The Fifteen Weeks:

The Fifteen Weeks (February 21-June 5, 1947) Joseph Marion Jones,1955 *The Fifteen Weeks (February 21 - June 5, 1947)* Joseph M. Jones,2018-12-01 A DRAMATIC AND REVEALING ACCOUNT FROM INSIDE THE GOVERNMENT OF THE MOMENTOUS DAYS IN WHICH AMERICA ASSUMED THE RESPONSIBILITY OF WORLD LEADERSHIP First published in 1955 Joseph M Jones memoirs The Fifteen Weeks chronicle his role in the development of the Truman Doctrine and the Marshall Plan The fifteen weeks which form the title and subject of this book comprise the period in 1947 when the United States stepped out irrevocably and wholeheartedly as leader upon the world stage The greatness of a nation like the greatness of an individual is in the last analysis a mystery We do not know why at one time immense exertions and far reaching vision are more prevalent than at others Yet to look within to account for the obvious factors in the situation is highly useful That function is performed in a book which for readability and for responsible narration would be hard to surpass August Heckscher in the New York Herald Tribune *The Fifteen Weeks (February 21-June 5, 1947)* Ed Joseph Marion Jones Joseph Marion Jones,1955 **After Dobbs** David S. Cohen,Carole Joffe,2025-03-25 How hard working individuals have kept abortion afloat in the wake of Roe v Wade s destruction and the continued help needed if we want to sustain it When the Supreme Court overturned Roe v Wade in June 2022 many feared it meant the end of abortion access in the United States Yet the courageous work of people on the ground has allowed abortion to survive post Dobbs in ways that no one predicted In After Dobbs law professor David S Cohen and sociologist Carole Joffe interview 24 people across all different fields in abortion and in different state political environments to uncover how the abortion providing community and its allies prepared for and then responded to this momentous event Taking place across three intervals throughout 2022 pre Dobbs in early 2022 right after Dobbs and then six months later these interviews showcase how nimble thinking on the part of providers growth and new delivery models of abortion pills and the never ending work of those who help with abortion travel and funding have ensured most people who want them are still getting abortions even without Roe But as much as this is cause for celebration the work required to make abortion possible is difficult and costly in time money and emotion There may soon come a time when the overturning of Roe means a much more severe decline in the number of people able to obtain the abortions they seek But because of the work of the people in this book and those like them even though Roe is dead abortion is not yet *Acheson* James Chace,2008-06-30 The highly acclaimed biography of one of the most important and controversial Secretaries of State of the twentieth century this is an intimate portrait of the quintessential man of action who was vilified by the McCarthyites for being soft on communism yet set in place the strategies and policies that won the Cold War and brought down the USSR This is the authoritative biography of Dean Acheson the most important and controversial secretary of state of the twentieth century Drawing on Acheson family diaries and letters as well as revelations from Russian and Chinese archives historian James Chace traces Acheson s remarkable life from his days as a schoolboy at

Roll,2024-04-23 One of Foreign Affairs s Best Books of 2024 From Franklin Roosevelt s final days through Harry Truman s extraordinary transformation this is the enthralling story behind the most consequential presidential transition in US history When Roosevelt in failing health decided to run for a fourth term he gave in to the big city Democratic bosses and reluctantly picked Senator Truman as his vice president a man he barely knew Upon FDR s death in April 1945 Truman after only 82 days as VP was thrust into the presidency Utterly unprepared he faced the collapse of Germany a Europe in ruins the organization of the UN a summit with Stalin and Churchill and the question of whether atomic bombs would be ready for use against Japan Meanwhile the Soviet Union was growing increasingly hostile towards US power Truman inherited FDR s hope that peace could be maintained through cooperation with the Soviets but he would soon learn that imitating his predecessor would lead only to missteps and controversy Spanning the years of transition 1944 to 1948 Ascent to Power illuminates Truman s struggles to emerge as president in his own right Yet from a relatively unknown Missouri senator to the most powerful man on Earth Truman s legacy transcends With his come from behind campaign in the fall of 1948 his courageous civil rights advocacy and his role in liberating millions from militarist governments and brutal occupations Truman s decisions during these pivotal years changed the course of the world in ways so significant we live with them today **The Washington Book** Carlos Lozada,2024-02-27 As a long time book critic and columnist in Washington Carlos Lozada dissects

all manner of texts commission reports political reporting Supreme Court decisions and congressional inquiries to understand the controversies animating life in the capital He also reads copious books by politicians and top officials tell all accounts by administration insiders campaign biographies by candidates longing for high office revisionist memoirs by those leaving those offices behind With this provocative essay collection Lozada argues that no matter how carefully political figures sanitize their experiences positions and records no matter how diligently they present themselves in the best and safest and most electable light they almost always let slip the truth *Life Association News* ,1929
