Edward Griffin, 1964 **The Fearful Master** Anatoli Granovsky, G. Edward Griffin, 1962 *The United Nations* Geoff Simons, 2016-07-27 This book describes the roots birth and evolution of the UN with particular attention to the precursor League of Nations The main conflicts that have involved the UN through its first half century are analysed in the context of the Cold War and the New World Order Emphasis is given to the impact of the US as principal founder member and main post WW2 hegemonic power always keen to use the UN to further American strategic and economic interests UN Malaise Geoff Simons, 2016-07-27 As the United Nations moves into its second half century the international organization is beset by problems It is increasingly suborned or ignored by the USA pursuing its own global objectives The UN is inadequately resourced and faces many other barriers erected by Washington and other powerful states UN personnel are frequently accused of mismanagement corruption and even the abuse of human rights There is also the problem of how the UN should develop to best serve the real world community not what the West usually means by the international community Finally the other UN the IMF the World Bank GATT etc often working against the best spirit of the UN should be considered These problems are explored leading to a 50 point reform agenda for the UN *The Principles of Constitutional Government* Warren L. McFerran, 1817 *Political Sovereignty: The Supreme Authority in the United States* , **Power Geopolitics in the Pacific Age** C. D. Bay-Hansen, 2011 *Power Geopolitics in the Pacific Age* East Asia the United Nations the United States and Micronesia at the Edge of the 21st Century 1991 2001 is not only a historical review of the Pacific Rim and Pacific Islands throughout the 1990s but also a prognostication of the entire area for the coming century
