The Flashes Collection From The Risalei Nur Collection 3:

The Flashes Collection Said Nursi, 1995 **From the Risale-i Nur Collection: The words** Said Nursi, 1992 **The Companion to Said Nursi Studies** Ian S. Markham, Zeyneb Sayilgan, 2017-08-24 Contemporary Islamic theology remains a neglected area in studies on Islam This work is dedicated to the thought and ideas of Said Nursi 1876 1960 one of the most prominent Muslim theologians of the twentieth century Nursi inspired a faith movement the Nur community that originated in Turkey It continues to play a key role in the revival of Islam and now numbers several millions of followers worldwide His legacy and impact deserve therefore to be examined more closely This volume is the most substantial overview in English of the inspiration of Said Nursi and his masterpiece the Risale i Nur In the beginning the essays provide the reader with Nursi s historical context and biography Then Nursi s theological views his understanding of society and ideas on politics are placed under the spotlight Over the last twenty years more and more comparative religion specialists in the West have become acquainted with Said Nursi Nursi studies is now an established discipline and this volume is a celebration of that reality As it reveals Muslims and Christians are grappling with the wisdom of this remarkable rich thinker *The Secret behind our trials --*, **Spiritual Dimensions of Bediuzzaman Said Nursi's Risale-I Nur** Ibrahim M. Abu-Rabi?, 2008-07-24 The Nur community is one of the most significant religious and social movements in contemporary Turkey with millions of adherents and a strong institutional and educational system throughout the country This volume presents a picture of its spiritual dimensions by focusing on the ideas of its founder Turkish theologian Bediuzzaman Said Nursi 1877 1960 Prominent scholars in contemporary Islamic studies and comparative spirituality examine the various facets of Nursi s spirituality as revealed in his magnum opus Risale i Nur which began to take shape in the 1920s and is considered Nursi s deep reflection on the Qur an in light of rapidly changing conditions in Turkey Nursi argued that Islam must be organically linked to empire in order to preserve its identity in the modern era fostering a spiritual tradition that has steadfastly survived the secular project of Kemalism Book jacket Theodicy and Justice in Modern Islamic Thought Mr Ibrahim M Abu-Rabi, 2013-06-28 This book explores the theology and philosophy of the distinguished modern Muslim scholar and theologian Bediuzzaman Said Nursi d 1960 Nursi wrote in both Ottoman Turkish and Arabic and his life and thought reflected the transition of modern Turkey from an empire to a secular republic The contributors to this volume shed new light on two major dimensions of Nursi s thought theodicy and justice Classical Muslim theologians debated these two important issues however we must consider the modern debate of these issues in the context of the radical political and social transformations of modern Turkey Nursi explored these matters as they related to the development of state and society and the crisis of Islam in the modern secular nation state Nursi is the founder of a faith movement in contemporary Turkey with millions of followers worldwide In this book distinguished scholars in Islamic Middle Eastern and Turkish Studies explore Nursi s thought on theodicy and justice in comparison with a number of western philosophers theologians and men of letters such as Dante Merton Kant and Moltman

This book presents an invaluable resource for studies in comparative religion philosophy and Islamic and Middle Eastern Studies Globalization, Ethics and Islam Ibrahim Ozdemir, 2017-03-02 Said Nursi 1877 1960 was an advocate of a form of Islam strongly committed to non violence and constructive engagement with the West and Christianity He has six million followers the Nursi community primarily in Turkey Yet many in the USA and Europe are not familiar with his important work this book seeks to rectify that gap In Globalization Ethics and Islam Jewish Christian and Islamic scholars reflect upon the achievement of Said Nursi and apply his thought to the complex issues of non violence dialogue and globalization Sharing Lights on the Way to God Pim Valkenberg, 2006 This book seeks to give form to a theology that hyphenates two traditions that have not only been in constant conflict during most of their historical encounters but are also presented as opposite blocks in the threatening clash of civilizations at the beginning of the third millennium Islam and Christianity Based on experiences of dialogue between the three Abrahamic faiths this book analyzes historical and contemporary processes of interreligious dialogue between Christians and Muslims in order to arrive at a concept of dialogue as mutual emulation It shows how in their theologies of religious others Judaism Christianity and Islam have based their images of others on their self images This characteristic makes traditional theologies of religion quite unsuitable for interreligious dialogue Consequently the author of this book develops a model in which comparative theology and interreligious dialogue are connected by studying as a Christian theologian the theological and spiritual sources of his Muslim partners These exercises in comparative Muslim Christian theology comprise both the medieval Aquinas al Ghazali Rumi and the modern periods Said Nursi Fethullah Gulen Tariq Ramadan An interlude on Teresa of Avila s poem Nada te turbe shows how Christians may recover important insights from their own tradition by reading these Muslim theological and spiritual sources **BOOK JACKET**

God, Man, and Mortality Hasan Horkuc, 2015-04-07 God Man Mortality is a collection of essays written both by seasoned and by up and coming scholars working the field known as Nursi studies The aim of these essays is to hold a mirror up to Nursi s teachings on a number of issues just as Nursi held a mirror up to the teachings of the Qur an The scope is broad covering subjects such as Divine immanence and transcendence human spirituality and man s role as Divine vicegerent Divine determining and free will and human conscience as evidence of the existence of God The topics presented by the authors are unashamedly theocentric in nature discussions on politics and legal theory are conspicuous by their absence We benefit from the depth of awareness that the contributors clearly have of Nursi s teachings and his place in the Muslim academe as well as from their lucid expository styles and strong authorial voices **Sociological Theory Beyond the Canon** Syed Farid Alatas, Vineeta Sinha, 2017-05-27 This book expands the sociological canon by introducing non Western and female voices and subjects the existing canon itself to critique Including chapters on both the founding fathers of sociology and neglected thinkers it highlights the biases of Eurocentrism and androcentrism while also offering much needed correctives to them The authors challenge a dominant account of the development of sociological theory which would have us

believe that it was only Western European and later North American white males in the nineteenth and early twentieth century who thought in a creative and systematic manner about the origins and nature of the emerging modernity of their time. This integrated and contextualised account seeks to restructure the ways in which we theorise the emergence of the classical sociological canon. This book's global scope fills a significant lacuna and provides a unique teaching resource to students of classical sociological theory.
