The Federal Vision:

The Federal Vision and Covenant Theology Guy Prentiss Waters, 2006 A comparative and critical study of Federal Vision contrasted with traditional covenant theology **Calvin and the Federal Vision** Jeong Koo Jeon, 2009-06-12 John Calvin 1509-64 was the pinnacle of the sixteenth century Protestant Reformation in Europe As we celebrate the five hundred year anniversary of his birth it is worthy to explore Calvin's covenant theology which may be one of the best windows to understand and evaluate his theology as a whole In recent years the Federal Vision has been surfaced in the American conservative Reformed and evangelical circles It has strong hermeneutical theological and practical attachment with Calvin Although Calvin was a covenant theologian he firmly maintained the evangelical distinction between law and gospel especially in his exposition of justification by faith alone sola fide and salvation by grace alone sola gratia with a balanced emphasis of believers' covenantal obedience Moreover we will find out that Calvin not only applied the distinction between law and gospel to soteriology but also in the depiction of redemptive history In Calvin the distinction between law and gospel was foundational for the depiction of biblical vision of eschatology in the Garden of Eden before the Fall and under the Old Covenant However the exponents of the Federal Vision deny any validity of the distinction between law and gospel in hermeneutics theology and practice while they identify themselves with those of Calvin In that sense we may identify the Federal Vision not with the Protestant Reformation and Calvin but as consistent monocovenantalism in which they deny the distinction between law and gospel and apply that monocovenantal principle consistently to their understandings of hermeneutics soteriology the doctrine of double predestination and sacramental theology [The Federal Vision](#) ,2002

The Federal Vision Kalypso Nicolaidis, Robert Howse, 2001-11-01 The Federal Vision is about the complex and changing relationship between levels of governance within the United States and the European Union Based on a transatlantic dialogue between scholars concerned about modes of governance on both sides it is a collective attempt at analysing the ramifications of the legitimacy crisis in our multi-layered democracies and possible remedies Starting from a focus on the current policy debate over devolution and subsidiarity the book engages the reader in to the broader tension of comparative federalism Its authors believe that in spite of the fundamental differences between them both the EU and the US are in the process of re-defining a federal vision for the 21st century This book represents an important new contribution to the study of Federalism and European integration which seeks to bridge the divide between the two It also bridges the traditional divide between technical legal or regulatory discussions of federal governance and philosophical debates over questions of belonging and multiple identities It is a multi-disciplinary project bringing together historians political scientists and theorists legal scholars sociologists and political economists It includes both innovative analysis and prescriptions on how to reshape the federal contract in the US and the EU It includes introductions to the history of federalism in the US and the EU the current debates over devolution and subsidiarity the legal framework of federalism and theories of regulatory

federalism as well as innovative approaches to the application of network analysis principal agent models institutionalist analysis and political theories of citizenship to the federal context The introduction and conclusion by the editors draws out cross cutting themes and lessons from the thinking together of the EU and US experiences and suggest how a federal vision could be freed from the hierarchical paradigm of the federal state and articulated around concepts of mutual tolerance and empowerment

The Federal Vision Peter J. Leithart, 2004 The Federal Vision communicates the importance of applying a more robust Covenant theology to our study of the relationship between obedience and faith and to the role of the Church and Sacraments in our salvation

Historic Christianity and the Federal Vision Dewey Roberts, 2016-02-28 A comprehensive study of the origin and the teaching of the Federal Vision along with a critique of its weaknesses in light of the historic Christian Faith

Federal Vision David Engelsma, 2012 The contemporary heresy of the federal vision is wreaking havoc on the Reformed and Presbyterian churches in North America The author exposes the ugly root of the heresy a conditional covenant and sets forth the truth of the unconditional covenant proclaiming the Reformation's gospel of salvation by grace alone

The Baptized Body Peter J. Leithart, 2007 What does baptism do to the baptized Nothing Something In this study Peter Leithart examines this single question of baptismal efficacy He challenges several common but false assumptions about God man the church salvation and more that confuse discussions about baptism He aims to offer a careful and simple discussion of all the central biblical texts that speak to us about baptism the nature of signs and rites the character of the church as the body of Christ and the possibility of apostasy In the end the author urges us to face up to the wonderful conclusion that Scripture attributes an astonishing power to the initiation rite of baptism

The Auburn Avenue Theology, Pros and Cons E. Calvin Beisner, 2004-02 The Knox Theological Seminary Colloquium on the Federal Vision Have you noticed people nearly paralyzed in their Christian lives because they try as they might they get no assurance of their salvation Or at the opposite extreme are you troubled by the rampant antinomianism in contemporary Christianity Prominent Christian Leaders present ideas about covenant theology the objectivity of the covenant the sacraments and the relationship of faith and obedience that they believe will address both errors afflicting the presumptuous and comforting the afflicted Back cover
