

Prose Poems

○ Form in a Free Verse Poem

A line is a unit of thought or feeling.

It can be long. (a long or slow thought or feeling)

It can be short. (a quick, choppy idea or feeling)

A line can be one word if you want that word to stand out.

The position of a word in a line makes a difference.

The reader notices the last word in a line, so if you break a line after a word, that word is stressed.

The first word in a line is also in a strong position.

If you want the reader to really notice a word, put it alone on a line.

The Feast Prose Poem Sequences

Jonathan Post

The Feast Prose Poem Sequences:

The Feast Walter Bergen, 2004 Poetry Writer Debra Di Blasi calls *The Feast* a work of subversive genius particularly relevant to today's political and cultural climate Bergen calls this latest work a prose poem sequence meaning a collection that has the energy rhythm and imagery of poetry while also having the narrative thread and characters of a novella even if the narrative is held together by a tenuous thread such as a repeating image In *THE FEAST* the retelling of the biblical Jonah swallowed by a great fish becomes the book's underlying organizing principle

Latin Literatures of Medieval and Early Modern Times in Europe and Beyond Francesco Stella, Lucie Doležalová, Danuta Shanzer, 2024-07-15 The textual heritage of Medieval Latin is one of the greatest reservoirs of human culture Repertories list more than 16 000 authors from about 20 modern countries Until now there has been no introduction to this world in its full geographical extension Forty contributors fill this gap by adopting a new perspective making available to specialists but also to the interested public new materials and insights The project presents an overview of Medieval and post medieval Latin Literatures as a global phenomenon including both Europe and extra European regions It serves as an introduction to medieval Latin's complex and multi layered culture whose attraction has been underestimated until now Traditional overviews mostly flatten specificities yet in many countries medieval Latin literature is still studied with reference to the local history Thus the first section presents 20 regional surveys including chapters on authors and works of Latin Literature in Eastern Central and Northern Europe Africa the Middle East Asia and the Americas Subsequent chapters highlight shared patterns of circulation adaptation and exchange and underline the appeal of medieval intermediality as evidenced in manuscripts maps scientific treatises and iconotexts and its performativity in narrations theatre sermons and music The last section deals with literary interfaces that is motifs or characters that exemplify the double sided or the long term transformations of medieval Latin mythologemes in vernacular culture both early modern and modern such as the legends about King Arthur Faust and Hamlet

The Oxford Handbook of Shakespeare's Poetry Jonathan Post, 2013-07-18 The Oxford Handbook of Shakespeare's Poetry contains thirty eight original essays written by leading Shakespeareans around the world Collectively these essays seek to return readers to a revived understanding of Shakespeare's verbal artistry in both the poems and the drama The volume understands poetry to be not just a formal category designating a particular literary genre but to be inclusive of the dramatic verse as well and of Shakespeare's influence as a poet on later generations of writers in English and beyond Focusing on a broad set of interpretive concerns the volume tackles general matters of Shakespeare's style earlier and later questions of influence from classical continental and native sources the importance of words line and rhyme to meaning the significance of songs and ballads in the drama the place of gender in the verse including the relationship of Shakespeare's poetry to the visual arts the different values attached to speaking Shakespeare in the theatre and the adaptation of Shakespearean verse as distinct from performance into other periods and languages The largest section with ten essays is devoted to the poems themselves the

Sonnets plus A Lover's Complaint the narrative poems Venus and Adonis and The Rape of Lucrece and The Phoenix and the Turtle If the volume as a whole urges a renewed involvement in the complex matter of Shakespeare's poetry it does so as the individual essays testify by way of responding to critical trends and discoveries made during the last three decades

Poetry East, 2005 The liturgy in Rome. By M.A.R. Tucker. Feasts and functions of the church. The ceremonies of Holy week Mildred Anna Rosalie Tucker, Hope Malleon, 1900 Poetry of Contemplation Arthur L. Clements, 1990-01-01 This is the first systematic and thorough study of mysticism or contemplation in these three seventeenth century poets and in three modern writers It not only clarifies the very confused issue of mysticism in seventeenth century poetry but also connects seventeenth century poets with modern literature and science through the contemplative tradition from the Bible and Plato and Church fathers and important mystics of the Middle Ages through Renaissance and modern contemplatives The transformative and redemptive power of contemplative poetry or holy writing regardless of genre or discipline is prominent throughout the book and the relevance indeed the vital necessity of such poetry and of the living contemplative tradition to our apocalyptic modern world is discussed in the last chapter In this chapter attention is given to modern science especially to the new physics and to philosophical and mystical writings of eminent scientists **The Poetics of Commemoration**

Erin Michelle Goeres, 2015 The Poetics of Commemoration is a study of commemorative skaldic verse from the Viking Age It investigates how skaldic poets responded to the deaths of kings and the ways in which poetic commemoration functioned within the social and political communities of the early medieval court Beginning with the early genealogical poem Ynglingatal the book explores how the commemoration of a king's ancestors could be used to consolidate his political position and to provide a shared history for the community It then examines the presentation of dead kings in the poems Eiríksmál and Hákonarmál showing how poets could recast their kings as characters of myth and legend in the afterlife This is followed by an analysis of verse in which poets use their commemoration of one king to reinforce their relationship with his successor it is shown that poetry could both help and hinder the integration of the poet into the retinue of a new king Focusing then on the memorial poems composed for Kings Ólafur Tryggvason and Ólafur Haraldsson as well as for the Jarls of the Orkney Islands the book considers the tension between public and private expressions of grief It explores the strategies used by poets to negotiate the tumultuous period that followed the death of a king and to work through their own emotional responses to that loss The book demonstrates that skaldic poets engaged with the deaths of rulers in a wide variety of ways and that poetic commemoration was a particularly effective means not only of constructing a collective memory of the dead man but also of consolidating the new social identity of the community he left behind **The Literary Afterlives of**

Simone Weil Cynthia R. Wallace, 2024-04-23 Finalist 2025 Scholarly Writing Award Saskatchewan Book Awards The French philosopher mystic activist Simone Weil 1909-1943 has drawn both passionate admiration and scornful dismissal since her early death and the posthumous publication of her writings She has also provoked an extraordinary range of literary writing

focused on not only her ideas but also her person novels nonfiction and especially poetry Given the challenges of Weil s ethic of self emptying attention what accounts for her appeal especially among women writers This book tells the story of some of Weil s most dedicated and at points surprising literary conversation partners exploring why writers with varied political and religious commitments have found her thought and life so resonant Cynthia R Wallace considers authors who have devoted decades of attention to Weil such as Adrienne Rich Annie Dillard and Mary Gordon and who have written poetic sequences or book length verse biographies of Weil including Maggie Helwig Stephanie Strickland Kate Daniels Sarah Klassen Anne Carson and Lorri Neilsen Glenn She illuminates how writing to of and in the tradition of Weil has helped these writers grapple with the linked harms and possibilities of religious belief self giving attention and the kind of moral seriousness required by the ethical and political crises of late modernity The first book to trace Weil s influence on Anglophone literature The Literary Afterlives of Simone Weil provides new ways to understand Weil s legacy and why her provocative wisdom continues to challenge and inspire writers and readers The Princeton Encyclopedia of Poetry and Poetics Roland Greene,Stephen Cushman,Clare Cavanagh,Jahan Ramazani,Paul Rouzer,Harris Feinsod,David Marno,Alexandra Slessarev,2012-08-26 Rev ed of The Princeton encyclopedia of poetry and poetics Alex Preminger and T V F Brogan co editors Frank J Warnke O B Hardison Jr and Earl Miner associate editors 1993 **Seeds in the Heart** ,1999 Donald Keene a noted authority in the field offers a guide through the first 900 years of Japanese literature This period not only defined the unique properties of Japanese prose and prosody but also produced some of its greatest works
