of removing a section of the population that is perceived to be

threatening traitorous or diseased Drawing on contemporary accounts of camps as well as the philosophical literature surrounding them Stone considers the story camps tell us about the nature of the modern world as well as about specific regimes *Tchaikovsky 19, A Diplomatic Life Behind the Iron Curtain* Robert F. Ober, 2009 Readers will discover the failures of Kissinger's policy of detente in the early 1970s the mistaken departure from Carter's balanced policy toward China and the USSR and the near collapse of the embassy due to intelligence failures Foreign Service Journal Ober's book recounts it all along with the personalities and events of the time now mostly forgotten dissidents and refuseniks Victor and Jennifer Louis Nina and Ed Stevens U S Soviet summits microwaves bugged buildings and typewriters fires spy dust and spy mania It's all there the pageant of U S Embassy Moscow 1970-90 a place so unlike today's walled air conditioned high rise embassy fortress a block away as to beggar the imagination Richard Gilbert AmericanDiplomacy.org You have wonderfully captured the way things were in the Soviet Union in the 1970s and 80s I don't know anyone who has done it better Donald Connery former Time Life correspondent Moscow Together with much wisdom about American diplomacy this rich memoir provides keen insight into Russian thinking and behavior George Feifer *The Girl from Petrovka* **The Gods Left First** Andrew E. Barshay, 2013-08-16 At the time of Japan's surrender to Allied forces on August 15 1945 some six million Japanese were left stranded across the vast expanse of a vanquished Asian empire Half civilian and half military they faced the prospect of returning somehow to a Japan that lay prostrate its cities destroyed after years of warfare and Allied bombing campaigns Among them were more than 600 000 soldiers of Japan's army in Manchuria who had surrendered to the Red Army only to be transported to Soviet labor camps mainly in Siberia Held for between two and four years and some far longer amid forced labor and reeducation campaigns they waited for return never knowing when or if it would come Drawing on a wide range of memoirs art poetry and contemporary records *The Gods Left First* reconstructs their experience of captivity return and encounter with a postwar Japan that now seemed as alien as it had once been familiar In a broader sense this study is a meditation on the meaning of survival for Japan's continental repatriates showing that their memories of involvement in Japan's imperial project were both a burden and the basis for a new way of life *The Life and Fate of Vasily Grossman* John Garrard, Carol Garrard, 2012-10-24 A definitive treatment of one of the Soviet Union's most significant writers *The Russian Review* Vasily Grossman 1905-64 one of the greatest authors of the twentieth century served for over 1 000 days with the Red Army as a war correspondent on the Eastern front He was present during the street fighting at Stalingrad and his 1944 report *The Hell of Treblinka* was the first eyewitness account of a Nazi death camp Though he finished the war as a decorated lieutenant colonel his epic account of the battle of Stalingrad *Life and Fate* was suppressed by Soviet authorities and never published in his lifetime Declared a non person Grossman died in obscurity Only in 1980 with the posthumous publication in Switzerland of *Life and Fate* was his remarkable novel to gain an international reputation This meticulously researched biography by John and Carol Garrard uses archival and unpublished sources that only became available after the

collapse of the Soviet Union A gripping narrative Fascinating gives the reader a very clear insight into the horrors of the War on the Eastern Front For anyone interested either in WWII or Soviet Communism this book is a must R J Dick Lloyd author of Three Glorious Years Grossman is a sufficiently important Soviet cultural figure to deserve a biography and through his the Garrards say a good deal about cultural politics internal repression and antisemitism in the Soviet Union Foreign Affairs
