THE FIX

WE'RE THE PROBLEM. SHE'S THE SOLUTION.

The Fix

Jamie Panagos, Albert Statti

The Fix:

The Fix Declan Hill,2010-04-13 The Fix is the most explosive story of sports corruption in a generation Intriguing riveting and compelling it tells the story of an investigative journalist who sets out to examine the world of match fixing in professional soccer From the Introduction Understand how gambling fixers work to corrupt a soccer game and you will understand how they move into a basketball league a cricket tournament or a tennis match all places by the way that criminal fixers have moved into My views on soccer have changed I still love the Saturday morning game between amateurs the camaraderie and the fresh smell of grass But the professional game leaves me cold I hope you will understand why after reading the book I think you may never look at sport in the same way again

The Fix J. N. Sadler,2013-03-15 Synopsis The world was broke Times were hard The future was narrowing darkly Janie Girard lived alone in her world like others who had become single and frightened The fact that the now impoverished government was posturing for an out and out war between all peoples was evident She was a young widow who lived with Captain Johnny her Cockatoo and her tenant Everett Abraham They shared her run down Victorian house in a once beautiful affluent neighborhood full of foreclosed empty houses On a bus Janie discovered that she had a twin Dee Mackey her other lived with her husband Tate a disabled veteran who was being treated by Dr Frank Laramy a court psychiatrist that dealt with the hopeless and criminally insane He told Tate that he was working on a remedy to cure his ills He also would replace the eye he had lost in the war by using a serum made from various DNA particles found in human plant and animal cells He promised him a new life where nothing would harm him and success in whatever endeavor he chose would be possible with his Mega Mix Laramy was a lunatic himself and an impassioned amateur geneticist He mixed cell fragments of random life forms to make myriad one of a kind beings He had no idea what an unstoppable fix he was creating When his things got out of control his mission became evil he morphed into one of his own creations regretting giving being born the first time
