The Fax Of Life A Molly Masters Mystery:

Ruff Way to Go Leslie O'Kane, 2000-02 DOG THERAPIST ALLIE BABCOCK IS BACK AND SHE HAS A BONE TO PICK WITH A KILLER Allie's dog therapy practice is booming Her divorcing neighbors Edith and Travor have hired her to choose which one should have custody of Shogun their silky terrier Another neighborhood pair Cassandra and Paul need help with a fostered Siberian husky and her pups Everything's great until Allie finds Cassandra's bludgeoned body on Edith's deck with a bloody pawprint beside it and Shogun long gone Who murdered Cassandra Where's Shogun What makes the old couple down the block so hostile Hounded by the police and in the doghouse with just about everybody else sleuthhound Allie cuts to the chase and unleashes a close encounter with a cold hearted killer

When the Fax Lady Sings Leslie O'Kane, 2001 Dress rehearsal for the PTA fundraiser is at its chaotic peak when one of the seven identical clowns cavorting on stage pulls out a gun and shoots the director Corrinne Buldock Molly Masters also dressed as a clown is a stunned and baffled witness to the killing She wonders which of her fellow performers all of them respectable parents and teachers can conceivably be a murderer The rumor is that Corrinne and her old boyfriend split up and that she had just confessed to a sexual involvement with a student Soon Molly knows more dirty little school secrets than she would care to and more than enough to send a desperate killer back into action

Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008
