it and the emotion you convey with your words If you want to be a better salesperson that sell like titans you need to know how to connect emotionally with your customer To be able to connect emotionally with your customers is not something that happens overnight You need to develop emotional intelligence over time through learning experiences This book will help you understand how you can use your emotions to pitch anything connect emotionally with your customers and improve your sales like a ninja marketer In today s world we need to understand human emotions We need to amp it up to connect emotionally with our customers prospects employees and other people And that means tapping into our feelings and understanding their needs If you want to make your company the most profitable it can be you need to understand the way your customers think and feel about your brand You need to know their hopes and dreams and what they re looking for and then figure out how to deliver on those expectations in ways that will inspire them to buy more of your product or service So often I ve seen that people have very good business ideas but when they talk to potential customers about it they seem to be very disconnected from their customer s emotions If you re not taking the time to listen to what your customers are telling you about their pain points and their needs you re missing out on one of the biggest opportunities to increase your sales customer retention and customer loyalty But to do that you need to know what emotions are going on inside your customers Emotional intelligence the ability to identify manage and communicate the emotions of your customers employees and stakeholders is what differentiates great organizations from average ones Emotional Intelligence is the Key to Unlocking the Power of Positive Customer Experience In fact the best companies are actually measuring their customers emotional state and are using that information to make more informed decisions about their products and services Learn how to use emotional intelligence to increase sales customer loyalty and retention and how to make the best impression on customers This book will change the way you think about marketing like a ninja Click The Buy Button Now **All the Feelings of**
