The Field:

The Field Cheryl Herr, 2002 This study is based on John B Keane s popular play The Field The Field is based on a boundary dispute and murder in County Kerry inspired by Jim Sheridan **Influence of a Sector Ground Screen on the Field of a Vertical Antenna** James R. Wait, Lillie C. Walters, 1963 Federal Grants for Training of Personnel for Work in the Field of Child Welfare United States. Children's Bureau, 1968 *Supporting the field recruiter*, 1987 **Development of the Field Artillery Observation (target Acquisition) Battalions** Arthur R. Hercz, 1972 Examines the evolution of range finding and target acquisition and the development of Field Artillery Observation Battalions within the U S Army Fields and Streams Rebecca Lave, 2012-11-01 Examining the science of stream restoration Rebecca Lave argues that the neoliberal emphasis on the privatization and commercialization of knowledge has fundamentally changed the way that science is funded organized and viewed in the United States Stream restoration science and practice is in a startling state The most widely respected expert in the field Dave Rosgen is a private consultant with relatively little formal scientific training Since the mid 1990s many academic and federal agency based scientists have denounced Rosgen as a charlatan and a hack Despite this Rosgen s Natural Channel Design approach classification system and short course series are not only accepted but are viewed as more legitimate than academically produced knowledge and training Rosgen s methods are now promoted by federal agencies including the Environmental Protection Agency the U S Forest Service the U S Fish and Wildlife Service and the Natural Resources Conservation Service as well as by resource agencies in dozens of states Drawing on the work of Pierre Bourdieu Lave demonstrates that the primary cause of Rosgen s success is neither the method nor the man but is instead the assignment of a new legitimacy to scientific claims developed outside the academy concurrent with academic scientists decreasing ability to defend their turf What is at stake in the Rosgen wars argues Lave is not just the ecological health of our rivers and streams but the very future of environmental science *In the Field, Among the Feathered* Thomas R. Dunlap, 2011-12-14 Thomas Dunlap shows how bird guides have changed with science and popular interest and how birding s twin activities conservation and recreation have over the last 120 years shaped our understanding of nature and supported its preservation as part of the nation and our lives Women of the Fields Karen Sayer, 1995 Item describes the work that women did in agriculture as seen in the parliamentary reports of 1843 1967 sic 1867 and the 1890s and the meanings given to that work in the local and national press farming advice books autobiographies and the art and literature of the period back cover **Official Gazette of the United States Patent Office** United States.
